SHIRE OF MENZIES
NOTICE OF ORDINARY MEETING OF COUNCIL

Dear Council Member,

The next Ordinary Meeting of the Shire of Menzies will be held on 12 December 2019 in the Shire of Menzies Council Chambers commencing at 1pm.

Peter Money
Chief Executive Officer

05 December 2019

DISCLAIMER

No responsibility whatsoever is implied or accepted by the shire of Menzies for any act or omission or statement or intimation occurring during this meeting.

It is strongly advised that persons do not act on what is heard at this meeting and should only rely on written confirmation of Council's decision, which will be provided within fourteen (14) days of this meeting.

FINANCIAL INTEREST

A financial interest occurs where a Councillor, or person with whom the Councillor is closely associated, has direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

An indirect financial interest includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

Councillors should declare an interest:

- a) In a written notice given to the Chief Executive Officer (CEO) before the meeting: or
- b) At the meeting, immediately before the matter is discussed.

A member who has declared an interest must not:

- Preside at the part of the meeting relating to the matter: or
- Participate in or be present during the discussion of decision-making procedure relating to the matter unless the member is allowed to do so under Section 5.68 or 5.69 of the *Local Government Act 1995*.

ATTACHMENT:	12.2.1-1 Monthly Financial Report for the period ending 30 November 2019

SUMMARY:

Statutory Financial Reports are submitted to Council as a record of financial activity for the year to 30 November 2019.

BACKGROUND:

The Financial Management Regulation 34 requires each Local Government to prepare each month a statement of financial activity reporting on the sources and application of funds, as set out in the annual budget under Regulation 22(1)(d):

- The annual budget estimates,
- Budget estimates to the end of the month to which the statement relates.
Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates,
- Any material variations between year to date for income and expenditure and the relevant budget provisions to the end of the relevant reporting period,
- Identify any significant areas where activity is not in accordance with budget estimates for the relevant reporting period
- Include an operating statement,
- Include the net current assets, and
- Any other relevant reporting notes

COMMENT:

This report contains annual budget estimates, actual amounts of expenditure and income to the end of the month. It shows the material variances between the budget and actual amounts where

they are not associated to timing differences for the purpose of keeping Council informed of the current financial position.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 19 August 2019
Prepared by: Jeanette Taylor
Reviewed by: Jeanette Taylor

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996, Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities and to the extent they are not inconsistent with the *Local Government Act 1995* and accompanying regulations), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 13.

