# MESSAGE FROM THE Shire President

## PRESIDENT'S REPORT JUNE 2023

On a trip to Perth on Wednesday 7 June the ACEO visited the offices of Beilby, Downing, Teal and met with the Consultant who will be assisting Council with the CEO recruitment where we discussed the process prior to engaging with the Committee.

The ACEO and I went to the Battye Library in Perth to speak to the Staff and seek information on Niagara Dam and reserve. Of particular interest was a discussion with Dr Michael O'Connor, Digital Programs Officer, State Records Office of WA, with an overview of how to approach research on a particular subject.

On Monday 12 June, along with Crs Warner, Dwyer and the ACEO we flew from Kalgoorlie via Perth and Sydney to Canberra to attend the Australian Local Government Association National General Assembly that was held at the National Convention Centre. Crs Sudhir and I Baird arrived from Melbourne later that night.

At the opening Ceremony, the Federal Minister Catherine King, Minister for Infrastructure, Transport, Regional Development and Local Government spoke on those topics in her portfolio. Following the ALGA President, Linda Scott's address, the Guest Speaker was announced, His Excellency Vasyl Myroshnychenko, Ambassador of Ukraine who had returned to Australia from spending the last month in Ukraine. He expressed great gratitude on behalf of the people and Government of Ukraine in the support, both aid and humanitarian by the Australian Community and Federal Government in the ongoing conflict. His talk was very well received by those in attendance. An address was then delivered by the Honourable Peter Dutton MP, Leader of the Opposition.

Councillors viewed the exhibition and display and then did a field trip on the Light Rail System from the main station to the end and return to the station near the Hotel where we all resided. At 5pm we attended Rick Wilson MLA Office in Parliament House for refreshments, along with other Local Governments in Rick's electorate of O'Connor, attending the National General Assembly.

Councillors and the ACEO attended a Buffet Dinner, with entertainment and Trivia Quiz, back at the Convention Centre in the evening.

Thursday morning Councillors heard from a panel, a conversation about The Voice, four people speaking for The Voice. Courtesy of Rick Wilson MLA limited tickets for the public gallery for question time in Parliament were utilised by Councillors for attendance at 2pm.

All Councillors and the ACEO attended a free dinner in the Great Hall at Parliament House that evening at which the Prime Minister, Anthony Albanese and Minister for Indigenous Australians, Linda Burney, were announced as Special Guests. Both guests spoke at length about supporting The Voice in the upcoming referendum later in the year.

All Councillors and the ACEO flew out of Canberra on Friday (at various times) to Melbourne, Perth and arriving in Kalgoorlie. ACEO remained in Perth until Monday.

I attended the Briefing Session on Thursday 22 June via video conference.

# MESSAGE FROM THE CEO

## Conference Attendance in Canberra a Success

Councillors G Dwyer, J Dyer, S Sudhir, I Baird and P Warner, along with the Acting CEO attended an Australian Local Government Association congress in Canberra from 12 to 16 June.

The Annual Congress brings local government representatives from the whole of Australia to discuss issues of national importance to local government. Over 1,000 delegates attended to hear various Federal Ministers (including the Prime Minister) give presentations.

One of the main (and consistent) messages was that the Federal Government saw local government as a 'trusted partner' for the delivery of services. This is a positive message as it is a good indicator that grant funding will continue to be forthcoming to local government.

Another consistent message was that the financial sustainability for local government was the biggest issue that kept local government elected representatives and CEOs awake at night. Although the Shire of Menzies isn't threatened by financial sustainability, councillors are nevertheless aware that this may not always be the case and financial oversight and prudence is crucial to our ongoing prosperity.

One example given was that of the Borough of Woking in the UK which recently needed to be rescued financially after achieving a financial deficit of 1.2 billion pounds. In an environment of reduced central government funding in the UK, it is good to know that the Australian Government has committed to working with local government.

