

# MENZIES MATTERS

February 2024 | Issue 182

# MESSAGE FROM THE Shire President

Following the conclusion of the Christmas and New Year holidays, the community came together to commemorate Australia Day. The Shire prepared a great breakfast, cooked, and prepared by their dedicated staff. The event garnered a significant turnout, with residents from Menzies and Kookynie participating.

The morning unfolded with a spirited game of cricket, fostering a sense of camaraderie among attendees. Subsequently, a lunch was served, creating an enjoyable continuation of the celebratory atmosphere. The event extended to the waterpark, providing a refreshing and entertaining experience for all.

Appreciation is extended to the shire staff for their commendable efforts in the preparation of food and the seamless organisation of the Australia Day celebration.

A welcome amount of rain graced the region in late January, contributing to the replenishment of water levels in Niagara.

**President Paul Warner**

# MESSAGE FROM THE CEO

## **AUSTRALIA DAY**

Many people from the community and visitors to the Shire of Menzies gathered at the town hall for Australia Day breakfast on 26th January. They were treated to a breakfast of sausages, rissoles, bacon, eggs, tomato and onion, spaghetti, baked beans, toast and coffee and juice. Thank you to the staff for serving this breakfast.

After breakfast and a chat, everyone moved over to the basketball courts for a game of cricket. It was great to see people staying in the Caravan Park joining in the activities. The team consisted of a mixture of older men, (replacement hips, knees, and bad backs) younger men and kids. There were plenty of spectators to cheer them on.

When it was rest time, drinks were provided.

After the heat got the better of the players, everyone moved on to the water park to enjoy watching the kids have fun under the water sprayers.

**CEO Glenda Teede**

SHIRE

# Work Report

## Works Report to 22<sup>nd</sup> January 2024

### **Contract Grading.**

Only a few days of grading was carried out in early December. Operator has been away and will start back today, but will be working directly with our own crew.

Heavy rain in January resulted in severe damage to Malcolm Road and Mt Remarkable Road.

The damage has been coned off, but is still a danger to traffic. Gravel will be hauled from Kookynie Tip using our truck and then graded out with contract grader. Our roller will be used for crushing.

### **Shire Grader**

Work has been carried out on Menzies NW Road and on Mt Ida Road. This will be continued in the near future, but for the present our operator will assist with Malcolm Road and Mt Remarkable Road when he returns on Wednesday 24<sup>th</sup> January.

### **Town Work**

Heavy winds has caused damage to some infrastructure. Sails have been torn off the water park and children's playground and at seating area near hotel. The one near the hotel has been re-fastened, but a pole at the water park has been damaged and will need replacing. New sails will be ordered once the new pole is erected.

Garbage collection was carried out over Christmas without any problem and has now resumed as normal. The garbage truck has had a small problem with the hydraulics which appears to be connected with a worn pump and hot oil. However, normal operation occurs when oil is not too hot. If the problem persists we will need to replace PTO pump.

There has been plenty to do with cleaning up wind blown rubbish, leaves and some trees and branches.

Recent heavy rain has promoted growth and there is always weed control necessary.

Protective Bollards have been placed at the café and arrangements have been made for large gas tanks to be installed.

### **Other**

The new vehicle ordered to replace Prado 1MN is being collected presently. A decision on what to do with old vehicle, eg auctioning, will need to be made.

The new drop deck trailer for the grader camp has been ordered and will take several months to arrive. Side Tippers Australia are seeking permission to haul ore on Mt Celia Road, Pinjin Road and Yarri Road. I have no problems provided they have a firm agreement to maintain Roads and grids in good condition. The matter is before Main Roads.

Power has been laid to the new staff house, but we are still waiting on final connection to the houses and also on water meters to both houses. This has been discussed with relevant persons.

**Garth Marland - Works Manager**

22<sup>nd</sup> January 2024.

# Menzies Community School

Newsletter

**MENZIES  
COMMUNITY  
SCHOOL**

*Pukulpa Nintirrinkula*  
Happy Learning

**Menzies Newsletter  
Term 1 Week 1**

From the principal:

Welcome back to another year at Menzies Community School. To our new families, welcome. We have two new teachers this year. Mrs Morgan, who will teach in Yilpa (K-1), comes from Geraldton, and Miss P, who will teach in Wanampi (3-5) is from Perth. Ms Gregory will be in Marlu (6-12) again.

Mrs Doble will be leaving us at the end of the week to have her baby. We wish her and Mr Doble all the best and can't wait to see photos.

Just a few reminders:

- Breakfast club is from 7:30—7:50 am and school starts at 8:00 sharp.
- It is an expectation that all students wear closed in shoes and school uniforms. School shirts are \$50.00 each and can be bought at the office.
- Change of details—if any parents have changed their phone number, can you please let the office know.