SIGNIFICANT ACCOUNTING POLICES

GOODS AND SERVICES TAX

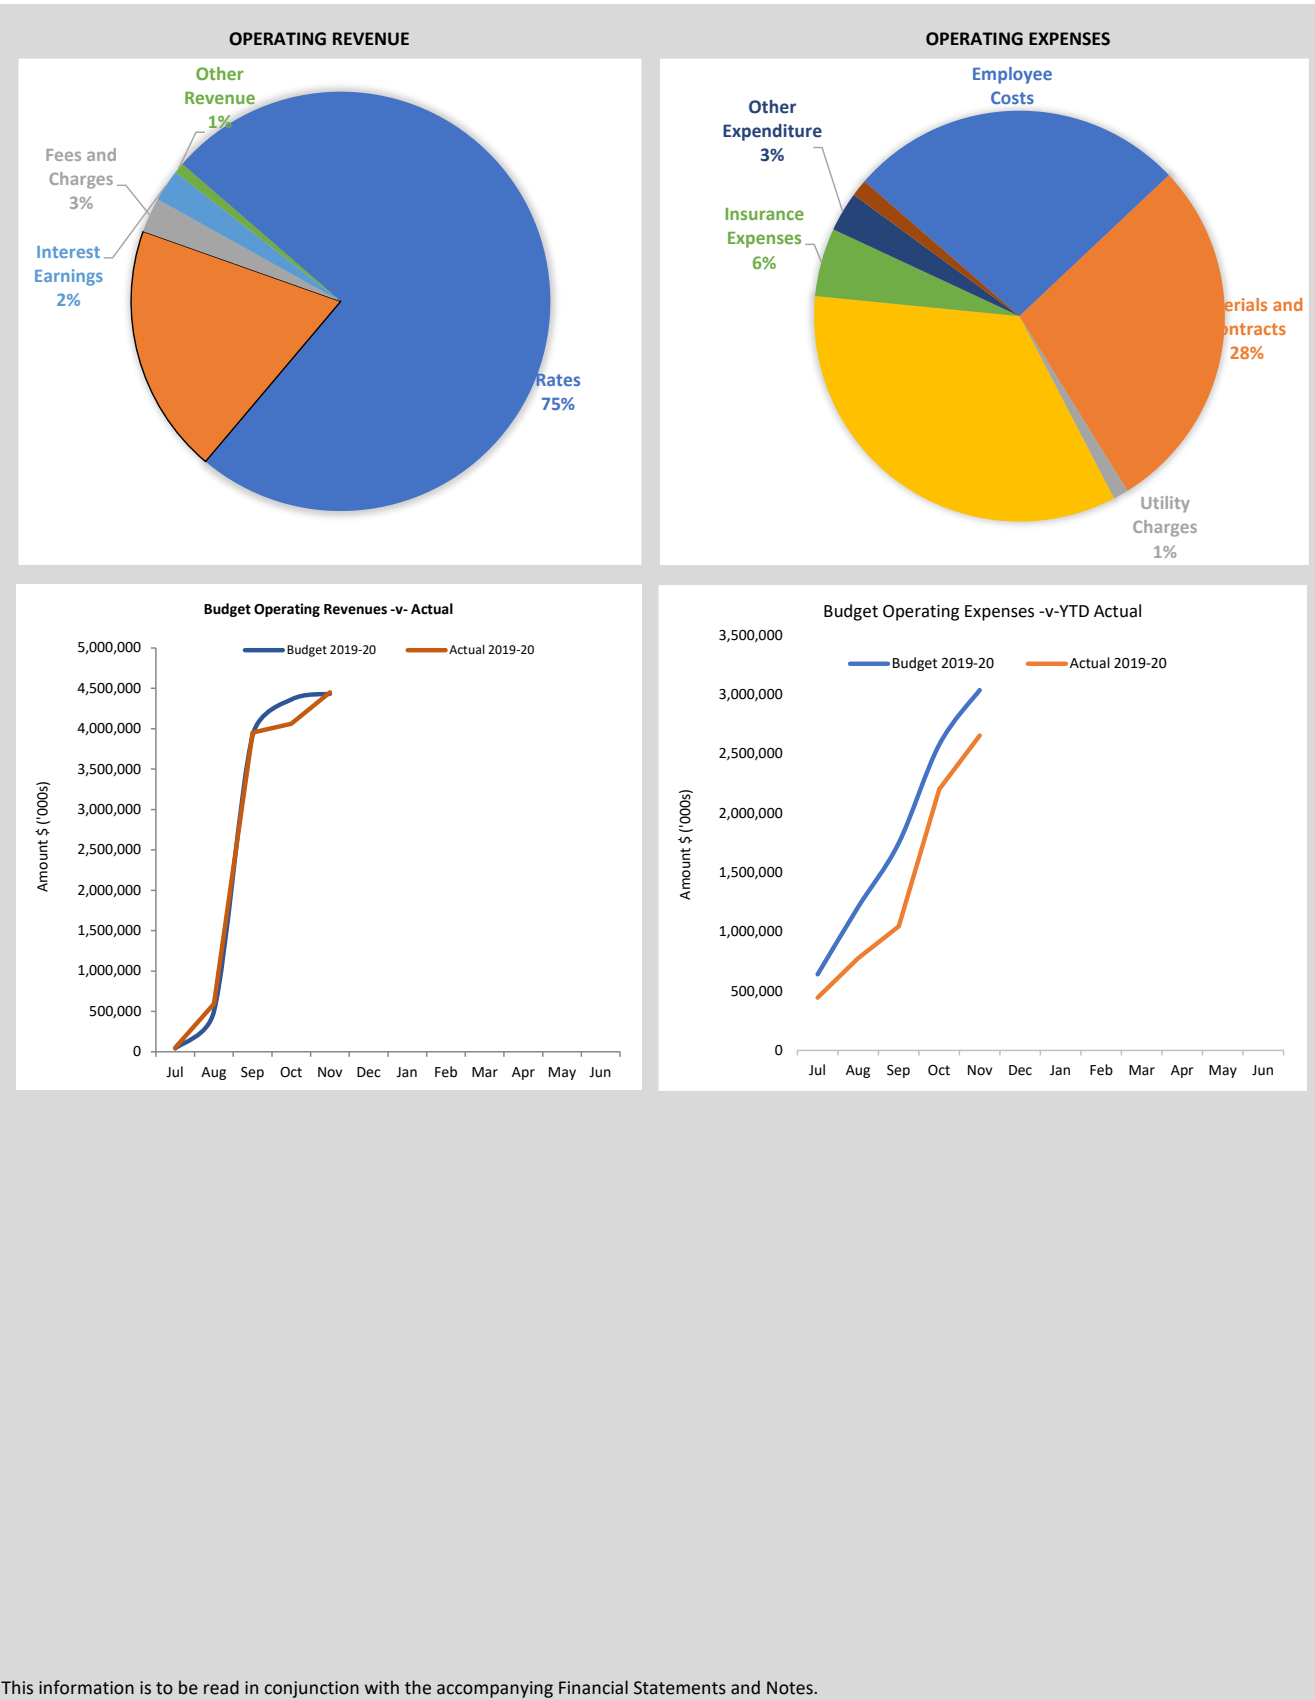

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled.

Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the the staement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

SUMMARY:

The Menzies Community Resource Centre, Visitor Centre. Community Postal Agency and Caravan Park operate from the Lady Shenton Building on the corner of Brown and Shenton Streets.

BACKGROUND:

The Lady Shenton Building operates the Community Resource Centre, Menzies Visitor Centre and administers the Menzies Caravan Park. The statistics are compiled each month by the staff for recording purposes.

Youth activities are held at the Menzies Youth centre, outdoor sports area and occasionally cooking in the Town Hall kitchen. Youth services report is unavailable for November 2019.

COMMENT:**Lady Shenton**

The Visitor Centre received 765 visitors this month, a drop from the 1,161 in the previous month. A steady decline over the month can be seen in the tourism visits, even though caravan park revenue was slightly more than the same period in 2018s.

The Local Community continue to play an important part of our community using the Post Office and other Community Resource Centre facilities.

Caravan Park

Caravan Park bookings increased slightly from November 2018, and interestingly is similar to November 2017. Caravan Park revenue is seasonal and as summer approaches the bookings are historically down from November to April.

