Minutes

**FOR THE ORDINARY MEETING OF COUNCIL
HELD ON**

28 APRIL 2022

Commencing at 1.00 pm

**At the Council Chambers
124 Shenton Street, Menzies**

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Menzies for any act, omission or statement or intimation occurring during Council / Committee meetings or during formal / informal conversations with staff. The Shire of Menzies disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council / Committee meetings or discussions. Any person or legal entity that acts or fails to act in reliance upon any statement does so at person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a license, any statement or limitation of approval made by a member or officer of the Shire of Menzies during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Menzies. The Shire of Menzies warns that anyone who has an application lodged with the Shire of Menzies must obtain and only should rely on written confirmation of the outcome of the application, and any conditions attaching to the decision made by the Shire of Menzies in respect of the application.

DECLARATIONS OF INTEREST

A member who has an Impartiality, Proximity or Financial interest in any matter to be discussed at this meeting must disclose the nature of the interest either in a written notice, given to the Chief Executive Officer, prior to the meeting, or at the meeting immediately before the matter is discussed.

A member who makes a disclosure in respect to a Proximity or Financial interest must not preside at the part of the meeting which deals with the matter, or participate in, or be present during any discussion or decision-making process relative to the matter, unless the disclosing member is permitted to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

Councillor Meeting Information

Shire of Menzies Council Meetings

Elected Members are bound by legislation to act with integrity and make decisions for the whole of the Shire.

Attending meetings

Elected Members have a duty to attend all council meetings to ensure that electors are adequately represented. In recognition of this, under the Local Government Act 1995 an Elected Member who is absent from three consecutive ordinary council meetings without leave being granted by the Council, is automatically disqualified. If a member wishes to be absent for more than six consecutive ordinary meetings, Ministerial approval is necessary as well as Council approval.

It should be noted that applications for leave of absence are usually supported but must be approved by Council before, or at, the meeting(s) the council member is to be absent from. Leave of absence cannot be approved retrospectively.

Voting at meetings

If an Elected Member is present at a council meeting, he or she is required by law to vote on all matters before that meeting unless he or she has a financial interest in the matter. Agendas are delivered to Elected Members within the required timeframes of the Local Government Act 1995, being a minimum of seventy-two (72) hours prior to the advertised commencement of the meeting. While late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Councillors are required to give due consideration to all matters contained in the agenda. Without adequate time for reading the agenda, it is extremely difficult for Elected Members to make effective assessments of issues and provide constructive input to council debate and decision making. It is recommended that further information be requested if there is insufficient material available to make an informed decision.

SUMMARY:

Statutory Financial Reports are submitted to Council as a record of financial activity for the year to 31 March 2022.

BACKGROUND:

The *Local Government (Financial Management) Regulations r34* requires Local Government entities to prepare each month a Statement of Financial Activity reporting on the sources and application of funds, as set out in the Annual Budget under *r22(1)(d)*:

- The annual budget estimates;
- Budget estimates to the end of the month to which the statement relates. Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- Any material variations between year to date for income and expenditure and the relevant budget provisions to the end of the relevant reporting period;
- Identify any significant areas where activity is not in accordance with budget estimates for the relevant reporting period;
- Include an operating statement;
- Include the net current assets; and
- Any other relevant reporting notes.

COMMENT:

This report contains annual budget, actual amounts of expenditure and income to the end of the month. It shows the material variances between the budget and actual amounts where they are not associated to timing differences for the purpose of keeping Council informed of the current financial position.

SUMMARY INFORMATION

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 March 2022
Prepared by: Kristy Van Kuyl (Team Leader Finance)
Reviewed by: Antonio Giometti (CFO)

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996, Regulation 34. Note: The Statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 14.

SIGNIFICANT ACCOUNTING POLICES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

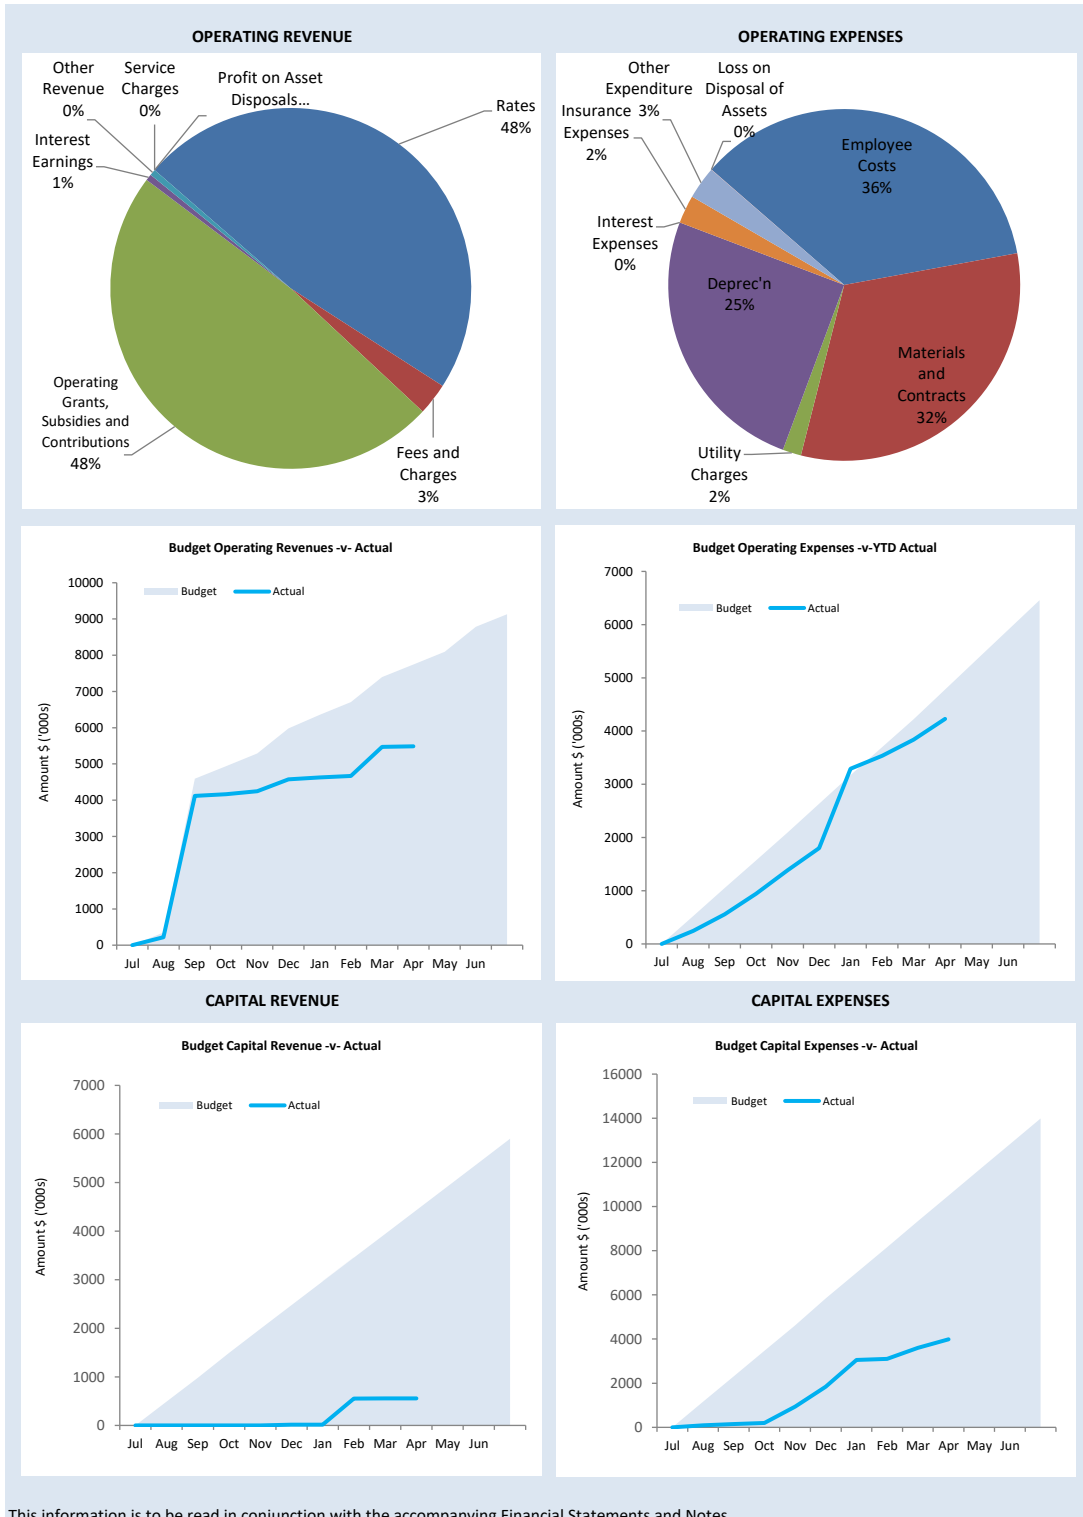

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

STATUTORY AUTHORITY:

Local Government Act 1995

2.7 Role of Council

- (2) *Without limiting subsection (1), the council is to —*
- (a) *oversee the allocation of the local government's finances and resources; and*
 - (b) *determine the local government's policies.*

3.1. General function

- (1) *The general function of a local government is to provide for the good government of persons in its district.*

6.14 Power to invest

Local Government (Administration) Regulations 1996

19C. Investment of money, restrictions on (Act s. 6.14(2)(a))

- (1) *In this regulation —*
- authorised institution** means —
- (a) *an authorised deposit-taking institution as defined in the Banking Act 1959 (Commonwealth) section 5; or*

POLICY IMPLICATIONS:

Policy 4.9 - Investments

Delegation 1.1.23 Power to Invest and Manage Investments

FINANCIAL IMPLICATIONS:

Nil.

RISK ASSESSMENT:

Risk Statement	Level of Risk	Risk Mitigation Strategy
<p>There is always a certain risk in investment of funds as banking institutions are no longer the stable and unfailing institutions they once were.</p> <p>The proposal is to closely manage the Shire's investments and avoid the possibility of loss on the investment.</p> <p>At the same time this proposal still seeks the safest and not necessarily the most profitable return on investments.</p>	Medium	<p>Close management of investment.</p> <p>Close attention to financial markets and information.</p> <p>Diversity of investments as much as possible.</p>

STRATEGIC IMPLICATIONS:

4.2 An efficient and effective organisation.

4.2.1 Maintain a high level of corporate governance, responsibility and accountability.

VOTING REQUIREMENTS:

Simple Majority

OFFICER RECOMMENDATION:

That Council receives the investment report for the month of March 2022.

13.1.4	Budget Amendments - 2021/2022 Budget

ATTACHMENT	1. Statement of Financial Activity - Menzies - March 2022 - Reserve Account [13.1.4.1 - 1 page]

SUMMARY:

To obtain budget amendments approval following budget review check.

BACKGROUND:

Following post Mid-Year budget review check, the following accounts require amendments:

1. 2120217 ROADM – Ancillary Maintenance – Built Up Areas (Expenditure).
 - a. Budget reduction from \$154,625 to \$100,000 was to have been sought, however in error the amount advised in the Budget Review was \$10,000 (typing error).
 - b. Budget to be amended to \$100,000 (+\$90,000).
2. 303245 Int Earned – Reserve Fund (Income).
 - a. Based on actuals to date, budget was reduced from \$30,000 to \$1,200 (-\$28,800).
 - b. On further review it was discovered that this account is linked to other Reserve forecasts (see attached) in addition to interest received.
 - c. Budget to be amended to \$30,000 (+28,800).

COMMENT:

Chief Financial Officer has noted the exceptions and learning post first budget review and the interrelationships that exists with other accounts.

These amendments, along with OCM 31 March 2022 Supplementary Budget Amendment, result in the following movement in bottom line Budget surplus:

Details	Change	Balance
Amended Budget Cash Position as per OCM Resolution 31/03/2022.		+\$264,396
Supplementary Budget Amendment for new Vehicle expenditure OCM approved 31/03/2022.	(\$11,667)	+\$252,729
2120217 \$90,000 error. Budget correction to \$100,000.	(\$90,000)	+\$162,729
303245 Re-instating revenue to \$30,000.	+28,800	+\$191,529

CONSULTATION:

Moore Australia.
Bob Waddell consultancy.

