

The sculptures are scattered across the lake and visitors must park at the designated parking bay areas and walk on the lake.

PLEASE DO NOT DRIVE ON THE LAKE

- Suitable footwear and sun protection is recommended and take plenty of water with you
- Temperatures can reach scorching highs at certain times throughout the year and the lake reflects the sun's rays
- Please be considerate of your environment and take all rubbish away with you or place in the bins provided
- Recommended viewing times are in the early morning or late afternoon
- Camping is recommended
- Allow at least 2 hours to walk around the entire installation and always view the work in a minimum group of two.