An interesting talk was given by the Lord Mayor of Melbourne, Sally Capp, who spoke about the future of the workforce in local government. It is no secret that it can be hard to recruit in remote locations like Menzies and this has already been acknowledged in the Shire's Workforce Plan. However, this phenomenon is Australia wide. As an aside, the shire has recently welcomed two new employees, Joel Bone and Sean McGay to our 'family', in the positions of Building Maintenance Officer and Community Development Manager respectively. Both are doing brilliantly and we are indeed blessed to attract such high level applicants to Menzies.

The Lord Mayor said that if it was difficult to attract the right staff we should all try and 'grow' them from within. Our Chief Financial Officer, Kristy, who until recently was our Senior Finance Officer, was 'grown' from within and has already finished off our annual accounts and is proceeding professionally and competently on our budget for 2023/24.

# MESSAGE FROM THE CEO

A lot of time at the Congress was spent on disaster recovery which has affected so many people right across Australia. Also, time was spent on cybersecurity which has become a huge problem world-wide. The issues of climate change and the Voice to Parliament referendum also received a lot coverage.

All councillors had the opportunity to attend question time and to also enjoy the hospitality of Federal Member Rick Wilson MP.

The Congress should be seen as a success. Councillors (and CEOs) need to be prepared to see how others are doing things and to find out what might work and what hasn't worked. In fact, former Minister Darren Chester said just that. He noted that by coming to the Congress there existed an opportunity to find solutions to problems as it would be very unusual for one particular local authority to have a unique problem. He said that for every eight problems, somebody somewhere would already have solved five of them.

## Objects and Reasons for Rating in the Shire of Menzies 2023/2024

### INTRODUCTION

In accordance with section 6.36 Local Government Act 1995, the following information details the objective and reasons for proposed Differential of minimum rates.

#### Basis of Rating

The overall objective of the proposed rates in the 2023/2024 Financial Year Budget is to provide the net funding requirements on the Shire's services, activities, financing costs, and current and future capital requirements to achieve a balance budget.

The basis for property rates is calculated using two types of values; Gross Rental Value (GRV) which generally applies for residential, commercial, urban areas; and Unimproved Value (UV) which is generally applies for rural land values are provided by Landgate.

#### Rates for 2023/2024

For the 2023/2024 financial year, the Council has endorsed a 3.6% increase to total rates revenue of \$4,335,809.96. For the financial year 2022/2023 the total amount levied, including interims, was \$4,179,686.00

#### Updated Valuation

Updated Unimproved Values (UV) for rural properties are provided every year, and updated Gross Rental Values (GRV) for residential, commercial, and special rural properties are provided every three to six years, depending on Landgate's Valuation Schedule.

The following table of Rate in the dollar and Minimum payments are applied for 2023/2024 financial year:

Rate Category	Rate in \$	Minimum Payment \$	Number of properties
GRV - Vacant	8.9400	\$200.00	205
GRV - Improved	8.9400	\$200.00	42
UV - Mining Operations	16.3934	\$328.00	290
UV - Mining Exploration	14.7548	\$328.00	621
UV - Mining Prospecting	14.7548	\$328.00	330
UV - Other (Include Pastoral and Kookynie Townsite)	8.5300	\$328.00	98

# PUBLIC NOTICE

## GROSS RENTAL VALUE (GRV).

This category includes all residential, commercial, and vacant lots within the townsite of Menzies. The object of the rate in the dollar for this category is to raise sufficient revenue to offset the costs associated with the provision of current and future services. This rate ensures all ratepayers make a reasonable contribution towards the ongoing maintenance, provision of works, service, and facilities in the Shire.

The 2023/2024 financial year rate in the dollar is 8.9400 cents and the minimum rate is \$200 for all Gross Rental Value (GRV) properties.

## UNIMPROVED VALUATION (UV)

This category includes all Mining, Exploration and Prospecting Leases. Pastoral land is also included. The 2023/2024 financial year minimum rate \$328 applies to all Unimproved Valuation (UV) categories.

### Objects and Reasons for Minimum Rates

Local Government Act 1995, Section 6.35

The Council has established minimum rates for each Rate Category. These amounts represent the minimum rate that should be charged and may exceed the result of calculating a property's rating basis valuation (GRV or UV) with the rate in the dollar for the rate group.