STATUTORY AUTHORITY:

Section 6.8(1) (b) of the *Local Government Act 1995* provides that expenditure can be incurred when not included in the annual budget provided it is authorised in advance by resolution (absolute majority required).

POLICY IMPLICATIONS:

Nil.

FINANCIAL IMPLICATIONS:

Authorisation of expenditure through budget amendments recommended. Other specific financial implications are as outlined in the body of this report.

Amended Budget Cash position decrease of \$72,867 to surplus \$191,529.

Amendment of budget is sought:

- 2120217 ROADM – Ancillary Maintenance – Built Up Areas to \$100,000.
- 303245 Int Earned – Reserve Fund to (\$30,000).

RISK ASSESSMENT:

Risk Statement	Level of Risk	Risk Mitigation Strategy
This item has been evaluated against the Shire of Menzies' Risk Management Strategy, Risk Assessment Matrix.	Medium	Adoption of recommendations as presented will reduce the risk to low.

STRATEGIC IMPLICATIONS:

4.2 An efficient and effective organisation.

Shire President, Cr Greg Dwyer, disclosed a proximity interest, as he is a co-owner of a residential premises over the road, Onslow Street, from the Caravan and Camping Reserve.

Cr Jill Dwyer disclosed a proximity interest as she is a joint owner of a property across a thoroughfare from the potential development.

Cr Andrew Tucker disclosed a proximity interest as he rents a house opposite the development.

Cr Sudhir Sudhir disclosed a proximity interest as he is a co-owner of a property across from the development site.

CEO Brian Joiner disclosed a proximity interest as his house (rental, but no rent payable) is across a thoroughfare from the development.

Shire President, Cr G Dwyer; Cr J Dwyer and Cr Sudhir left the meeting at 1.41pm.

In order to achieve quorum, Cr Tucker was granted approval by the Minister (Doc ref: IAM654) under section 5.69(3) of the *Local Government Act 1995* to fully participate in the discussion and decision making relating this item subject to the following conditions:

1. *The approval is only valid for the 28 April Ordinary Council Meeting when agenda item 13.2.1 is considered;*

2. The abovementioned councillors must declare the nature and extent of their interests at the abovementioned meeting when the matter is considered, together with the approval provided;

3. The CEO is to provide a copy of the Department's letter of approval to the abovementioned councillors;

4. The CEO is to ensure that the declarations, including the approval given and any conditions imposed, are recorded in the minutes of the abovementioned meeting, when the item is considered;

5. The CEO is to provide a copy of the confirmed minutes of the abovementioned meeting to the Department, to allow the Department to verify compliance with the conditions of this approval; and

6. The approval granted is based solely on the interests disclosed by the abovementioned councillors, made in accordance with the application. Should other interests be identified, these interests will not be included in this approval and the financial interest provisions of the Act will apply.

Deputy Shire President Cr Ian Baird assumed the chair at 1.42pm.

SUMMARY:

This report provides a recommendation to Council for award of RFT 09/21 for the construction of the Menzies Accommodation Village.

BACKGROUND:

In FY 2021/22 Council budgeted \$1,800,000 for the construction of Stage 1 of an accommodation village on Reserve 4531. The design was completed and an estimate for construction was obtained that was within the allocated budget.

A tender was issued on 18 December 2021 with advertisements in both the West Australian and Kalgoorlie Miner. Three (3) responses were received when tenders closed on 11 February 2022.

Two responses were assessed as being compliant and they were submitted by:

- Karlayura Contracting.
- Zenacon Pty Ltd.

A response was received from Resource Accommodation Management Pty Ltd which was assessed as non-compliant.

COMMENT:

The budget for the project, as previously stated, is \$1,800,000 which was based on an assessment in the second half of calendar year 2021.

The tendered prices for both compliant tenders (confidential attachment) are well over the allocated budget. Based on experience with current constructions it would also be expected that there would be significant variations with rapidly rising material costs.

CONSULTATION:

Nil.

STATUTORY AUTHORITY:

Local Government Act 1995
Local Government (Functions and General) Regulations 1996 r.11

POLICY IMPLICATIONS:

Nil.

FINANCIAL IMPLICATIONS:

Financial implications of pursuing the original budgeted solution would be significant and present a large drain on the Shire reserves.

RISK ASSESSMENT:

Risk Statement	Level of Risk	Risk Mitigation Strategy
Pursuing the original tender intent would present a significant risk to the Shire in both financial capacity and to manage the delivery.	High	Council to examine the alternative tender which minimises risk and minimises financial commitments.

STRATEGIC IMPLICATIONS:

- 1.1 An engaged and inclusive community.
- 1.1.3 Provide, maintain and improve community facilities.

4.2 An efficient and effective organisation.

4.2.1 Maintain a high level of corporate governance, responsibility and accountability.

4.2.2 Provide appropriate services to the community in a professional and efficient manner.

VOTING REQUIREMENTS:

Simple Majority

OFFICER RECOMMENDATION:

That Council:

1. Rejects the tenders from Karlayura and Zenacon for RFT 09/21 Menzies Accommodation Village with the compliant tenders being in excess of the budget available for the project; and
2. Authorises the CEO to enter negotiations with Resource Accommodation Management to obtain a full detailed proposal and concept design to present to Council.

COUNCIL DECISION:

SUMMARY:

To provide Council with a request from Department of Planning, Lands and Heritage (DPLH) to relinquish management orders, in the favour of the Shire, on Reserve 5602 over Lot 126 on Deposited Plan 257009 and Reserve 7030 over Lots 140 & 141 on Deposited plan 34481.

BACKGROUND:

DPLH has written to the Shire enquiring as to whether the Shire would be willing to take over the Management Orders on Reserves 5602 and 7030. The Reserves are depicted in the attachments with Reserve 5602 being within the Niagara townsite and Reserve 7030 being either side of the Goldfields Highway just north of the Kookynie turnoff.

Reserve 5602 has a current purpose of Mechanics Institute and a use for halls and clubrooms.

Reserve 7030 has a current purpose of Water and a use for waterways.

COMMENT:

Reserve 5602 is within the historic Niagara townsite. There are no residents or services within the Niagara townsite and no demand for land.

Reserve 7030 is just north of the Jeedamya homestead. There are no services running to this area and no demand for land.

The Shire cannot foresee any use for either parcel of land in the short to medium term.

SUMMARY:

This paper is for Council to consider a sponsorship request for the Goldfields Aboriginal Business Forum & Trade Show and approve attendance at the event if Council approves sponsorship.

BACKGROUND:

The Goldfields Aboriginal Business Chamber Inc (GABC) will be holding its inaugural Goldfields Aboriginal Business Forum & Trade Show in celebration of NAIDOC week on Thursday 7 July 2022. This years' theme of Get Up! Stand Up! Show Up! reverberates with the objectives of the GABC as it works to improve opportunities and strengthen capacity of Aboriginal businesses in the Goldfields-Esperance region.

The forum will comprise of keynote speakers and presentations that highlight cultural diversity in economic development, and a panel session with Aboriginal business owners will promote the strengths of Aboriginal business in the region. With a trade show as part of the forum, it will allow Aboriginal businesses to showcase their products and/or services to the greater network, increasing their visibility and business opportunities and allowing the development of sustainable future relationships between Aboriginal and non-Aboriginal businesses.

COMMENT:

GABC is seeking Shire of Menzies support at a Silver 2 Partnership level to the value of \$5000 (+GST) with associated benefits including recognition as a supporter, logo acknowledgement and media recognition.

The Shire is currently working on a Reconciliation Action Plan which, as a foundation, would provide support for Aboriginal businesses in the Goldfields-Esperance Region.

The policy relevant to attendance at this Convention is:

Policy 1.11 (Attendance at Events) requiring the CEO to provide information in relation to attendance:

- Tickets to the event will be free as part of the sponsorship.
- The event is held out of the Shire, in Kalgoorlie.
- Attendees will be participants in the conference, noting that delegates are not required.
- Attendance costs will be provided by the Shire, with the Shire being a sponsor.
- As per the background of this paper, the benefit is in support of Aboriginal businesses in the Goldfields-Esperance region.
- The CEO attendance is of benefit to the Shire through the information gained during the conference.
- Elected members will benefit from the information gained during the conference.
- Cost to attend the event is \$500 which includes accommodation \$250, allowance for travel \$150 and ancillaries \$100 (noting that some meals are included).

CONSULTATION:

GABC.

STATUTORY AUTHORITY:

Local Government Act 1995.

POLICY IMPLICATIONS:

Policy 1.11 - Attendance at Events.

FINANCIAL IMPLICATIONS:

The sponsorship of \$5000 would be included in the 2022/2023 FY budget.

Cost to attend the event would be under \$500 per person based on travel, one night accommodation in Kalgoorlie, and meals not supplied at the conference.

The Shire would receive two (2) free tickets as part of the event sponsorship.

RISK ASSESSMENT:

Risk Statement	Level of Risk	Risk Mitigation Strategy

Attention: Brian Joiner

Dear Sir,

**REQUEST FOR SPONSORSHIP
GOLDFIELDS ABORIGINAL BUSINESS FORUM & TRADE SHOW**

The Goldfields Aboriginal Business Chamber Inc (GABC) will be holding its inaugural **Goldfields Aboriginal Business Forum & Trade Show** in celebration of NAIDOC week on **Thursday 7 July 2022**. This years' theme of Get Up! Stand Up! Show Up! reverberates with the objectives of the GABC as we work to improve opportunities and strengthen capacity of Aboriginal businesses in the Goldfields-Esperance region.

Feedback from our members have reiterated that Aboriginal business in the Goldfields have had significant barriers in relation to developing opportunities to engage with industry and showcase their capabilities. This event will enable Aboriginal business to connect with industry, develop relationships and upscale to the requirements of industry, therefore creating a significant impact to the regional economy and overall contribution to the wider community.

The forum will comprise of keynote speakers and presentations that highlight cultural diversity in economic development, and a panel session with Aboriginal business owners allow a platform to promote the strengths of Aboriginal business in the region. With a trade show as part of the forum, it will allow Aboriginal businesses to showcase their products and/or services to the greater network, increasing their visibility and business opportunities and allowing the development of sustainable future relationships between Aboriginal and non-Aboriginal businesses.

We are seeking your support to hold this inaugural event, with the aim on growing the event to an annual premier event for the Goldfields region. We are seeking your support at a Silver

Acknowledgement of Country

The Goldfields Aboriginal Business Chamber (GABC) acknowledges the Traditional Owners of this land upon where we meet. We pay our respects to all members of Aboriginal communities and their cultures.

Partnership level to the value of \$5,000 (+GST) with associated benefits including recognition as a supporter, logo acknowledgement and media recognition.

I have attached the Sponsorship Prospectus for your perusal outlining the event objectives and sponsorship benefits.

On behalf of the GABC, I sincerely hope you see the merit in partnering with the us for this event. If you have any queries, or would like further information, please do not hesitate to contact me.

Yours Faithfully,

9. GOLDFIELDS RECORDS STORAGE FACILITY

9.1 Goldfields Records Storage Facility – Update

Reporting Officer:	Andrew Mann, Executive Officer GVROC
Disclosure of Interest:	Nil
Date:	March 2022
Attachments:	Final Deed of Assignment and Assumption (Attachment 8) Background document outlining previous GVROC Resolutions (Attachment 8.1) Financial Supporting Documentation for outstanding costs, invoicing and winding up facility (Attachment 8.2 and 8.2.1) GRSF Profit and Loss to 28 March 2022 (Attachment 8.3) GRSF Balance Sheet to 28 March 2022 (Attachment 8.4)

Background:

At the meeting of the Goldfields Voluntary Regional Organisation of Councils (GVROC) held 5th February 2021, Council resolved:

RECOMMENDATION:

That the GVROC Council as representative of the Original Parties to the Records Facility Agreement:

1. Agree to sell the Facility to the City of Kalgoorlie Boulder for a purchase price of \$450,000.
2. Note after the disposal of the Facility the Joint Venture will be promptly wound up.
3. Note that each of the original parties will be entitled to a one tenth share of this purchase price (\$45,000) less all third-party costs of the sale of the Facility and the winding up of the Joint Venture.
4. Note for those Original Parties still interested in utilising the facility for records storage post the sale, that the City of Kalgoorlie Boulder will work with those parties to negotiate and make necessary arrangements for its continued use.
5. Note this will remove the matter from the GVROC.

