## NAIDOC Week 2018 BECAUSE OF HER, WE CAN!

NAIDOC Week 2018 celebrates the invaluable contributions of Aboriginal and Torres Strait Islander women who have made – and continue to make – to our communities, our families, our nation.

This artwork portrays the courage and resilience of Aboriginal and Torres Strait Islander women. From the nipples of fresh water and salt water, across the travel pathways and song lines of our traditional lands and skies.

# THE CHIEF EXECUTIVE OFFICER

Greetings,

This month I wish to bring the 2018 NAIDOC week to your attention.

“Because of Her, We Can”  
is the national theme for the week, 8 to 15 July.

The week in Menzies will be celebrated with activities for the children during the school holidays. These activities require not only paid staff, but volunteers. I cannot express my thanks enough to the wonderful women who give their time so freely, to ensure the activities can take place.

The role models of service to the community, but more importantly the direction and guidance given to children on how to behave when confronted with challenges both new and old, and by being role models to not only the children, but the entire community.

During NAIDOC week we have a Bush Day, and a LEGO competition. I am sure both of these days will not only entertain, but also create memories and provide new challenges.

The activities are not only for the children who reside in Menzies town, but for anyone under the age of 18 years who is in the town on the day of an activity.

At Tjuntjuntjara too, school holiday activities will take place over the next week. I look forward to the reports for the Menzies Matters over the next couple of months.

The Menzies Community School is seeking funding assistance for a plaque to commemorate the life of a woman who valued Education, Language and Indigenous Rights.

“To display her image on a plaque to inspire past and present students to strive for goals such as Ms Brennan’s.”

Ms Gloria Brennan does not stand alone in the Menzies Community. Together with her sisters, their legacy shines out through strength and leadership to those who follow.

<sup>1</sup>Gloria, a distinguished Aboriginal community leader and public servant, died in 1985. Among her many achievements after graduating from the University of WA was helping found the Aboriginal Medical Service and the Aboriginal Legal Service in WA. A scholarship for Indigenous undergraduates studying at public WA universities has been named after her as has the Gloria Brennan Aboriginal and Torres Strait Islander Women’s Centre, established in East Perth to provide health and childcare information.

I encourage anyone who can contribute towards this plaque to contact the School as soon as it returns from the holiday break.

BECAUSE OF HER, WE CAN

**HOW TO PROTECT AGAINST MOSQUITO BITES**

**★ FIGHT the BITE ★**

**Prevent mosquito bites**

**★ COVER UP. REPEL. CLEAN UP. ★**

**COVER UP**

Wear long, loose-fitting, light coloured clothing, covering as much of the body as you can. Mosquitoes can bit through tight clothes like jeans. Make sure children are also covered up.

**REPEL**

Use insect repellent containing DEET (diethyltoluamide) or picaridin and always follow instructions on the label.

**CLEAN UP**

Stop mosquitoes breeding in water pooling around your home or holiday accommodation by emptying water from containers.

**SEVEN GOLDEN RULES FOR**

- 1. Put safety first**
  - Make sure you have enough water, fuel, maps and first aid supplies.
  - Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.
- 2. Obtain a Miner's Right permit** when prospecting on vacant Crown land (\$25 from any Mining Registrar's office).
- 3. Obtain a 40E permit** prior to prospecting within an exploration tenement (if you don't have written permission from the tenement holder).
- 4. Get written permission** from the tenement holder when prospecting on:
  - a mining lease
  - an exploration licence (if you don't have a 40E permit)
  - a prospecting licence
- 5. Comply with all legal requirements** when prospecting on a pastoral lease. You cannot prospect within 100 metres of any occupied building or within 400 metres of any livestock watering point without the consent of the pastoralist.
- 6. Show respect when on Crown land** because it is used by other people or set aside for many purposes.
- 7. Fill any holes** that you dug and repair ground that has been disturbed.

**1080 BAITING IN THIS AREA IS A RISK TO DOMESTIC PETS**

Please be advised that baiting programs using 1080 poison are carried out across Western Australia, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

**DO NOT RELY ON WARNING SIGNS**

**WARNING SIGNS ARE PLACED WHERE APPLICABLE, HOWEVER THEY MAY BE DAMAGED, REMOVED, VANDALISED OR DESTROYED**

1080 baiting is part of an integrated pest management program protecting livestock from death and injury; reducing the impact on pastoral and agricultural production; and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.

**1080 is an S7 Poison**

## Autographs

An autograph is the signature of a friend or famous person. Sometimes it is just their signature and maybe the date, mostly it was a humorous ditty or poem. These autographs were kept in an Autograph book.

I had an autograph book, more of my friends had one. My older sister wrote in my book just a dab of powder, just a dab of paint, will make little Margy really what she aint. The following are extracts from Lol Sheads autograph book. Lol was born in 1874, was the eldest child of 11 children (2 sons, 9 daughters). Lol did not marry until 1912 and spent such time visiting relatives. Lol took her new autograph book to Niagara in 1909 and acquired many autographs of people at that time.

It was the fashion of write verse. Unfortunately, not always attributed to its original author. Lol was very musical so some of it may be verse from songs or hymns.

"If wisdom ways you wisely seek  
Five things observe with care".

Of whom you speak, to whom you speak. And how and when and where.  
Irene Muriel Harvey, Kookynie Nov 19<sup>th</sup> 1909.

It's not how old you are,  
but how old are you. Mary Breasler.

By hook or by crook, I'll be last in this book  
J. W. Harvey 13-11-1909

Roses are red, violets are blue, pickles are sour and so are you.  
Jacie Jackson Kookynie.

When the golden sun is setting and your heart from care is free.  
When of a thousand things you're thinking,  
will you sometimes think of me.  
I give you this effort,  
it is simply an excuse I'd like to be a poet,  
but really what's the use. J. Leipold, Niagara W.A 21 Nov 1909

Oh, the inexpressible comfort of feeling safe with a friend,  
having neither to weigh thoughts or measure words  
but pouring them out, all out chaff and grain together knowing full well  
that a loving hand will take and sift them, keep what is work keeping and  
with the breath of kindness blow the rest away. Agnes Wainwright, Niagara  
12-10-1909

Wonderful memories of people and places you love. Margaret C. Pusey

# DREAMTIME STORY

The karlaya (emu) was big and strong with huge wings that would carry him over great distances. His wife had lot's of children each year and he was well respected and feared. He also had his share of enemies, one of which was the nganurti ( the bush turkey). He envied the karlaya's power of flight and the way he could run swiftly over the plains without tiring. Nganurti made a plan to injure the karlaya. The nganurti knew that the karlaya goes to the plains to feed, so he got there before him. Nganurti squatted down and doubled up his wings in such a way as to look as if he had none. "What happened to your wings" karlaya asked. "I cut them off" said nganurti "I can't beat you flying, your to fast and it's not fair". Karalaya felt sad for nganurti and cut his wings off. "Ha Ha Ha" laughed nyanurti, jumping up and down with joy and said "I have taken you in, old stumpy wings. I have my wings, yet you are so easily taken in, old stumpy wings.

Feeling really sad , the karlaya walked away, vowing he would have revenge on the nganurti. At length, the karlaya thought of a plan, he told all his chicks but 2 to go and hide in the bushes.

Nganurti asked karalya why you only got 2 children "It's hard to find food for 12 children, it's easier just to feed 2." Nganurti didn't even think and killed all her chicks but and left 2 children. "You cruel mother to kill your children, why I have 12 and I find food for them all. I tricked you into doing that because you tricked me into cutting off my wings,"

That is why to this time the Emu has no wings and don't fly and the Plain Turkey only lays 2 eggs in one season.
