NAIDOC Week 2019

NAIDOC Week 2019 invites you to walk in a movement for a better future. For generations, Aboriginal and Torres Strait Islander peoples have sought recognition of our unique place in Australian history and society today as the oldest continuing culture on the planet.

Early dawn light rises over Uluru, symbolising our continued spiritual and unbroken connection to the land. Our message, developed through generations, is echoed throughout the land: hear our voice and recognise our truth.

Thurs 13th June

Attended Stakeholders discussion on the implementation of the Cashless Debit Card trial in the Goldfields, in Coolgardie. This was an opportunity to meet with the new Minister for Families and Social Services, the Honourable Anne Rushton.

A Council Briefing Session followed after lunch and then a workshop with a Moore Stephens Officer for Related Party and Key Management Personnel.

Mon 24th June

With Cr's Dwyer, Baird and the CEO I attended a function in Kalgoorlie to meet with the Water Corporation Board of Directors and CEO.

Cr Greg Dwyer
Shire President

THE CHIEF EXECUTIVE OFFICER

Hello everyone.

ADMINISTRATION

The administration is very busy at this time of year with all the end-of-year requirements of monthly reporting, annual reporting, budget preparation and completing a variety of other reports that are required by a myriad of government departments.

Thankfully the financial reports and audit from the year 2017/18 are finalised and are now to go to the Auditor General for signing off. These should have been finalised in December 2018 but now the Shire must hold an electors meeting after these reports are finalised and an annual report is then adopted by the Council.

Though the Electors Meeting will by then be about 7 months overdue it is a statutory requirement.

Meanwhile we are progressing with the 2018/19 audit.

AUDITING

The Shire has been advised by the Office of the Auditor General (OAG) that following the State Governments decision to place auditing of local governments into the hands of the OAG, there will be far more scrutiny on the activities and accountabilities within local governments.

This comes about in part due to the enquiries that have been held in a number of Shires state wide that have been in various breaches of the Local Government Act and accountability and transparency has been lacking.

LOCAL GOVERNMENT ELECTIONS

Last week the State Government passed new legislation and among other changes, amending the requirements for new and existing Councillors to attend approved training.

At this time the legislation is not fully clear as it has not yet been published in the Government Gazette. However, there will be a far greater onus on elected members to be attend the training and be aware of what is expected of them.

The additional training of elected members and the additional scrutiny through auditing of local government activities and practices (as above under AUDITING) has come about because of the incidents and enquiries that have had to be carried out in various local governments in the last couple of years for examples as in the City of Perth, Port Hedland, Perenjori, Melville, Exmouth and Dowerin.

The new training requirements will come into effect for this 2019 October Ordinary Council Election.

FUEL SUPPLIES

As you know the fuel outlet is to close about mid-July. I am currently seeking a site that will meet planning requirements as well as approval from the Department of Mines and Petroleum to enable the fuel company to set up a new fuel outlet. It will likely be above ground fuel pods.

Preferably the site will be within the town centre so that travellers can then easily access the services of the café, hotel and visitors centre.

MUSIC CAMP

The proposed Music Camp for July was cancelled by the organisers.

Peter Money
Chief Executive Officer

**The fuel outlet in Menzies
will be closing down in mid
July 2019.**

**The supply of fuel in Menzies is a
private venture and it is a decision
made reluctantly by the fuel
supplier.**

**The fuel supplier and the Shire are
working together to seek alternative
arrangements, but this could take
several months.**

SEVEN GOLDEN RULES FOR PROSPECTING

1.

Put safety first

- Make sure you have enough water, fuel, maps and first aid supplies.
- Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.

2.

Obtain a Miner's Right permit

when prospecting on vacant Crown land (\$25 from any Mining Registrar's office).

3.

Obtain a 40E permit

prior to prospecting within an exploration tenement (if you don't have written permission from the tenement holder).

4.

Get written permission

from the tenement holder when prospecting on:

- a mining lease
- an exploration licence (if you don't have a 40E permit)
- a prospecting licence

5.

Comply with all legal requirements

when prospecting on a pastoral lease. You cannot prospect within 100 metres of any occupied building or within 400 metres of any livestock watering point without the consent of the pastoralist.

6.

Show respect when on Crown land

because it is used by other people or set aside for many purposes.

7.

Fill any holes

that you dug and repair ground that has been disturbed.

HOW TO PROTECT AGAINST MOSQUITO BITES

★ FIGHT the BITE ★

Prevent mosquito bites

★ COVER UP. REPEL. CLEAN UP. ★

COVER UP

Wear long, loose-fitting, light coloured clothing, covering as much of the body as you can. Mosquitoes can bite through tight clothes like jeans. Make sure children are also covered up.

REPEL

Use insect repellent containing DEET (diethyltoluamide) or picaridin and always follow instructions on the label.

CLEAN UP

Stop mosquitoes breeding in water pooling around your home or holiday accommodation by emptying water from containers.

1080 BAITING IN THIS AREA IS A RISK TO DOMESTIC PETS

Please be advised that baiting programs using 1080 poison are carried out across Western Australia, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

DO NOT RELY ON WARNING SIGNS

WARNING SIGNS ARE PLACED WHERE APPLICABLE, HOWEVER THEY MAY BE DAMAGED, REMOVED, VANDALISED OR DESTROYED

1080 baiting is part of an integrated pest management program protecting livestock from death and injury; reducing the impact on pastoral and agricultural production; and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.

1080 is an S7 Poison