Following discussion and debate on this alternate recommendation a vote for and against was called on the motion.

Motion Resolution:

The motion of the alternate recommendation was unanimously carried by all

RESOLUTION: **Moved: Mr James Trail – Shire of Coolgardie**
 Seconded: Cr Patrick Hill – Shire of Laverton

Carried

Officer's Report:

At the last meeting of GVROC on 4 February 2022 it was resolved:

RECOMMENDATION:

That the GVROC Council as representative of the Original Parties to the Records Facility Agreement:

1. Note the current update in the progress to wind up the Records Storage Facility and the solution provided by the City of Kalgoorlie Boulder in the form of the Deed of Assignment and Assumption.
2. Endorse the Deed of Assignment and Assumption to be executed by all original parties subject to minor changes to reflect 2013 original joint venture agreement.

RESOLUTION: **Moved: Mayor John Bowler, City of Kalgoorlie-Boulder**
 Seconded: Cr Ian Mickel, Shire of Esperance

Carried

Since the last meeting the three remaining assignees, City of Kalgoorlie Boulder and Shires of Leonora and Coolgardie met on 17 March 2022 to discuss the final details around the payment and operations of the facility post the execution of the Deed of Assignment and Assumption. Note that the Assignees at that meeting have agreed that they will take on responsibility for all fixed and operational costs for the Records Storage Facility as of 1 July 2021. All other costs prior to this will be dealt with in accordance with the proposed process detailed below.

The Deed of Assignment and Assumption has also been amended and finalised and is now ready for execution by all of the ten original parties to the joint venture agreement (Refer to **Attachment 8**). A copy of the Deed was emailed out to parties on 23 March 2022 for execution under seal, requesting each LGA to execute and email back to the GVROC Executive Officer by 8 April 2022. Alternatively, LGAs were offered to execute the copy available at this GVROC meeting in person on 1 April 2022, noting though that you will also need to bring your LGA seal to stamp the document for this to be valid.

When emailing out the Deed on 23 March 2022, also included in the email was the following proposed process, which is recommended that the GVROC note and endorse to resolve this matter and wind up the Joint Venture Agreement for the Original Parties. The suggested process is in alignment with the previous GVROC resolutions, the Goldfields Records Storage Facility Joint Venture Agreement of 2013 and the Deed of Assignment and Assumption.

Proposed Process:

On execution of the Deed of Assignment and Assumption by all parties the following steps are followed:

1. The Deed's Assignees being City of Kalgoorlie Boulder plus the Shires of Coolgardie and Leonora are invoiced through the GVROC Records Facility Trust for payment of the agreed purchase price of \$450,000, as per details of Clause 9 in the Deed for financial settlement e.g. each assignee will then pay \$150,000 into the account.
2. Parallel to point one and in alignment with the GVROC Resolutions from 26/6/2020 through to 26/11/2021 as per the attached Background document (**Attachment 8.1**):
 - a. The Shire of Coolgardie with the lead for the management of the Financial Accounts for the Records Storage Facility, will finalise all outstanding accounts and organise to invoice through the GVROC Records Facility Trust to all the Original Parties for outstanding costs (**Refer to Attachment 8.2**) as follows:
 - i. All original ten parties will receive invoices as per Recommendation 6 a) on 20/6/2020 resolution for the outstanding equally shared specified fixed expenses for the facility e.g. insurance, rates, building maintenance; up until 30 June 2021.
 - ii. For the original parties that still utilised the facility for records storage as listed in the resolutions from 20/6/2020 and 26/11/21 and aligned with Recommendation 6 b), invoices will be raised to the City of Kalgoorlie-Boulder, Shires of Coolgardie, Dundas, Leonora and Menzies to cover the 2019/20 and 2020/21 operational costs of the facility.

Note it is recommended that to limit the number of invoices and transactions that need to be produced, for the City of Kalgoorlie-Boulder, Shires of Coolgardie, Dundas, Leonora and Menzies that one invoice is raised that has two line items covering points i. and ii. above.

3. Upon receipt and payment of points 1 & 2 above by all parties, the financial statements for the facility are finalised, costs of winding up the facility paid (legal and accounting fees), leaving the remaining balance of equity funds determined. This will then be formally advised to all original parties with final statements and report.
4. Remaining balance of equity funds is then split into ten equally shares and distributed to each Original Party.
5. The Joint Venture Agreement will then be dissolved, and the Assignees take on full responsibility for the facility.

Note: This process follows the resolutions and terms of the original Joint Venture Agreement of 2013 and the Deed and is transparent and would meet all accounting practices. It is also preferable by the Assignees to try and have the above all done and finalised this financial year e.g. by 30 June 2022 requiring each original party to make payments on their invoices as soon as possible when received.

The Shire of Coolgardie has also prepared updated financial statements for the facility up to 28 March 2022 which can be found at **Attachments 8.3 and 8.4**.

Please note regarding these financial statements that the amount of \$80,000 shown in the balance sheet (soon to \$100,000 as the Shire of Coolgardie has transferred a further \$20,000 on 28 March 2022) is for funds owed to the Shire of Coolgardie. Essentially the Shire of Coolgardie has funded the facility in the absence of LG reimbursements in the past 3 financial years.

Consultation: GVROC Chair
A/CEO City Kalgoorlie Boulder
CEO Shire of Coolgardie
CEO Shire of Leonora

Financial Implications: Nil to the GVROC but could have implications based on disposal price for those LGAs that wish to remain or purchase the facility.

Strategic Implications: Disposal of the Facility will remove the item from the GVROC agenda

Voting: Simple Majority

RECOMMENDATION:

That the GVROC Council as representative of the Original Parties to the Records Facility Agreement:

1. note the current update in the progress to wind up the Records Storage Facility.
2. request that if LGAs have not yet executed the Deed of Assignment and Assumption, that they do so under seal and return to the GVROC Executive Officer by the 8 April 2022.
3. note and endorse the proposed process and steps as outlined in the agenda item and request these be implemented by all parties to have the matter concluded and the Joint Venture Agreement wound up by 30 June 2022.
4. Note invoices will be raised through the GVROC Records Facility Trust and provided to all original parties (LGAs) as follows:
 - a. Reimbursement of fixed costs for all ten LG's making up the original parties for 2019/20 & 2020/21 financial years.
 - b. Reimbursement of operational costs for the five LG's that were utilising the facility (City of Kalgoorlie-Boulder, Shires of Coolgardie, Dundas, Leonora and Menzies) for 2019/20 & 2020/21 financial years, and
 - c. Invoices for the Assignees (City of Kalgoorlie Boulder plus the Shires of Coolgardie and Leonora) to purchase the facility for the sum of \$450,000.

MOTION:

Shane Burge, CEO of Shire of Esperance proposes a motion for the GVROC to clarify that depreciation is not included as a fixed cost to determine the equal share of the costs for the 19/20 and 20/21 year. Currently depreciation has been included as a fixed cost as outlined in **Attachment 8.2** and if it is removed the amended fix costs can be seen in **Attachment 8.2.1**.

MOTION RESOLUTION: Moved: Mr Kevin Hannagan, Shire of Ngaanyatjaraku
Seconded: Mr Shane Burge, Shire of Esperance

Carried 5 to 4 after voting

RECOMMENDATION:

That the GVROC Council as representative of the Original Parties to the Records Facility Agreement also include an additional recommendation 5 below along with recommendation 1 to 4 as listed above:

5. Endorses the motion proposed that depreciation is not included as a fixed cost to determine the equal share of the costs for the 19/20 and 20/21 year.

RESOLUTION: Moved: Mr Kevin Hannagan, Shire of Ngaanyatjaraku
Seconded: Cr Ian Mickel, Shire of Esperance

Carried

10. GVROC REGIONAL CLIMATE ALLIANCE PROGRAM

- Second Program Progress Report **14 March 2022 (see Attachment 9)**
- Third Program Progress Report **13 June 2022**
- Fourth Program Progress Report **19 September 2022**
- Fifth Program Progress Report **12 December 2022**
- Sixth Program Progress Report **13 March 2023**
- Final Report and financial acquittal **12 June 2023**

Officer Comment:

Since the last GVROC Council meeting, the RCA Working Group has met three times (See Minutes in **Attachment 10**) and developed a Terms of Reference (**Attachment 11**).

At its most recent meeting on March 24th, the RCA Coordinator presented a working document Business Plan for the GVROC RCA for the next 12 months which outlines in more detail the projects and communications and stakeholder engagement activities that will be undertaken in the next 12 months (**Attachment 12**).

The RCA Working Group has also supported the development of a website that can host climate tools and resources, as outlined in the RCA Business Plan as well as promoting the GVROC in general. The RCA Coordinator has developed a draft website which can be viewed here <https://nicolejohnson2.wixsite.com/website-1> and we are looking for feedback and endorsement of it before taking it live.

Along with this the RCA Working Group has also developed a vision and mission statement for the GVROC RCA that will feature on the website and any materials used in communications and stakeholder engagement.

The GVROC RCA Vision is:

“Goldfields Esperance - a thriving clean, green and economically resilient region”

And the GVROC RCA Mission is:

“Working together to support and implement climate change mitigation and adaptation projects”

The RCA Working Group is now requesting that both the website and the vision and mission statements are endorsed by the GVROC as per the recommendation listed in this agenda item.

In regard to short-listed projects for the GVROC RCA to focus on, as agreed by the RCA Working Group these are listed in the table below.

Project ideas	Possible Funding Partners	Timeline	Value
1) Baseline study on regional carbon footprint – includes LGAs and broader Industry.	WALGA/DWER, GEDC	2022	TBC
2) Update of renewable energy audit of GE industry – to support GVROC developing a whole of region vision for the future. (RDA Audit of Renewable Energy Projects was produced in 2013. RDA can lead this project and what will be an on-going living document that underpins GVROC decision making)	RDAGE (Lead) WALGA/DWER CME? Horizon Power? Western Power?	2022	RDAGE to confirm ASAP
3) Look to advocate for and develop a Regional Water Strategy - 2050 (This issue underpins GVROC RCA operational activities for 2022-23)	SW WA Drought Hub Preparing Australia Program DWER Water Supply planning DPIRD and GEDC Drought Resilience Planning programs	2022	TBC
4) Entire regional plan for natural disasters and preparedness for more droughts, floods and fires –mitigating for impact on infrastructure and well-being of communities. (Include and expand on bushfire planning already underway.) (This issue underpins GVROC RCA operational activities for 2022-23)	DPIRD Resilience Planning Program Future Drought Fund Preparing Australia Program	Ongoing	TBC

Project ideas	Possible Funding Partners	Timeline	Value
5) Prepare a regional waste audit action plan (linking into State Waste Strategy, State Infrastructure Strategy and Municipal Waste Advisory Council) <i>(This issue underpins GVROC RCA operational activities for 2022-23)</i>	DLGSC, DWER and WALGA	Ongoing.	TBC

The Shire of Dundas has also advised that Shire President, Laurene Bonza, has been appointed to sit on the South-West WA Drought Resilience Adoption and Innovation Hub (SW WA Hub) Southern Rangelands Regional Advisory Committee (RAC). The Shire of Dundas had also applied to be Node Lead but were not successful in obtaining that role.

However, Laurene Bonza's appointment will provide opportunity to tap into the Southern Rangelands RAC, when the Alliance is looking at developing its regional plan for Natural Disasters including drought.

Finally, WALGA has advised that Federal Government has just called for expressions of interest for its [Coastal and Estuarine Risk Mitigation Program](#), which is a \$50 million Federal Government funding program to drive long term resilience and sustainability by delivering priority projects that mitigate the impact of coastal hazards on communities and economies.

Areas of focus for the Program include:

- Adaptation and resilience actions, including investment in grey infrastructure and green-blue infrastructure (which includes nature based solutions)
- Planning, including local and regional risk assessments and mapping, business case development, preparation of community focused regional coastal management programs; and
- Investment in monitoring infrastructure and activities to understand the coastal and estuarine zone over time.