Here is to another positive year at Menzies Community School.

# Menzies Community School

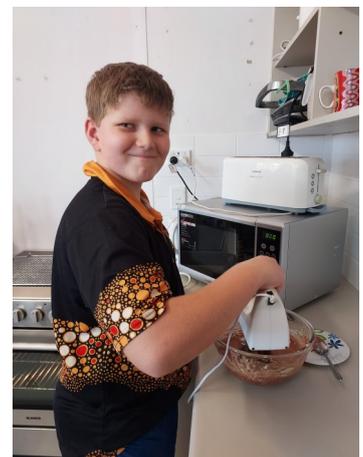

From the Yilpa Classroom:

Hello! I am Mrs Carla Morgan and am the Yilpa classroom teacher. I moved to Menzies, from Geraldton, a few weeks ago and am excited to be back in the Goldfields as I grew up in Kambalda and lived in Kalgoorlie for many years. It is so nice to be back on red dirt! I previously taught at East Kalgoorlie Primary School before moving to Geraldton in 2019. I am looking forward to working with and getting to know the children, families and community of Menzies.!

From the Marlu Classroom:

Exciting news from the Marlu Class—we have grown. Last year Marlu started with four students, this year we seven students. Welcoming two students in Year 6, following a 'Transition to High School Program', we also have two students in Year 7, two in Year 11 and one student completing Year 12. As usual, our Marlu students have stepped up and impressed us all with their leadership skills while helping our new classmates learn our routines. Well done to you. Here is an example of students learning from each other during our baking session.

# Menzies Community School

From the Wanampi Classroom:

Hello families, I am Miss Panagopoulos (Miss P) and am excited for a great term in Wanampi!

I have spent the past year teaching in the Pilbara and look forward to seeing what exciting adventures the Goldfields Region has for me.

Every Thursday afternoon I will be taking the whole school for Physical Education. If your child would like any at home tasks to practice skills outside of school, be sure to let me know.

In Health we are learning about the Zones of Regulation to help students identify when they are in a ready to learn state. In English we will begin to look at Narratives. In math's we are focusing on Number and Algebra, particularly adding and subtracting. The theme for science this term is reptiles and we will be integrating this knowledge with our next bush day.

## Coming up

8 February—Ear bus

26 February—High School students camp to SIDE.

## School Council

We need parents and community members to join the school council. The council meets once a month and discusses plans, finance and other issues relating to the school. If you are interested, please let Mrs Irving know.

# Letter to the Editor

Letters will be published as space permits and may have to be edited. So if you have something on your mind, write a letter to the Editor and we will do our best to publish it. If the letter is about the Council, we will do our best to respond in the same edition if time allows.

As we move on from Christmas and New Year Celebrations, known as the festive season and holidays. Is a time when we can relax our minds and catch up with family and friends and think of New Years resolutions, such as ending a bad habit and starting a new good habit.

I recently did just that and shared some of the issues in Menzies with a learned friend of mine about the dilapidated buildings and broken down cars. His answer was "perhaps it is what the community wants". I have only met one member of the community who wants the status quo to remain.

Yes, perhaps and after all I want Menzies to be a tidy town for my own selfish reasons. To have my wife with me when I'm in Menzies and her daughter who made a derogative statement in her description of Menzies that was an embarrassment to me.

I'm sure the people who I know in Menzies would like improvement but find it difficult to go about it. They think it is the Shires responsibility and I think it is as well.

The Shires web site is impressive but the results are disappointing.

Investigation into the internet took me to an address [communityfirstdevelopment.org.au](http://communityfirstdevelopment.org.au). Although the text was dated the 30 October 2021 the information proved that the community want to improve the Town of Menzies. Once again it seems that the community can't achieve what is necessary.

Even the sub committees of the council don't seem to have achieved much. What has the Shire done for the town last year? The building of 2 houses and allocated an area for towed caravans to park on the South side of town and hold the event known as Discovery Day. I hope the events committee is considering the date so the day does not clash with other events on the same day.

The improvements of the Hotel and the Diner came from Private enterprise and that is what we have to encourage. If we are to re-invent the Rodeo we have to ask our selves who are going to benefit. Menzies has only has 2 proprietors. The only answer to that question is that we must charge the stall holder's a fee and a participants entrance fee if that can be engineered.

It is all very well for me to be a critic . It is easy but what is required is to provide a plan towards success and I will do that the next time I attend a council meeting,  
All for this month.

Roy Parfitt

## 1080 BAITING in this area is a risk to domestic pets

Using 1080 poison are carried out across Western Australian, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

**DO NOT RELY ON WARNING SIGNS  
WARNING SIGNS ARE PLACED WHERE  
APPLICABLE HOWEVER THEY MAY BE  
DAMAGED, REMOVED, VANDALISED OR  
DESTROYED.**

1080 baiting is part of an integrated pest management program protecting livestock from death

and injury reducing the impact on pastoral and agricultural production, and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.