Minimum rates have been prepared to comply with the Local Government Act 1995 which requires no more than 50% of properties to be levied on a minimum rate unless Ministerial approval is obtained.

The 2023/2024 Differential Rating is compliant with the Act and Ministerial Approval is not required.

### Submissions

Should any person wish to make a submission regarding the Council's proposed adoption of differential rates, such submission should be forwarded to the Shire of Menzies, PO Box 4, Menzies, WA 6436 or email [admin@menzies.wa.gov.au](mailto:admin@menzies.wa.gov.au) to be received no later than 4.00pm Thursday 20 July 2023.

# Letter to the Editor

Letters will be published as space permits and may have to be edited. So if you have something on your mind, write a letter to the Editor and we will do our best to publish it. If the letter is about the Council, we will do our best to respond in the same edition if time allows.

Letter To the Editor; 27<sup>th</sup> June 2023

We are fortunate to be able to send a letter to the editor or type our opinions or even criticize the government of the day without being arrested and sent to jail. We have freedom of the press to answer appeals from the Shire's staff when they request advice from the community.

As you all know, I'm a newcomer to Menzies and it is always the newcomers that inspire changes for the better.

I hope to make a difference for a very good reason. I would like my wife to be here with me, but she only stayed a week before I had to send her home. Speaking to my neighbor, Hans. He told me the same story about his wife.

# Letter to the Editor

Not all agree with these thoughts. I have been told by a few long-term residents that they like the way Menzies is now with all the dilapidated buildings and broken-down vehicles everywhere. The fear is that any increase in population will bring undesirables of society and I agree. I don't consider that I'm an undesirable and the same goes for the Markhams, we are newcomers with the best of intentions.

Are any of you aware that in the Shire's Corporate Plan it is typed that the Shire has a commitment to establish a Vibrant Community. To achieve a Vibrant Community is a challenge and there is no single action, but many.

The creation of the Community Hall and Garden Project is one of many actions that will help to create a Vibrant Community.

I have been told that there used to be Saturday Night Dances. Would there be someone within our community to take this on? We probably need dancing classes instead before we have dances.

Every one of us lives a compromise life that is forced upon us due to one single fact, that the Town of Menzies is underpopulated. All of us must travel to Kalgoorlie or Leonora often to purchase what we need to fill our pantries and hardware for our projects. This compromise adds to the cost of living in Menzies. Should there be businesses in Menzies who take the risk we all should patronize them with our support, or they will disappear.

Businesses need a minimum number of customers to survive. In Menzies businesses must rely on passing trade to exist and they have. I have been told that the Roadhouse was a successful business in the past due to passing trade and customers had to queue to be served.

We have all witnessed the success of the Hotel since the management was taken over by Dave, Sue, Jacob & Rob. Let it be recorded that the Hotel to be properly managed needs more than just the proprietor.

I have met most of you and by now you may realize that I have a wild imagination and vision of what can be done. I have a plan of what should be done in order and that plan has commenced for the benefit of our community. I just hope that when the time comes for volunteers that you will all rally. This will be a chance to get out and about and socialize with the rest of the community and become united.

Whether we like it or not we are all in this boat together and we must be rowing the same way, all in unison and steered to success by whoever is at the helm. Roy Parfitt

An advertisement for the Golden Quest Discovery Trail. It features a large blue banner at the top with the text 'Golden Quest Discovery Trail' and a stylized yellow 'Q'. Below the banner, the text 'GO ON YOUR JOURNEY' is displayed. In the center, there are three smartphones showing the app interface, which includes a map of a trail route through a desert landscape with various landmarks marked. The background of the ad is a stylized orange and red desert landscape with cacti. At the bottom, there are download links for the App Store and Google Play, and the website 'www.goldenquesttrail.com'. The top right corner of the page has a decorative graphic of overlapping colored circles (green, blue, yellow, dark blue) in the top right corner.