Australian State or Territory governments are invited to apply for funding under the program. Applications from State or Territory governments can include multiple projects under the one application.

The WA Government is seeking Expressions of Interest for potential Local Government projects that could be included in the WA Government's application to the Coastal and Estuarine Mitigation Program - a short Expression of Interest form is attached.

WALGA is assisting the WA Government by communicating this opportunity to its members. The Department of Fire and Emergency Services will be responsible for compiling the WA State submission and obtaining support from the WA Minister for Emergency Services, Hon Stephen Dawson.

Completing the Expression of Interest form will not commit you to participate but will help the WA Government identify potential projects for inclusion. The Expression of Interest form only requires a limited amount of information – if more information is needed your nominated contact will be contacted.

Please note:

- Only significant, high value projects will be considered for inclusion i.e. a request of \$500,000 or higher (maximum project cost \$10 million). Projects need to be completed within 3 years.
- If the project is included a significant amount of documentation will be required as part of the application including a business case, indicative budget, project management plan and evidence of consultation with community and stakeholders.
- Further information can be found in the CERMP [Program Guidelines](#).
- There is a short timeline to develop projects/applications as the Program closes on the 17 June 2022.

While this program would only be relevant for the Shires of Esperance and Dundas within the GVROC it is provided here for the GVROC RCA to note and support those two GVROC Shires is necessary.

Consultation: GVROC RCA Working Group

Financial Implications: TBD

Strategic Implications: TBD

RECOMMENDATION:

That the GVROC Council:

1. Note and accept the GVROC RCA Working Group Terms of Reference document as attached (**Attachment 10**).
2. Note and accept the GVROC RCA Business Plan for 2022 as a working document (**Attachment 12**).
3. Endorse the development of a website that can host climate tools and resources, as outlined in the GVROC RCA Business Plan and provide feedback on the draft website developed to the GVROC RCA Coordinator by 8 April 2022 so it can be updated to take live from that date.
4. Endorse the list of projects to work on as agreed by the RCA Working Group and listed in the table of this item, and agree that the order of importance and timelines of projects will change as more information comes to hand on what funding opportunities, partnerships and programs are available.
5. Endorse the GVROC RCA Vision and Mission statements, as agreed by the RCA Working Group.
6. Support the GVROC RCA Working Group recommendation for additional financial contributions from each GVROC LGA be made towards the RCA program for 2022-23 to support projects as needed as part of the annual GVROC Budget process.

RESOLUTION: **Moved: Cr Tracey Rathbone, Shire of Coolgardie**

11. GOLDFIELDS VOLUNTARY REGIONAL ORGANISATION OF COUNCILS BUSINESS

11.1 GVROC Housing Strategy - Update

Reporting Officers: Andrew Mann, GVROC Executive Officer

Disclosure of Interest: Nil

Date: March 2022

Attachments: Nil

Background:

At the meeting on 4 February 2022 the GVROC resolved to:

RECOMMENDATION:

That the GVROC:

1. Note that the updated GVROC Housing Strategy as presented.
2. Endorse the strategy as finalised and its actions and request that the Executive Officer now share this strategy with the Minister for Local Government; Housing and the Department of Communities to commence the engagement with the State Government to look at implementation outcomes.
3. Note the presentation by the Shire of Dundas on the concept for 3D printed homes as a future option for a cost-effective housing solution.
4. Support progressing this concept as a GVROC initiative to further investigate and research it as a possible housing solution for the region, subject to a full scope of works and costings on financial implications to the GVROC being provided by the Shire of Dundas at the next GVROC meeting for approval to proceed.

RESOLUTION: **Moved: Cr Timothy Carmody, Shire of Wiluna**
Seconded: Cr Tracey Rathbone, Shire of Coolgardie

Carried

Officer Comment:

The endorsed GVROC Housing Strategy was sent to the Minister for Local Government; Housing and the Department of Communities, Director General – Mike Rowe, following the last meeting on 4 February 2022, to commence the engagement with the State Government to look at implementation outcomes.

Subsequently the GVROC Chair and the Executive Officer then met with the Director General of the Department of Communities, Mike Rowe on 28 March 2022 to discuss the Strategy and what outcomes and assistance could be progressed against the strategies and actions. The GVROC Chair will provide an update of the outcomes from this discussion at the GVROC meeting.

Additionally, since the 4 February 2022 meeting, several other stakeholders have requested copies of the strategy to assist them in also looking at engaging and promoting solutions to the housing issues in the region. This includes the Kalgoorlie Boulder Chamber Commerce and Industry and the Regional Development Australia network who is working with Infrastructure Australia looking at regional strengths and infrastructure gaps for regional Australia (refer to Agenda Item 11.4).

Consultation: GVROC Chair
 Department of Communities

Financial Implications: TBD

Strategic Implications: Improved Liveability, social and community wellbeing.

RECOMMENDATION:

That the GVROC note the update on the GVROC Housing Strategy as presented.

11.2 GVROC/RDAGE combined regional Data System providing strategic insight and economic modelling for LGAs and the region - Update

Reporting Officers: Andrew Mann, GVROC Executive Officer
Raz Ion, Director RDAGE

Disclosure of Interest: Nil

Date: March 2022

Attachments: Nil

Background:

At the meeting on 4 February 2022 the GVROC resolved to:

RECOMMENDATION:

That the GVROC:

1. Support taking up the opportunity provided by RDAGE to have access to its Informed Decisions Data System subscription.
2. Request that the GVROC pay a total of up to \$9,000 from member subscriptions to cover access for each of the LGAs for an initial trial period to September 2022.
3. Endorse inclusion of this funding allocation in the GVROC 2021/22 Budget.
4. Request that the GVROC Executive Officer with RDAGE to undertake an assessment of the benefits gained from utilising the data system be made prior to the RDAGE September 2022 subscription running out, so as to determine the value of continuing on post that date with Informed Decisions or an alternative data system.

RESOLUTION:

Moved: Cr Patrick Hill – Shire of Laverton
Seconded: Cr Tracey Rathbone, Shire of Coolgardie

Carried

Officers Comment:

Based on the endorsement provided at the last meeting on 4 February the RDAGE has liaised with Informed Decisions (ID) and paid for the data down to LGA level to be loaded into the data system set for its economy.id and profile.id datasets.

ID has been loading the data up during March and access to this data for most LGA profiles and the economic modelling is now available on the www.rdage.com.au website.

As part of this process RDAGE has also requested ID to change the Region Name plus username and password on its web portal to reflect the collaboration between RDA and GVROC from that of the RDA Goldfields Esperance only subscription to just Goldfields Esperance inclusive of RDAGE and all LGAs.

RDAGE has provided the GVROC Executive Officer with the logon details and this has been provided below and will also be sent to each of the GVROC LGA CEOs so that it can start to be utilised.

The username for accessing the economy.id and profile.id datasets will be:

Username: goldfieldsesperance

PW: rdagvroc

The GVROC Executive Officer will continue to liaise and assist each of the LGAs over the next 6 months to the end of September with use of the data system, noting there is also support available from RDAGE and Informed Decisions.

This will inform the assessment of the benefits of using such a data system for the GVROC post this trial.

Consultation: GVROC CEOs
RDAGE

Financial Implications: \$9,000 cost in the 2021/22 GVROC Budget

Strategic Implications: Improved Local Government Operations.

RECOMMENDATION:

That the GVROC:

1. Note that the Informed Decisions Data System subscription has been paid by RDAGE, the LGA level data has been loaded into the database and access is now available to all GVROC LGAs.
2. Note that RDAGE has invoiced the GVROC for its contribution for the subscription totalling \$9,000 exc of GST.
3. Note that the GVROC Executive Officer has provided access details to all the LGA CEOs.
4. Request that each GVROC LGA liaise with the GVROC Executive Officer and the Director of RDAGE with any assistance they require when accessing and utilising the data tools.

11.3 GVROC Draft Strategic Plan 2022-2026**Reporting Officer:** Andrew Mann, GVROC Executive Officer**Disclosure of Interest:** Nil**Date:** March 2022**Attachments:** GVROC Draft Strategic Plan 2022-2026 (**Attachment 16**)**Background:**

The GVROC last developed a Strategic Plan back in late 2016 that was endorsed by the GVROC at its 3 February 2017 meeting, for the period 2017 through to 2021.

The previous Strategic Plan was developed through a workshop with member councils via engagement of a consultant, Kate Mills from Puzzle Consulting.

Officers Comment:

Given the current Strategic Plan's time frame has passed it is recommended that a new Strategic Plan is developed and endorsed by the GVROC for the next five-year period 2022 – 2026.

To start this process, the GVROC Executive Officer has undertaken a review of the previous strategic plan and also relevant documents, policies, strategies, papers that the GVROC has endorsed over the last two years.

Using this information, a draft Strategic Plan 2022 – 2026 has been developed for review and to start the conversation with all member councils of GVROC (Refer to **Attachment 16**).

It is suggested that each member council, through their CEOs, now review this document and provide feedback to the GVROC Executive Officer so that it can be refined and put in a final draft format for consideration and endorsement of the GVROC at its May 2022 meeting. Alternatively, if required it is suggested that the GVROC CEOs Group could hold a workshop to provide review and input to prepare the final draft of the plan.

Consultation: GVROC Chair
GVROC CEO Chair**Financial Implications:** N/A**Strategic Implications:** Improved regional outcomes and operations of the GVROC.**RECOMMENDATION:**

That the GVROC:

1. Note the current draft GVROC Strategic Plan 2022 – 2026 as presented.
2. Request each GVROC LGA CEO coordinate their LGA's input and comments on the draft back to the GVROC Executive Officer by 29 April 2022 and if required have a workshop of the GVROC CEOs Group to provide review and input into preparation of the final draft of the plan.
3. Request the GVROC Executive Officer to finalise the Strategic Plan for 2022-2026 and present back to the GVROC for endorsement at its meeting on 27 May 2022.

11.4 Infrastructure Australia - 2022 Regional Strengths and Infrastructure Gaps

Reporting Officer:	Andrew Mann, GVROC Executive Officer
Disclosure of Interest:	Nil
Date:	March 2022
Attachments:	Infrastructure Australia - 2022 Regional Strengths and Infrastructure Gaps Overview and WA Regional Analysis reports (Attachment 17 and 17.1)

Background:

Infrastructure Australia's landmark report highlights Regional Australia's strengths and opportunities for future growth and investment.

The [2022 Regional Strengths and Infrastructure Gaps](#) report provides government, industry, businesses and the community with a guide to support record migration and further growth, off the back of the 200 per cent increase in growth in Australia's regional areas in 2019/2020. This regionalisation trend has continued with the first quarter of 2021 being the largest internal migration on record.

In developing this report, Infrastructure Australia collaborated with 48 Regional Development Australia committees to conduct extensive consultation on community views. This was supported by engagement with key regional stakeholders, including businesses, peak bodies and industry groups, to help create a picture of each area's diverse assets, growth industries and infrastructure requirements.

These region-specific reports provide a lens to highlight and understand opportunities and prioritise investment. The *Regional Strengths and Infrastructure Gaps* report also looks for commonalities to promote collaboration and knowledge sharing to enable proactive planning led by local communities.

[Published alongside an interactive map](#) the report is a starting point for discussion between all parties to inform further planning, policy and investment solutions.

Key themes of Regional Strengths and Infrastructure Gaps

- Realising a regional renaissance – expansion of population brings a need to develop new service models and deliver expected infrastructure to continue growth.
- Shared perspectives in changing regions – identification of common themes: unique impacts from the COVID-19 pandemic; a greater need for proactive planning; major projects to be community-led; a changing social landscape; and First Nations communities' culture and connection to Country.
- Capitalising on Regional Strengths – recognition of existing assets and growth industries that continue to deliver benefit or attract new investment.
 - Key existing assets: natural environment, gateway ports, education and research institutions, natural resources, transport infrastructure, strategic location, cultural heritage, climate and topography; health infrastructure, water infrastructure, specialised precincts, energy infrastructure, defence assets, major attractions and tourism brand.
 - Key regional growth industries: agriculture, forestry and fishing, tourism, energy, knowledge sector, health care and social assistance, manufacturing, mining, transport, defence and aerospace.
- Prioritising Infrastructure Gaps – identification of three to four priority challenges and opportunities: Infrastructure Gaps most commonly highlighted included availability, diversity and affordability of housing; water security; mobile and broadband connectivity; access to further education and skills training; and connectivity through public transport networks.
- Spotlight on each region – recognition each area's diversity, opportunities and priorities by the 48 separate reports for further planning and to identify reform and investment options.