## MENZIES MATTERS deadlines for publication

If you have anything you would like to have included in the *Menzies Matters* please contact Debbie Pianto at the Menzies Visitor Centre on 9024 2702 or email to [cso@menzies.wa.gov.au](mailto:cso@menzies.wa.gov.au)

The deadline for each month is the last day of the month.

General Information notices are welcome, as are notification of upcoming local events.

If you have recipes, gardening tips or ideas for any other pages, all ideas are welcome.

The Menzies Matters is available online through the Shire's website.

Hardcopies are distributed at the Admin Office reception, CRC reception, Grand Hotel Kookynie, Lauries café, Menzies Hotel, and in every private mail box at the Post Office.

The Shire also sends an electronic copy to community members who request to their personal email. If you would like to receive an electronic copy please email [cso@menzies.wa.gov.au](mailto:cso@menzies.wa.gov.au).

## Happy Birthday

If someone in your family or someone you care for is celebrating a birthday, we would love to share your special birthday message.

Please send to [cso@menzies.wa.gov.au](mailto:cso@menzies.wa.gov.au) or come and see us at the CRC and we'll do our best to publish them and help make their day!

## Community Catch Up

On the first Wednesday of every month, the CEO of Shire of Menzies, Glenda Teede, will be available to meet with community members to discuss any concerns that the council has influence over.

This could be an idea that has been churning around for a while and which hasn't quite had an outlet. It might be a message to the council as to how to better influence economic development.

Meetings run from 9am to 12 noon in 15-minute blocks, every first Wednesday of the month, continuing from 7 February 2024. They will now be held in the conference room of the Menzies CRC at 37 Shenton St.

Bookings are essential by email to Maureen: [ea@menzies.wa.gov.au](mailto:ea@menzies.wa.gov.au)

# In The Garden

## February In The Garden

The best way to start this article would be to state the obvious.

It's been too darn hot for too long in the gardens without the rains we so desire.

I along with most garden lovers are in mourning for things that simply just could not tolerate the heat without withering away. Suffering from the long days of sun, wind and above average scorchers that burnt the leaves and roasted the roots.

No amount of water could save some poor plants as the soil temperatures rose to over 50C .

There is nowhere better to see the results of this than out in the bush, where this year the Sandalwoods in our area have failed to flower or fruit and are dying back. We really do need to see some significant rain this season or we will be losing them in large numbers.

The additional stress of relentless winds over January adding to the garden woes.

There were some stand out survivors in the early part of the month like the Capsicum and Cucumbers and the old standby Zucchini. Red Hot Chilli peppers as well in abundance.

I would love to add tomatoes to the food bowl but they are in the deceased category and any that may have looked like a possibility have been raided by the Bower Birds.

I must confess I do find these birds attractive in colour, rather shy even. We do enjoy them visiting the bird baths and water stations around the garden.

Water just makes for great reconnaissance missions by the family of 5 that visit here, seeking out what is ready to eat. The colour " Red "when it shows on the capsicum means that they are eaten or tasted by these loveable rogues.

# In The Garden

The flowering Hibiscus have provided some joy and food for the bees over the Summer and they have put on quite a show along with the Bougainvillea around the neighbourhood. Hibiscus are standout performers all through Summer with several flushes of flowers and a wide variety of colours to choose from. Well worth seeking them out for your garden. Also worth trying is the many recipes for Hibiscus Tea.

