THE CHIEF EXECUTIVE OFFICER

Hello everyone.

BUDGET

The Council has adopted its 2019/2020 Annual Budget with an average rate increase of 1.8% in the dollar. Rate notices will be issued within the next few days and again there will be options to pay by instalments.

Major projects for the year will be the excavation of Niagara dam; construction of an ablution building in the new Truck Bay; construction of two accommodation units in the Caravan Park one to be disability complaint and construction of one new house.

There will be upgrades to the Lady Shenton Building; the old Church building, the Goongarrie Cottages and internally to the Shire administration area.

It is also planned to carry out repairs and seal the walls of the Town Dam and upgrade and repair the fencing of the Dam.

Almost \$2 million will be expended on roadworks throughout the Shire much of will be funded by various road grants.

FUEL SUPPLIES

The Shire has had interest in installing a fuel outlet on Lot 500 Shenton Street (next to the hotel) and I am seeking approval from the State Minister for Planning to use the site.

Traditionally it is a lengthy process to acquiring responses from State Government departments and so I have also contacted MLC Kyle McGin and asked him if he is able to expedite the process through the Minister on our behalf.

GYMNASIUM

There has been a complaint made about late night noise in the gymnasium which is disturbing a nearby residence. I ask users to be aware of this if you are using the gym late at night or during the early hours of the morning.

As the complaint has been made, I now must follow through with ensuring the safety standards for an unsupervised gym are met. Once these requirements are identified and reviewed there may need to be some changes as to how the gym operates.

ADMINISTRATION

Amendments to the local government Act are filtering through and will continue for some months. These amendments along with the Government increasing audit compliances through the Auditor General's office have increased substantially the burden of compliance, reporting, and administration of local governments.

As most smaller local governments do not have the resources to comply with much of the new requirements in-house, they either employ external organisations or as in Menzies shire, we are collaborating with other local governments to share these costs and resources.

These matters do not generally affect residents directly, but they do add to the costs and administrative functions of local government.

MUSIC LOVERS

If readers do not already know, there is an excellent You Tube video called *Johnny Cash - Live - Perth - Kalgoorlie - Australia, 28, March 1973* on the You Tube address below.

HOW TO PROTECT AGAINST MOSQUITO BITES

★ FIGHT the BITE ★

Prevent mosquito bites

★ **COVER UP. REPEL. CLEAN UP.** ★

COVER UP

Wear long, loose-fitting, light coloured clothing, covering as much of the body as you can. Mosquitoes can bite through tight clothes like jeans. Make sure children are also covered up.

REPEL

Use insect repellent containing DEET (diethyltoluamide) or picaridin and always follow instructions on the label.

CLEAN UP

Stop mosquitoes breeding in water pooling around your home or holiday accommodation by emptying water from containers.

SEVEN GOLDEN RULES FOR PROSPECTING

1.

Put safety first

- Make sure you have enough water, fuel, maps and first aid supplies.
- Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.

2.

Obtain a Miner's Right permit

when prospecting on vacant Crown land (\$25 from any Mining Registrar's office).

3.

Obtain a 40E permit

prior to prospecting within an exploration tenement (if you don't have written permission from the tenement holder).

4.

Get written permission

from the tenement holder when prospecting on:

- a mining lease
- an exploration licence (if you don't have a 40E permit)
- a prospecting licence

5.

Comply with all legal requirements

when prospecting on a pastoral lease. You cannot prospect within 100 metres of any occupied building or within 400 metres of any livestock watering point without the consent of the pastoralist.

6.

Show respect when on Crown land

because it is used by other people or set aside for many purposes.

7.

Fill any holes

that you dug and repair ground that has been disturbed.

1080 BAITING IN THIS AREA IS A RISK TO DOMESTIC PETS

Please be advised that baiting programs using 1080 poison are carried out across Western Australia, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

DO NOT RELY ON WARNING SIGNS

WARNING SIGNS ARE PLACED WHERE APPLICABLE, HOWEVER THEY MAY BE DAMAGED, REMOVED, VANDALISED OR DESTROYED

1080 baiting is part of an integrated pest management program protecting livestock from death and injury; reducing the impact on pastoral and agricultural production; and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.

1080 is an S7 Poison

GOONGARRIE

Originally called 90 MILE or ROARING GIMLET.

The Goongarrie area was first prospected, and was the first important gold find after Coolgardie this was before Hannans was discovered, by Pickersgill, Frost and Cahill in 1893.