About Regional Strengths and Infrastructure Gaps

- Since the [2019 Australian Infrastructure Audit](#), Infrastructure Australia has been expanding its focus on regional infrastructure policy and projects. In the 2020 Federal Budget, Infrastructure Australia received additional funding for the report.

- Building on recommendations in the [2021 Australian Infrastructure Plan](#), the *Regional Strengths and Infrastructure Gaps* project identifies and spotlights priority challenges and opportunities across the nation regionally. For each of the 48 regions in the *Regional Strengths and Infrastructure Gaps* report there is a summary of its strengths – key existing assets and regional growth industries – and priority Infrastructure Gaps. These regional summaries were developed in close collaboration with governments, industry and communities.
- As part of this, Infrastructure Australia completed a comprehensive engagement program that targeted close to 1,000 community members and industry stakeholders across Australia to capture local perspectives on regional characteristics and challenges.
- Various government and industry data sources have been drawn upon to illustrate Regional Strengths and Infrastructure Gaps for each region. However, while we have prioritised contemporary data sources for each region, the availability of data both in terms of timing and availability for each region varies.
- *Regional Strengths and Infrastructure Gaps* provides a consolidated source of data using RDA boundaries and drawing on our definitions of Australia's regional geography. Current data at an RDA scale has been utilised where possible, however in instances where it is not available, data at local government or alternative regional boundary level is used.
- New sources of information are regularly made available and may not be reflected in this version of the report.

Further engagement with *Regional Strengths and Infrastructure Gaps*

- Infrastructure Australia is committed to ensuring the information outlined in the *Regional Strengths report* is current and accurately reflects the challenges and opportunities in Regional Australia
- Infrastructure Australia is encouraging all stakeholders to provide feedback and additional information to support this work program via the feedback form at www.infrastructureaustralia.gov.au. Submissions will be accepted until 29 April 2022.

Officers Comment:

Stakeholder engagement has been a focus in preparing the report, however Infrastructure Australia has acknowledged that it may not have considered all relevant data, evidence or local conditions.

Thus, they are now inviting comments and feedback on the report that can strengthen the evidence base or provide new data.

The Infrastructure Australia team will consider all comments received in response to the report. Where the balance of submissions, a strong foundation of evidence and/or the Infrastructure Australia team support an amendment to the report they will be incorporated. A refresh will be released later in 2022.

Comments and feedback on the report are requested by 29 April 2022. It is recommended that the GVROC review this report and determine if they would like to make a submission to Infrastructure Australia with comments and feedback by the due date.

Consultation: GVROC Chair

Financial Implications: N/A

Strategic Implications: Improved Liveability, social and community wellbeing.

RECOMMENDATION:

That the GVROC:

1. Note Infrastructure Australia's Regional Strengths and Infrastructure Gaps Report released in March 2022, which is now available for public comment.
2. Endorse the GVROC making a submission on the Report.
3. If endorsed, request that the GVROC Executive Officer liaise with the GVROC CEOs Group to prepare a GVROC submission by the due date of 29 April 2022.

Date:	March 2022
Attachments:	GVROC KPI's Executive Officer – Assessment March 2021 to February 2022 – Attachment 1 GVROC KPI's Executive Officer – New KPIs for next 12 months - Attachment 2

Background:

At GVROC meeting held on 26 March 2021 the GVROC resolved as follows:

RECOMMENDATION:

That the GVROC:

1. Endorse the new KPI's for the twelve – month contract extension through to 28th February 2022 for the GVROC Executive Officer role with Andrew Mann, Principal of Mann Advisory.
2. Request the GVROC Chair and the CEO for Shire of Coolgardie present the new contract with these KPIs to Andrew Mann of Mann Advisory for execution.
3. Request that the GVROC Chair and the CEO for Shire of Coolgardie initiate discussions relevant to contract review/renewal 3 months prior (28 November 2021) to the contract end date of 28 February 2022.

RESOLUTION: **Moved: Cr Peter Craig, Shire of Leonora**
 Seconded: Cr Jill Dwyer, Shire of Menzies

Carried

Officer Comment:

A set of seven KPIs were agreed to by the GVROC CEOs for the GVROC Executive Officer to be measured against over the next 12 months through to February 2022.

The GVROC Executive Officer's assessment against these KPIs is attached. Based on review of this assessment and the ongoing need for an Executive Officer to undertake this role, it is recommended that a new contract be offered to Andrew Mann at Mann Advisory through to the end of 2023.

In line with this recommendation, a new set of KPIs as attached be endorsed and that these be reviewed and updated as necessary and when new items need to be added. The management for this will be by the GVROC Chair, Cr Mal Cullen and the Chair of the CEOs Group, James Trail.

Consultation:	GVROC CEOs
Financial Implications:	Ongoing costs of contract at \$10,000 per month.
Strategic Implications:	Will have limited Executive Officer support if current contract is not extended if other options are preferred.
Voting Requirement:	Simple majority

RECOMMENDATION:

That the GVROC:

1. Agree to a contract extension through to December 2023 for the GVROC Executive Officer role with Andrew Mann, Principal of Mann Advisory.
2. Endorse the new KPI's for next 12 months to February 2023
3. Request the GVROC Chair and the CEO for Shire of Coolgardie present the new contract with these KPIs to Andrew Mann of Mann Advisory for execution.

4. Request the GVROC Chair and the CEO for Shire of Coolgardie along with the GVROC Executive Officer review performance against these KPIs in February 2023 and set a new list of KPIs as appropriate from March 2023 to December 2023 for the remaining duration of the contract extension.
5. Request that the GVROC Chair and the CEO for Shire of Coolgardie initiate discussions relevant to contract review/renewal 3 months prior (September 2023) to the contract end date of 31 December 2023.
6. Request the GVROC Chair to discuss an increase in the current remuneration for the Executive Officer position with Andrew Mann as part of the contract extension and report back to the GVROC on the outcome at the next meeting on 27 May 2022.

SUMMARY:

To obtain Council approval to advertise the draft Tourism Development Strategy and Destination Marketing Plan for public comment.

BACKGROUND:

The Shire of Menzies has an economy predominantly based on mining. However, it is one of the few local government areas within the Goldfields that has a world class tourism showpiece through the Lake Ballard sculptures.

A concept has been developed to provide an innovative tourism strategy that focuses on attracting world class artists and their work to Menzies and surrounding areas.

By developing a tourism strategy that embraces the treasures the Shire of Menzies has on its doorstep, and further developing the connection of art and environment, the area will have a unique selling point that will attract visitors from across the globe.

The proposal was for:

- Tourism Development Strategy – research and development of a 4-year tourism strategy.
- Destination Marketing Plan – Research and development of a 4-year marketing plan.
- New Initiative Project Plans – Write and design project plans for each new initiative.

COMMENT:

The Shire of Menzies is ideally situated to improve its tourist visitation. Without a strategy and plan the Shire risks wasting resources through ill-conceived ideas.

There is common agreement that leveraging off the Lake Ballard sculptures is a way the Shire can grow tourism without similar initiatives elsewhere. Other places with greater tourist potential within the Shire include Niagara Dam and historic townships, to name a few.

Development of the strategy and plan has allowed the community to be involved in having a say towards tourism growth in the future.

The documents are now in draft form and can be advertised for community comment.

OFFICER RECOMMENDATION:

That Council:

1. Endorses the draft Menzies Tourism Development Strategy 2022 and Destination Marketing Plan 2022;
2. Notes that community consultation will occur seeking comment on the draft reports; and
3. Notes that community comment will be considered, and the draft reports amended for final endorsement by Council.

Tourism Development Strategy
2022 - 2025

Executive Summary

The Menzies Tourism Development Strategy 2022–2025 seeks to redefine the way tourism is delivered in the Shire of Menzies. The intention of this strategy is to provide a clear vision and action plan for growing the local visitor economy between 2022 and 2025.

It has been developed in consultation with industry representatives, local community members and organisations, state tourism stakeholders, government agencies, and Aboriginal corporations. The process has also involved research and situational analysis of the current tourism landscape, visitor markets and the strategic context of tourism within the Shire.

The strategy will be used to direct budget and resources allocation, inform tourism initiatives and projects over the next four years. Guided by the themes of arts and culture, goldrush history, Indigenous culture and heritage, and the natural environment, the strategy framework is supported by the following five strategic pillars:

- Visitor experience, product and activation
- Infrastructure and accommodation
- Existing history and heritage products
- Events and festivals
- Marketing and visitor services

Finally, based on research, analysis and consultation, the key activities identified in the tourism development action plan will address the following issues:

- Addressing low overnight visitation through attracting investment in accommodation and development of unique accommodation products.
- Taking a regional approach to tourism through collaboration and partnerships with other regional shires and key tourism stakeholders.
- Focusing on product development and delivering tourism product that will drive visitation and grow the visitor economy.
- Leveraging future growth markets like millennials and high-value travellers.
- Delivering contemporary visitor information services and digital excellence.

By developing a tourism strategy that embraces the treasures the Shire of Menzies has on its doorstep and further develops the connection to art, culture and heritage the area will have a unique selling point that will attract visitors from across the globe.

Tourism Development Strategy
2022 – 2025

Background

Menzies Shire Council is planning for the Shire’s economic future by preparing a Tourism Development Strategy and Destination Marketing Plan to provide a clear vision and action plan for the region’s tourism industry.

KALSEC was commissioned by the Shire of Menzies in September 2021 to deliver an innovated tourism strategy, supported by research and stakeholder engagement, with a focus on:

- Blue sky thinking and the opportunity to explore new ideas for the Shire,
- Providing direction with regard to where resources can achieve the best return on investment, and
- Defining key market segments and future growth markets so the Shire can target spending when promoting Menzies.

Consultation & Research

The information presented in this strategy was informed by consultation with representatives from local community groups and organisations, tourism

Tourism Development Strategy
2022 – 2025

stakeholders, government agencies, and Aboriginal organisations. Additionally, the research conducted reviewed existing assets, products, experiences and events that influence tourism and the visitor economy. The outcomes of this consultation and research highlights keys issues and barriers to increased visitor numbers and opportunities to develop tourism as a key economic driver for the Menzies Shire.

Existing Policy

Although tourism has not historically played a significant role in the Shire strategy, the tourism industry is a sector which could become a substantial part of a local economy, especially when supported by Government. Menzies has a range of significant assets throughout the Shire; yet product development and activation has been relatively limited in the past. However, the Shire’s recent Corporate Business Plan 2020–2024 does support growing the local visitor economy, through encouraging industry investment in the Shire, promoting and developing Menzies as a regional place to visit, the provision of caravan/camping facilities and conservation of heritage and natural assets, as discussed under Strategic Alignment.

Context

Location

The Shire of Menzies is located approximately 700km North-East of Perth and 130km North of the Kalgoorlie-Boulder. The Shire is the seventh largest Local Government Authority (LGA) in Western Australia, covering 128,353 km², extending from the Shires of Sandstone, Yilgarn and Coolgardie in the West all the way across to Great Victoria Desert Nature Reserve and the WA/SA border in the East.

The Shire has two main populaces, being the Menzies townsite with a population of 235 and 130 dwellings and the remote Aboriginal community of Tjuntjuntjara with a population of 150. The key industries in the Shire are Pastoral and Mining (gold, nickel, iron ore) and forms a part of the Goldfields-Esperance Region, and the Northern Goldfields and Australia's Golden Outback tourist regions.

Visitor Numbers

Menzies Shire

The Shire of Menzies collects visitor data through its Lady Shenton Hotel Visitor Centre, with each visitor with their reason for visit recorded by staff. Between July 2016 and June 2021, the Shire had around 35,000 tourists visit the Menzies Townsite with over 5,500 staying overnight in the caravan park during the same period. This equates to approximately 16% of visitors converting to overnight stays. However, it is very important to note that these figures do not include any overnight stays at popular free camping sites in the Shire like Niagra Dam, Kookynie and Lake Ballard.