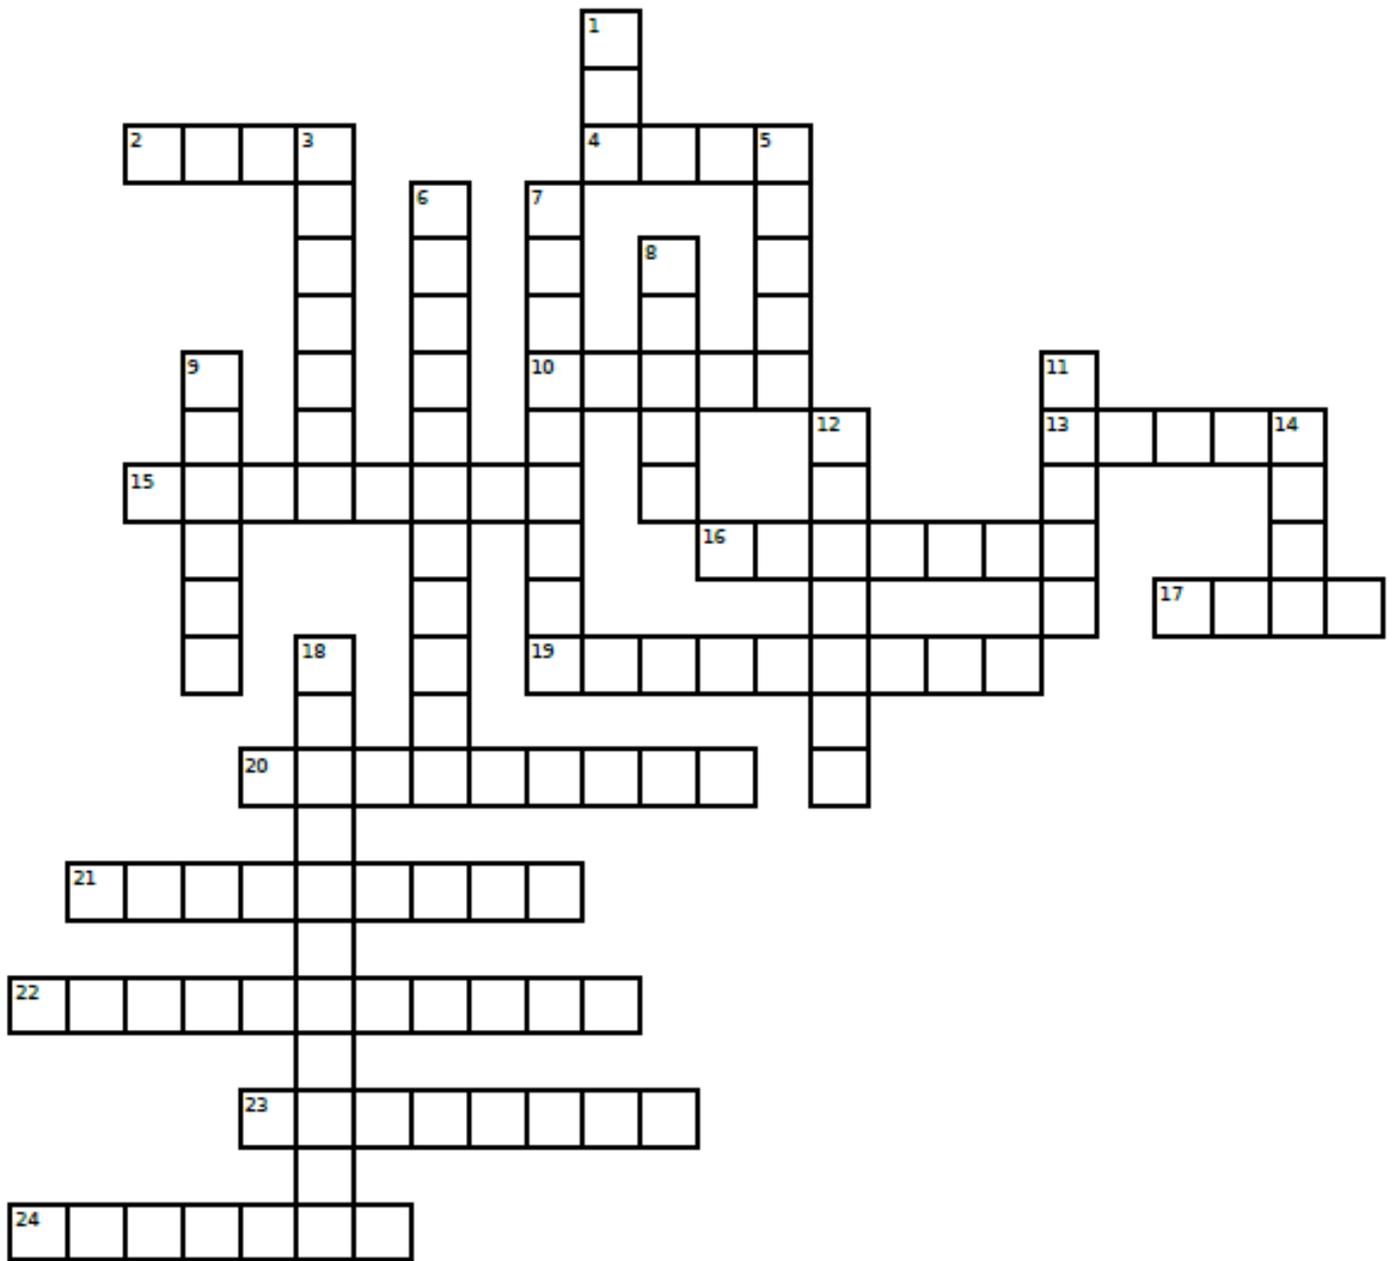

Let's hope we can add to the rainfall this month .

Just an update on the rainfall for January.  
We had some rain that added up to around 11mls over three events.  
Enough to fill my 4 IBC containers. Fingers crossed for more in February.