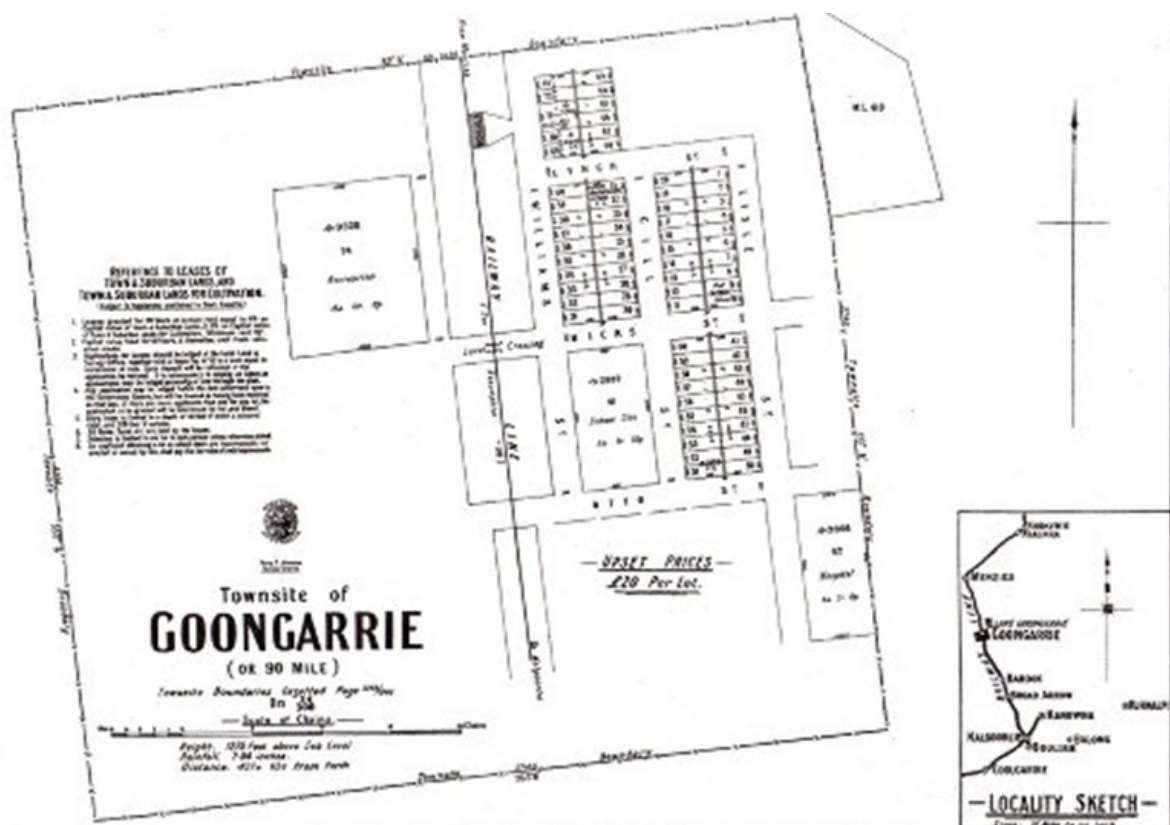

The first miners named the area The Roaring Gimlet because of the cold south-westerly winds through the gimlet trees.

During the 1890's when it was at its most prosperous, it was known as the 'Ninety Mile' on account of its estimated distance from Coolgardie.

The Ninety-Mile boasted hotels, bed and breakfasts, a Cobb & Co coach stop, a railway and several shops.

The remaining historic railway house and cottages are left of the old town site located about 40km south of Menzies.

Being located near Lake Goongarrie, the name Goongarrie was chosen for the townsite when it was gazetted in 1895. The meaning of this Aboriginal word is not known.

Youth Activities

In Menzies During August

Over the last month a range of activities have been completed at the Youth Centre. As depicted in the photos, many of our activities have been based around utilizing the creativity of the young people in our community. A multitude of works created during these activities are now on display around the Youth Centre. This is assisting in creating a colourful and vibrant space for those attending our sessions.

Belated Happy Birthday Menzies!

Each year on his birthday the Shire receives birthday photo's and message from Menzies. It is a joy to see how he has changed each year. Menzies' grandfather was a former resident and he is named after the Town.

Menzies has now turned 7 in July and is in year 1 at school. As you will see, his whole life revolves around all the football codes.

Menzies and his family would love to start some correspondence with the school kids to make a connection to locals and the town.

The Shire of Menzies would like to thank you for the update and photo's of little Menzies. Wishing you all the very best. We're excited to see what next year brings!

HAPPY BIRTHDAY!