Regional Visitors

TourismWA reports that between July 2016 and June 2020 Australia's Golden Outback averaged 1.17 million visitors per annum, adding \$2.4 billion to the region's economy during the same period.¹

The majority of visitors to Australia's Golden Outback are WA residents aged 15 years and over who spent a minimum of one night away, at least 40km from their home. These intrastate visitors make up 86% of the visitor market, spending an average of \$471 million per annum.

Regional Tourism

Source: Golden Quest Discovery Trail

The Northern Goldfields region covers over 678,000 km² and comprises the Shires of Menzies, Leonora, Laverton, Wiluna and Ngaanyatjaraku Shires. The Northern Goldfields forms a part of Australia's Golden Outback, as defined by Tourism WA, which extends from the Tropic of Capricorn in the north, Moora in the West, and Esperance in the South and across to the South Australian border.

Within the wider Goldfields region, including the Shire of Dundas and Shire of Coolgardie, the City of Kalgoorlie-Boulder is considered the regional visitation hub, as it is well serviced and easily accessible from Perth. In particular it is accessible by daily commercial flights, passenger rail services and via the Great Eastern Highway, as the main arterial road to the region.

Kalgoorlie-Boulder has developed a reputation as the hub of history and heritage of the Goldfields. As a result of this, there has been a lack of promotion around other towns in the region. However, we understand that this issue will soon be addressed by those underrepresented LGAs, through the provision of funding to Australia's Golden Outback to reinvigorate the Golden Quest Discovery Trail and increase promotion of the Northern Goldfields.

The landscape of tourism in Western Australia has been significantly impacted by the global pandemic. Since the initial regional travel restrictions in March 2020, to the continued hard border restricting entry to interstate and international travellers throughout 2020, 2021 and into 2022, the COVID-19 pandemic has and continues to have long-lasting impacts on the tourism industry.

However, the impact COVID-19 has had on tourism in WA, is only one factor that has resulted in long-term changes of the tourism sector. Over the preceding decade the industry has been evolving

rapidly with digital change impacting the sector dramatically. With the unprecedented access to destinations, products and experiences online, visitor behaviour and preferences have rapidly evolved and continue to do so.

This coupled with restrictions in visitor access due to the pandemic and organic generational shift, make it imperative for Menzies to capitalise on new visitor markets and high-impact experiences to encourage investment and long-term market engagement in an increasingly competitive landscape.

Traditional Tourist Profile

Baby Boomers are currently the largest market sector for the region, making up 40% of intrastate visitors, 54% of interstate visitors and 43% of international visitors. Baby Boomers are traditionally identified as being less budget-conscious and likely to spend more on hotels and luxury accommodation than other market segments. They are also the segment that takes the longest trips when travelling interstate and internationally, averaging 7 to 10 days.

A subsection of this market is 'Grey Nomads', who are generally aged 60+ and travel both intrastate and interstate with caravans or campervans. In contrast to Baby Boomers this subsection is generally considered more budget conscious and less likely to spend money on accommodation, i.e. preferring free camping or renting a site in a local caravan park instead of booking a hotel room or luxury accommodation. 'Grey Nomads' are also less likely to invest in other areas of the local economy like restaurants, bars and eateries as they are often self-contained, preparing their own meals in their caravan/campervan.

Whilst an important economic source at present, it should be noted that due to national generational shift, these markets will become less important to future strategies.

Generational Shift 2022 - 2032

New Visitor Markets

Millennials

Generational shift within the Australian population means that half of all tourism spending will be made by Millennials by 2025, as such this is a key market for tourism over the next 10 years. Millennials are more likely to seek out unique accommodation options and are more willing to spend their travel budget on quality food and experiential activities, rather than luxury hotels and traditional tourism products.

It is important to note, that within this market sector there are many subsections, such as young families, couples with no children and group getaways, however, they all have similar underlying motivations for travel: escaping the city, discovering new places, seeking out new experiences, and embracing nature/the natural environment.

Empty Nesters

Empty Nesters, generally aged in their 40's and 50's with children who have moved out of the family home, are market-conscious, experienced, well-travelled tourist. With higher disposable income and more time to travel, this market segment is more likely to spend more time exploring locations outside of traditional leisure destinations, such as those targeted at young families or those looking for shopping and recreation activities.

Empty Nesters are also likely to seek out cultural experiences, natural encounters, and wellbeing enrichment activities, and are willing to spend more money on accommodation and in local eateries, bars and restaurants.

High Value Travellers

High value travellers are more likely to travel for a reason. They are also more likely to disperse regionally, travelling further and staying longer. Most importantly, this type of tourist has above average trip expenditure, spending more than traditional markets. Two key subsections of this market that Menzies would most benefit from targeting is Artists/Art Lovers, and Nature-based Travellers.

High Value Markets

Artists & Art Lovers

Artists and art-lovers have spent centuries travelling the globe to not only see, but experience art of all kinds. They seek the new, the ancient, the known and the unknown alike, all in an attempt to capture a moment or feeling unique to each place or work. The Inside Australia exhibition at Lake Ballard is a truly unique attraction that has the potential to draw in those who want to experience the exhibition, but also artists who want to connect with and find inspiration in surrounding landscape.

Nature Based Travellers

The Menzies is remote and yet accessible, sparse while also utterly breathtaking in its vastness. This type of environment attracts those looking to escape, outback adventurers and those taking the road less travelled. This type of traveller wants to reconnect with nature and seeks out unique natural attractions and are more likely to take the time to search for unspoiled, unpolished gems that provide the chance for adventure. Through developing experiences that provide the opportunity for this connection with nature, there is a high potential for the Shire to increase tourism in this market.

International & Interstate Tourism

Despite the interstate and international tourist market being crippled by Covid-19, this is a key market sector for most tourism operators throughout Australia. These types of travellers are willing to travel further seeking picturesque locations and unique experiences.

Although this market sector currently only represents a very small proportion of visitors to the Shire, there is potential for this market to grow through developing exceptional experiences, such as interactions with nature, wildlife, and Indigenous culture.

The region will also need to develop better accommodation choices in order to attract interstate and international visitors. Whether it be in traditional accommodation or low-impact environmental alternatives these travellers require luxury accommodation and high-quality food and beverage options in order to visit a remote area or tourist attraction.

Through the right product offering and the development of new accommodation options there is the potential to grow these lucrative tourist markets exponentially in the future.

Strategic Alignment

TO OTHER PLANS

As an LGA, the Shire is responsible for service delivery outcomes in regard to the local economy, community, civil leadership and heritage. It also plays an important role in facilitating the growth and development of the visitor economy.

The purpose of this strategy is to provide the Shire and the community with a clear direction for the future of tourism in the area and will guide Council priority setting and decision making on tourism initiatives over the next four years. Through this strategy the Shire of Menzies will play a key role in regional tourism, leading development and growth of the local visitor economy.

Strategic Community Plan

The Shire of Menzies Strategic Community Plan sets the priorities of the Shire and its operations from 2021-2031:

- Our Community: A vibrant and inclusive community
- Local Economy: A prosperous local economy
- Our Environment: Enhance and maintain our built infrastructure and natural environment
- Leadership: Responsible management and good governance, leading an empowered community

Tourism Development Strategy
2022 - 2025

Corporate Business Plan

The Corporate Business Plan 2020-2024 outlines the actions developed to meet the objectives set out in the Strategic Community Plan. The following outcomes are key to the success of the Tourism Development Plan:

Outcome 1.7: Tourism Growth:

- Promote and develop Menzies as a regional place to visit
- Participate and complete development of a regional tourism plan
- Support the local visitor centre
- Build tourism capability through events, arts, history, walkways and cultural experiences.

Outcome 2.7: Increased Capacity and Accommodation Choices

- Review land strategy and policies and provision of caravan and camping facilities

Outcome 2.8: Community Identity

- Continue to develop and maintain the main street in Menzies
- Increase communication and tourism signage throughout the Shire
- Review Shire logo and promotional materials, including a Shire Prospectus

Outcome 4.1: Natural Environment Conserved

- Develop a tourism strategy and tourism plan including a shire prospectus

Outcome 4.2: "Inside Australia" and Lake Ballard Protected

- Manage and maintain the Lake Ballard Reserve
- Review local laws in relation to vehicle access
- Liaise with Australia's Golden Outback and key stakeholder to promote Lake Ballard Reserve

Outcome 4.3: Niagara Dam Protected

- Manage and maintain the Niagara Dam and camping area in line with asset management plan

Outcome 4.4: Sculptures in Town to Attract and Inform

- Maintain sculptures and information boards in consultation with the artist
- Increase the number and maintain sculptures in Menzies and Kookynie

Outcome 4.5: Preservation of Indigenous Culture and Heritage

- Work with Menzies Aboriginal Corporation and Tjuntjuntjara community to appropriately preserve Aboriginal culture and heritage
- Develop appropriate information for public use and distribution regarding the culture, heritage and significant sites

Outcome 4.6: Built Environment Preserved

- Develop a program for the preservation and restoration of buildings in Menzies, Kookynie, Goongarrie in line with asset management plan
- Investigate opportunity to develop former rifle range and potential for Kings Cup event.

Strategy Framework

Strategic Pillars

The following five strategic pillars have been developed through research, analysis and consultation and to facilitate the strategy framework.

1 Visitor Experience & Product Activation

Improve the quality and quantity of experiences and tourism products

2 Infrastructure & Accommodation

Increase accommodation options and improve accessibility and revitalise key tourism assets within the Shire of Menzies

3 Existing History & Heritage Assets

Enhance, interpret and promote key history and heritage assets

4 Events & Festivals

Attract and develop events and festivals that encourage community engagement and draw visitors to the Shire of Menzies

5 Marketing & Visitor Services

Build awareness of the region in a way that showcases existing assets and adopt a contemporary approach to visitor services

Key Themes

Arts & Culture

Arts tourists are travelling beyond east coast states, and a higher portion of visitors to regional areas of WA engage with the arts compared to those who visited Perth'. With the 'Inside Australia' exhibition created by Turner Prize-winning artist Antony Gormley and the Our Way and Our Place public art trail Menzies the development of the arts and culture sector within the Shire presents a range of opportunities to enhance the Shire's offer to tourists in the long-term.

Gold Rush History

Tourism trends show that heritage is one of the most reliable motivators for visitors to regional Australia, with 50% of tourists seeking to discover and learn about local heritage and connect with historic places, people and culture². With a rich Gold Rush history in the area such as Kookynie, Goongarie and Niagra Dam and multiple areas of interest on the Golden Quest Discovery Trail, the Shire is well positioned to build tourism through not only the Menzies townsite, but also through the preservation and leveraging other heritage places and areas of historic significance in the region.

Key Themes (continued)

Indigenous Culture & Heritage

Lake Ballard is intimately associated with local Aboriginal spirituality through the Seven Sisters Dreaming, with Aboriginal custodians living near or visiting the area for well over 10,000 years.

Research shows that Aboriginal cultural experiences encourage visitors to disperse further into remote regions of WA³, & with a significant location like Lake Ballard, Menzies is well positioned to grow visitor numbers through supporting local Aboriginal organisations and business to develop cultural touring experiences within the Shire.

Natural Environment

Lake Ballard and the complex mosaic of the surrounding Mulga Woodlands are an extremely important wetland to the endemic Banded Stilt species and also an important migration stopover for a variety of waterbird species. Nature-based tourist travel to destinations with unique flora, fauna and cultural heritage in search of experiences that connect them with the natural environment in beautiful landscapes⁴.

The unique landscape and natural treasures in the Menzies area highlight need for the Shire to support sustainable tourism initiatives through protecting key natural heritage assets.

SHIRE OF
Menzies

Destination Marketing Plan
 2022 – 2026

About the Shire

Menzies is a mining and pastoral Shire located 730km east of Perth in the Northern Goldfields region, and forms a part of the Goldfields-Esperance Region, and the Australia's Golden Outback tourist regions.