ATTACHMENT:	12.1.2-1 Termination Payout Quote - 8114258

SUMMARY:

This item recommends that Council purchase outright, the Toyota Prado currently on lease to the Shire of Menzies.

BACKGROUND:

As part of Council's involvement with the Goldfields Tourist Network Association (GTNA) the Shire leased a Toyota Prado motor vehicle.

The GTNA has since disbanded and the Shire has ownership of the vehicle still on a lease arrangement.

The lease commenced on 09/02/2017 at \$1,099 per month which to date payments made by the Shire equate to \$37,366 (34 payments) less reimbursements by GTNA of \$27,475.

The vehicle lease expires on 08 February, 2022 and should it remain on lease, the Shire will pay a further \$28,574 (26 payments) and not have ownership of the vehicle.

The Shire is required to ensure the vehicle is in the same condition as when it was purchased. Although the vehicle is a complete lease and it covers services and tyres it does not cover any repairs due to damage.

The vehicle is used on a regular basis by various staff members and contractors and is also available for use by Councillors if required.

The vehicle owners Toyota Fleet Management have advised the cost to purchase the vehicle outright on or before 9 January 2020 will be \$44,000. Considering the Shire is committed to a further \$28,574 in lease payments the Shire is effectively paying an additional \$15,426 to gain ownership of the vehicle.