Covering over 128,000 km², the Western boundary of the Shire borders the Shires of Sandstone, Yilgarn and Coolgardie and the Eastern boundary abuts the South Australia border and the Great Victorian Desert. The two main areas of population are Menzies Townsite with around 250 people and another 150 located in Tjuntjunjarra community near the border.

Strategic Positioning

The Shire supports investment in tourism and provides for the promotion and development of the Shire as a regional place to visit.

Strategic Objective

Increase awareness of the treasures Menzies has to offer, through promoting the rich history of the area and its deep connection to arts and culture

Community Vision

To be a prosperous, sustainable and dedicated community in which all residents are able to participate in decision making and benefit from the Shire's many opportunities and resources.

From the Shire's recent *Corporate Business Plan 2020-2024*

PART 1

Review & Analysis

Current Situation

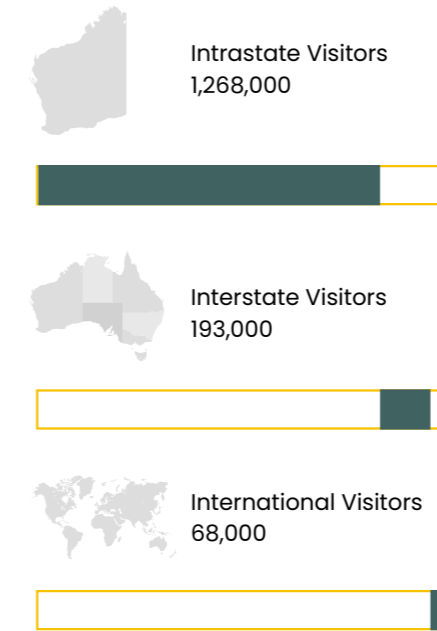

Current Market

There is limited data available for the Shire of Menzies alone. However, Tourism WA gathers and publishes information relating to Australia's Golden Outback (AGO) where the Shire is located.

This data has been used in conjunction with the Menzies visitor statistics to inform and extrapolate market trends.

It is important to note however, due to Covid-19 and its impact on international and interstate travel, Tourism WA factsheets are only available up to December 2019.

Visitor Origins

Visitor Trends

Regional Context

City of Kalgoorlie-Boulder

Kalgoorlie-Boulder has around 237,000 visitors per annum with two-thirds of the visitor market made-up of business travellers (FIFO, travelling alone for work), who stay in hotel and motel accommodation while visiting the area for work - generally 1-3 nights.

City of Kalgoorlie-Boulder Tourism Strategy 2020-2024

Shire of Coolgardie

Due to the small sample size of the Shire of Coolgardie visitor information, with captured data estimated as representing only around 4% of total visitors. As such visitor trends for the Shire were assumed to follow those of the Goldfields-Esperance region - 51% of visitors to the region were business travellers.

Shire of Coolgardie Strategic Tourism Plan 2021 to 2023

Shire of Leonora

Over half of the Leonora visitor market is comprised of domestic business travellers, predominately from the mining industry. These visitors stay in hotel, motel, caravan parks and single persons quarters (FIFO camp) accommodations.

Shire of Leonora Local Planning Strategy (May 2019)

Tourism Market Comparison

	Menzies	Kalgoorlie-Boulder	Leonora	Coolgardie
Commercial Flights	No	Yes	Yes	No
Passenger Trains	No	Yes	No	No
Luxury Accommodation	No	Yes	Yes	No
'International Ready' Experiences	No	Yes	Yes	No
Promotes Tourism Themes of:				
Arts & Culture	Yes	Yes	No	No
Goldrush History	Yes	Yes	Yes	Yes
Indigenous Culture	Yes	No	No	No
Natural Environment	Yes	Yes	No	Yes

The LGAs included in this comparison were chosen due to their proximity to the Shire of Menzies and a shared 'Goldfields' identity and history. They are also promoted together by Tourism WA under the Australia's Golden Outback tourism region.

Strengths

- Lake Ballard – One of Australia's largest outdoor galleries and Menzies biggest attraction
- Golden Quest Discovery Trail – delivers large tourist numbers to the region
- Outback Highway – 4 day The Outback Way self-drive itinerary
- 4WD Touring – the region has four trails widely acclaimed in Australia and overseas, Northwest Nullabor Shortcut
- Goldrush History & Heritage – historic buildings and sites, early explorers, abandoned/ghost towns and historic cemeteries
- Natural environment – travellers looking for the vast, remote, outback experience, magnificent sunsets, clear night skies for astrologers, wedge-tailed eagles

Weaknesses

- Lack of Access – the road to Lake Ballard is unsealed, no buses go out there and hire cars cannot use
- Lack of Facilities – Minimal food, petrol and accommodation facilities
- Seasonality – summer months see low visitor numbers and extreme weather conditions
- Awareness – Both the Shire and the Northern Goldfields has a low market awareness for interstate and international visitors
- Accommodation – low standard and lack of capacity inhibits visitor retention and growth, and unable to accommodate coach groups
- Lack of promotional material - area maps, walking trails, souvenirs, keepsakes etc. for tourists to promote the location after they have left

Opportunities

- Insta Tourism – popularity of Instagram to get the perfect photo or experience is high and drives tourism, free advertising
- Unique locations for Glamping – hen’s/bucks parties, weekend getaways, high-value travellers
- Scenic Tours – helicopter tours for Lake Ballard fly overs, or destination flights for proposals, or chauffeured 4WD tours glamping, champagne picnics
- New events & incentives – increase visitor numbers during shoulders season through unique events and incentive operators to run shoulder season tours
- International visitors – as borders continue to open, overseas visitors will be looking for the unique outback experience
- Events – host events at Lake Ballard, street markets, concerts, arts & culture
- Local Indigenous Workshops – arts, culture, food
- Accommodation – would allow travellers to stop overnight to visit Kookynie, Gwalia, Niagara Dam etc.

Threats

- Road closures – inclement weather washing out access roads causing road closures during peak tourist season
- Coastal destinations – enjoy higher profile of tourist market and more picturesque marketing imagery
- Competing regions with easier access - Kalgoorlie-Boulder not funnelling interstate or international visitors through to the Northern Goldfields
- Retention of events – losing events to other Shires, events folding due to lack of accommodation, infrastructure and community support
- Lack of investment in tourist infrastructure by industry/business – in particular investment in Lake Ballard and Inside Australia and accommodation
- Low prioritisation/lack of funding by State Government – Low upkeep by MainRoads and Parks & Wildlife Service controlled assets not maintained
- Limited promotion of the Shire by industry – due to limited accommodation options for interstate and international travellers

Key Attractions

Lake Ballard & Inside Australia

Lake Ballard is home to the 'INSIDE AUSTRALIA' exhibition by world-renowned sculptural artist Sir Anthony Gormley. The installation has 51 sculptures created from measurements of members of the local community.

The Lake Ballard conservation area has designated camping grounds within walking distance of the salt lake and exhibition walking trail, with multiple outdoor toilets, BBQs and picnic tables. The area however does not have a caretaker so rubbish bins are not provided.

The salt lake can only be accessed by foot with no access for those with physical disabilities or limited mobility, and can be difficult to traverse following periods of rain as the surface of the lake softens.

'INSIDE AUSTRALIA' and Lake Ballard are promoted through various online channels, including a dedicated website (lakeballard.com), and pages on both the AGO and TourismWA websites. It is also a stop on and promoted through of the Golden Quest Discovery Trail.

Key Attractions

Gubbee Menzies Wongi 'Our Way' and 'Our Place' Historic Walk Trails

The Menzies Historic Walking Trail is a collection of sculptural art displays providing an insight into the history of the town and surrounding areas. These trails are ideal for visitors who want to explore the town and takes them on a leisurely walk through the town. The trail has 24 sculptures and is split in two parts - "Our Place" that interprets the Aboriginal experience in Menzies and "Our Way" that depicts the history of Menzies during the Goldrush.

Our Place

These interpretive installations share the Gubbee Menzies Wongi stories and experiences in Menzies. The stories are highly personal and told in the language and words of the storytellers. The rust and black steel cut-outs illustrate stories of the difficult transition years of the Wongi people who were the first to settle in the town.

Our Way

This walking trail runs the length of the Shenton Street with 12 sculptures depicting the early history of the town and its people. With more than 10,000 people living in the town at the height of the Goldrush in the early 1900s, Menzies is steeped in history and Our Way provides visitors some insight into the past.

Tourism Assets

Tourism Assets

Golden Quest Discovery Trail

The Golden Quest Discovery Trail winds its way through the Goldfields covering 965kms from start to finish. Some of the popular sites promoted as part of the trail are Menzies townsite, Lake Ballard, Goongarrie National Park & Homestead, Niagara Dam and Kookynie Ghost Town.

Niagra Dam

Niagara Dam was built in 1898 by the Railways Department to provide water for locomotives travelling the Kalgoorlie to Menzies route. Today the area has a camping area with campfires, toilets and a black water dump point.

Kookynie

The tiny town of Kookynie is located 68km NE of Menzies and has only 13 residents. At the height of the Goldrush Kookynie had over 3500 residents, multiple hotels, several churches, a brewer, two banks, a school, hospital, race course, public swimming pool, train station with daily train services and a stage coach.

The town now has two key tourism assets, the Grand Kookynie Hotel and the Kookynie Ruins. The hotel has historical images and photographs, antique bottle collection and is a great place to grab a beer and meet the locals like Willie the horse when he visits the front bar. The Kookynie Ruins include the Cosmopolitan Hotel, restored Cumberland Street Shops (privately owned), old electric street lights and a historic cemetery.

Snake Hill

Snake Hill lookout is located 3km from Lake Ballard. The lookout is a short walk from the camping and picnic area at the bottom of the hill and is the best vantage point to view the whole of the Lake Ballard reserve.

Morapoi Station

Located 35 minutes from Menzies Morapoi Station is Aboriginal owned and operated and provides station stay experiences coupled with ancient dreamtime stories, with the station owners sharing their experience and 40,000 years of culture with visitors.

Goongarrie Station & Cottages

Goongarrie Station is located 94kms north of Kalgoorlie and 55kms south of Menzies. The station is managed by the WA Parks & Wildlife Service and consists of 100,686 hectares of dominantly eucalyptus and mulga landscape.

The area has numerous walking trails plus fresh water swamps, bird life and wildflowers when in season. The location is ideal for picnics & day trips.

Camping is also available year round and options include the Homestead, the Sandalwood camp and Shearers cottage plus a number of bush sites with basic facilities ranging from picnic tables, fire pits, toilets and showers.

The Goongarrie Cottages are the only buildings that remain from the once thriving Goldrush town established in 1893. The original railway cottages are located on the Goldfields Highway and have interpretive signage for visitors to stop and read about the history of the town.

Tourism Assets

Menzies Townsite

The town of Menzies has a variety of historic buildings and attractions for visitors to the Shire, including the historic town hall with its infamous clocktower and its story of the missing clock that took 99 years to arrive. The town hall is now home to the Shire of Menzies council offices and has a popular ANZAC memorial and mural

Painted on the northern side of the building.

The Lady Shenton Hotel building is located on the main street and is now the town Community Resource Centre and Visitor Centre.

The town is also a popular stopping point for families in the warmer months due to the public waterpark.

Historic Cemeteries

For history buffs most burial sites are not creepy or morbid, but hold a lot of history, culture, and art. Wandering through a graveyard allows visitors to learn more about the people who lived in an area or region.

Kookynie

There are 176 graves located at Kookynie cemetery.

Niagra

The cemetery near Niagra Dam has 86 graves.

Menzies

Due to a typhoid outbreak between 1895 and 1905, Menzies has one of the largest historic cemeteries in the Goldfields. 105 people died of the disease during the outbreak.

PART 2

Strategy & Branding

New Markets

In order to increase future visitor numbers, the Shire of Menzies will need to attract high-value travellers and grow interstate and international visitor markets. The following visitor markets have been identified as key to tourism development in the Shire of Menzies.