GTNA ceased reimbursing the Shire for the lease in April 2019. This leaves from April 2019 to December 2019 nine payments of \$1099, which equals \$9,891, a Shire expense. In effect the purchase price of the vehicle, if the Shire buys out of the lease, will total \$53,891. The current value of the vehicle is circa \$50,000 being a 2015 base model and manual transmission.

STATUTORY ENVIRONMENT:

Local Government Act 1995

3.1. General function

- (1) *The general function of a local government is to provide for the good government of persons in its district.*

POLICY IMPLICATIONS:

Nil.

FINANCIAL IMPLICATIONS:

This would be an unbudgeted purchase of \$44,000 less the \$6,594 budgeted for future lease payments this financial year.

RISK ASSESSMENT:

The Shire could continue to pay the lease fees and at the end of the term either return the vehicle or payout for the vehicle at that time.

There is the risk of additional costs if the vehicle remains on lease and must have restorative works in compliance with the lease.

With the increasing use of consultative services, the Shire will find use for the vehicle rather than paying for hire vehicles for the consultation services.

There is a risk that if the vehicle is purchased by the Shire it could eventually be surplus to requirements and would have to be sold later.

STRATEGIC IMPLICATIONS:

14.1 Sustainable local economy encouraged

- The acquisition of appropriate resources to assist with economic and tourism planning and development.

14.3 Active civic leadership achieved

- Regularly review plans with community consultation on significant decisions affecting the shire.

Dear

We confirm that the payout amount required to terminate this CompleteLease contract at end of lease and to purchase the vehicle is \$44,000.00 inclusive of GST excluding arrears.

This payout quote calculated on the assumption that all repayments and services charges due up until 8 January 2020* have been paid, or will be paid when invoiced.

Upon acceptance of your Offer to Purchase your contract will be terminated on 9 December 2019. If acceptance is made after this date your contract will be terminated immediately.

Please note:

- If you wish for the contract to be terminated on a different date, or if acceptance is made after the quote valid until date, a new termination payout quote will be required.
- Any outstanding repairs, maintenance, and other operating costs have not been taken into consideration when calculating the payout amount, and are payable when invoiced.

In order for termination to proceed, please arrange for the enclosed Offer to Purchase to be signed by an Authorised Signatory and returned to the undersigned at least five working days prior to the quote valid until date.

*This date is the final day of the billing month for which the payout has been calculated.

Yours sincerely

DISCLAIMER

TFM has prepared this early termination payout Quote in accordance with information provided by the Customer or on its behalf. TFM will not accept any liability or loss which may arise from the calculation of the quoted amounts, or for errors and omissions.

Each amount stated in this early termination payout Quote is correct at the date of preparation of this Quote.

A Quote does not constitute an offer by TFM to the Customer.

OFFER TO PURCHASE – 1GED860

To: Toyota Fleet Management (TFM), a division of Toyota Finance Australia Limited ABN 48 002 435 181.

I accept the Termination Payout Quote 8114258 dated 3 December 2019 and offer to purchase the vehicle referred to in that Quotation (the Vehicle) for \$44,000.00 inclusive of GST (Purchase Price).

I request for the lease 6224365 to be finalised. Please provide me with a tax invoice for the Purchase Price.

I understand that until the Purchase Price, plus all other previously invoiced amounts and any subsequent invoice for outstanding rentals, repairs, maintenance, and other operating costs are paid in full, title of the Vehicle will remain with TFM.

I acknowledge that:

- Prior to entering into the finance contract dated 9 February 2017, TFM carried out all reasonable inquiries to ensure that TFM acquired good title to the Vehicle described above; TFM has not subsequently assigned or encumbered its interest in the vehicle; and that TFM is unaware of any circumstances that may affect the title of the vehicle.
- The vehicle is sold in its present condition on an "as is, where is basis", with all faults if any and that TFM makes no representations or gives any warranties either express or implied as to the condition, fitness for purpose, quality or suitability of the Vehicle.