Millenials	Interstate & International	Empty Nesters	Artists & Art Lovers	Baby Boomers* <small>*Excl. Grey Nomads</small>	Nature-based Travellers
<p>Will represent half of the visitor economy within 10 years</p> <p>Motivated by 'discovery' & seek out unique accommodation options</p> <p>Spend more on food and experiences than hotels or luxury travel products</p>	<p>Willing to travel to for unique experiences & picturesque locations</p> <p>Seek out interactions with wildlife and Indigenous cultural experiences</p> <p>Only travel to locations with luxury accommodation and high-quality food and beverage options*</p> <p><small>*For high spend travellers</small></p>	<p>Well-travelled with disposable income</p> <p>Willing to travel further to reach remote locations</p> <p>Seek out and spend on cultural experiences, natural encounters and wellbeing enrichment activities</p>	<p>Travel internationally for high quality and renowned exhibitions</p> <p>Seek experiences that capture a moment or feeling with the work</p> <p>Seek out and spend on experiences that allow them to connect and find inspiration in surrounding landscape</p>	<p>Less budget-conscious and spend more on hotels and luxury accommodation</p> <p>Travel further, taking longer trips</p> <p>Build visitor economy through spending in restaurants, bars, etc.</p>	<p>Outback adventurers looking to "Escape the City"</p> <p>Seek out remote natural attractions</p> <p>Willing to travel further and take the road less travelled</p> <p>Spend more on experiences than accommodation</p>

Strategy

Successful destination marketing is based on consistent branding and positioning that is authentic in its portrayal of the location, attracts key visitor markets and helps guide the development of new tourism products and experiences.

The key to achieving this is ensuring that the Shire is positioned in a way that sets it apart as unique from its neighbouring LGAs in the Goldfields, whilst simultaneously promoting a shared 'Goldrush History'. It is also important that the Shire's branding is attractive to high value markets and seamless across all mediums.

Positioning

Based on the Shire's recent *Tourism Development Strategy 2022 – 2026*, the following four key themes have been identified to provide the framework for promoting tourism in the Shire of Menzies:

- Arts and culture
- Goldrush history
- Indigenous cultural heritage
- Nature based tourism

Arts & Culture

Positioning the Shire of Menzies as a regional arts and cultural destination will bring visitors and establish a 'creative ecology', but with 'INSIDE AUSTRALIA' at Lake Ballard and the 'Our Place' and 'Our Way' cultural walking trails in Menzies town this task readily achievable.

Additionally the Tjuntjunjarra community also has strong links to the visual arts through the renown Spinifex Project, with Aboriginal original artworks being sold and shipped throughout the world.

The key to successfully positioning the Shire as an arts and cultural destination is the combination of promoting both attractions and experiences that will appeal to travellers. An example of this is the 'Legendary Pacific Coast' in NSW:

"When someone plans a visit to the Port Macquarie Museum, they might stay at The Observatory Resort Hotel or just up the road Rydges Port Macquarie, enjoy a horse ride to a historic pub with Bellrowan Horseriding, eat at local cafes and restaurants, and may even call into Billabong Koala and Wildlife Park on the way home. In the end it is the combination of these local organisations and businesses that create the experience."

Belinda Novicky, Executive Officer, *Legendary Pacific Coast*

Source: artshub.com.au, Why arts and tourism need each other (7 Jun 2016)

Goldrush History

Menzies was the third major settlement after Coolgardie and Kalgoorlie during the goldrush of the late 1890's. The Shire is also home to other significant goldrush settlements Kookynie and Niagra. With such strong links to the shared history of neighbouring Shires, positioning the Shire of Menzies as key to the history of the Goldfields allows for cross promotion and partnerships, such as with the Golden Quest Discovery Trail.

Indigenous Culture

There are tourism assets within the Shire that provide visitors with opportunities to learn about local Aboriginal people, their ancestors and their stories, i.e. the Gubbee Menzies Wongi "Our Way" interpretive displays. However, in order to position the Shire of Menzies as "rich in Indigenous culture" it is critical that there are opportunities for visitors to participate

in authentic Indigenous experiences. It is also important that these experiences, such as visiting cultural sites or on-country learning, about bush tucker, etc. are provided by Aboriginal run tourism businesses. Without both of these elements, positioning the Shire in this way may be perceived by visitors as disingenuous and damage the Menzies brand.

Natural Environment

Research shows that nature-based tourism is one of the fastest-growing sectors in the industry. This type of tourism attracts high-value travellers who are willing to spend on quality experiences such as glamping and eco-accommodation. Although the Shire of Menzies has spectacular landscapes filled with vast salt lakes and unearthly night skies, with the extreme temperatures of the harsh arid bushland, visitors may struggle with adapting to the environment.

Management

The Shire will manage tourism development and promoting Menzies as an attractive tourist destination through the following:

Delivery of Visitor Information

Through the management of the Lady Shenton Community Resource and Visitor Centre, the appearance of Menzies townsite and key outdoor spaces, and holder of local history and heritage information.

Leadership and Industry Support

Through employment of a Community Development Specialist to engage with important stakeholders across the industry, other local government officers and various government agencies.

Management and Conservation

Enhancing assets of significant cultural, historical & natural importance for use by tourists and locals alike.

Event Attraction and Support

Supporting a diverse range of events, businesses, and services, and providing guidance and approvals on issues relating to land use, environmental and health legislation.

Imagery

- Lake Ballard • Gormley Statues • Tjuntjunjarra Art
- Our Place & Our Way Installations
- Clock Tower • Kookynie Ruins • Historic Buildings

Branding

A well defined brand can be critical to the success of marketing a destination to high-value travellers and key tourist markets. When talking about "branding", most people think of logos, slogans, etc. but it is less tangible than that. A logo or slogan is only part of the puzzle, creating a brand is actually about using multiple elements in a consistent manner to create recognition and understanding.

For a destination like Menzies, in addition to modernising the Shire logo, creating a "brand" also includes using colour schemes that are attractive to your key visitor markets, ensuring that imagery is beautiful, authentic and intrinsically linked to market positioning, and using emotive language to create stories that evoke feelings of connection or wonder that will attract visitors to the area.

SHIRE OF MENZIES TOURISM INITIATIVES

As part of the of the Shire of Menzies Tourism Development Plan and the Menzies Destination Marketing Plan, two new projects have been identified as key to jump-starting tourism investment and increasing visitor numbers in Menzies:

- 'Inside Australia' 20th Anniversary Gala Dinner
- Bi-Annual Art Prize to create a Sculptural Art Trail

These two initiatives have been identified as key to positioning the Shire of Menzies as a regional arts and cultural destination and action items in the Tourism Development Plan under Strategic Pillar 4 - Develop and enhance events and festival

PROJECT ONE

INSIDE AUSTRALIA 20TH ANNIVERSARY GALA DINNER

Brief Description

This event will celebrate the 20th anniversary of the opening of the 'Inside Australia' exhibition by world renowned, Turner Prize winning sculptor Anthony Gormley.

Taking place at twilight at the Lake Ballard Reserve, this event will be an opulent Gala Dinner with light installations, live music and luxury accommodation for guest to stay overnight in the area following the dinner.

Location

Lake Ballard Reserve

Planning Phase

2022-2023 Financial Year

Proposed Date

Between Late-September and Mid-November 2023

Weather conditions are ideal at this time of year. Daily max temperatures reach 23-30°C, with minimal rainfall and overnight temperatures around 11-15°C.

PROJECT ONE

Project Purpose

The key outcome for this project is activation of the Lake Ballard Reserve. In particular through industry funded upgrades to the tourism infrastructure such as interpretive signage, disabled access, luxury overnight accommodation options (within Menzies townsite) and capacity building to meet the requirement of coach tours and expectations of international visitors

Alignment with Other Regional Events

- Queen's Birthday Public Holiday (25 Sept 2023)
- City of Kalgoorlie-Boulder Art Prize (annual event Mid-Sep to Late-Oct)
- Inland Art Prize* (bi-annual event, June 2023)

*previously the Leonora Art Prize

Key Partnership

Art Gallery of Western Australia (AGWA)

As conservators for the 'Inside Australia' installation AGWA are a key stakeholder in the event, through gaining approvals from Anthony Gormley's studio and reviewing event plans to avoid any adverse impact on the installation. Additionally, the AGWA Foundation donors range from Patron (\$1m) to Fellow (\$15,000). The generosity of Foundation supporters may be leveraged for maintenance and promotion of the 'Inside Australia' exhibition and generate investment in the Menzies area in the long-term.

PROJECT TWO

ART PRIZE & SCULPTURAL ART TRAIL

Brief Description

This project will consist of two parts – an Art Prize focused on sculptural art with winning sculptures being commissioned and placed around the Shire. This will then develop overtime into a Sculptural Art Trail anchored around the already popular Lake Ballard reserve and 'Inside Australia' installation.

The Art Prize will be held annual for the first four years, then switch to a bi-annual event to

alternate with the Inland Art Prize in Leonora. This timeline will jump-start the art trail, ideally creating 6-8 sculptures initially and building up to 10-15 sculptures over 10 years.

Location

Lady Shenton Hotel CRC

Planning Phase

2022-2023 Financial Year

Proposed Date

Between March and May 2023

Project Purpose

The aim of this project is attracting world class artists and their work to the Menzies town centre and surrounding areas, which will in-turn attract other high-value travellers.

By emphasising current assets, creating a new world class asset in the Sculptural Art Trail and promoting this connection between art, history and the environment, the Shire will have a unique selling point that will attract visitors from across the globe.

Alignment with Other Regional Events

- Easter Long Weekend (7-10 April 2023)
- School Holidays (7 April - 23 April 2023)
- Inland Art Prize* (bi-annual event, June 2023)

*previously the Leonora Art Prize

Key Partnership

Mining Companies with operations in the Menzies Area

Mining companies are very aware of the impact operations have on local communities, with most having corporate social responsibility policies that include investment in local community programs. Through targeted sponsorship opportunities, direct investment or grant programs, local mining companies may be engaged to support annual community events and initiatives that will boost tourism and the visitor economy.

BENEFIT TO THE SHIRE & BARRIERS TO SUCCESS

Attracting New Visitor Markets

Local events are an extremely effective way to promote regional towns to new markets. Regular events held around the same time each year can raise the profile of an area, with familiarity with a town increasing as the event becomes more popular. Events can also drive revenue to local businesses, encouraging visitor patronage and driving visitor traffic from neighbouring towns.

Accommodation

With no luxury accommodation available in the Shire of Menzies, this will be the large barrier to success for the Gala Dinner event. Two options that may resolve this issue are, engaging a Glamping company to provide onsite accommodation at the Lake Ballard Reserve, or provide coaches to transport guests back to Kalgoorlie-Boulder, with their various high-quality accommodation options.

Site Access & Infrastructure

There are multiple factors when considering outdoor events that may have an impact on the surrounding environment, such as temporary structures, vehicle access, toilet and ablutions blocks. Additionally with no power available at the Lake Ballard Reserve for any event requiring lighting or audio generators will be needed.

13.2.6	Amendment Local Law 2022

OFFICER DISCLOSURE OF INTEREST	Council officers contributing to the preparation and approval of this report have no conflicts of interest to declare
ATTACHMENT	1. Amendment Local Law 2022 [13.2.6.1 - 2 pages]

SUMMARY:

To commence the process of amending various local laws in accordance with the undertakings given to the Parliamentary Joint Standing Committee on Delegated Legislation by Council resolution on 31 March 2022.

BACKGROUND:

The purpose of this report is to allow the Presiding Person to give notice to the meeting of the intention to make the proposed Amendment Local Law.

The *Local Government Act 1995* requires the following statements:

Purpose – to correct errors in local laws identified by the Joint Standing Committee on Delegated Legislation; and

Effect – to align the local laws with these requirements.

COMMENT:

The JSCDL identified mainly typographical errors, but requires the amendment of one local law within six months. As this amendment has to be made it was decided to include all amendments into a single local law to make all amendments required by the JSCDL as well as any consequential amendments necessary.

This Amendment Local Law makes the required amendments to the following local laws –

Cemeteries Local Law 2021

Dogs Local Law 2021

Health Local Law 2022

Meeting Procedures Local Law 2021

Public Places and Local Government Property Local Law 2022.

The statutory process is the same for making, amending or revoking a local law -

- Local public notice inviting public comment – minimum of 6 weeks
- During this time, submit to Department of Local Government
- At the end of public comment, summary of public comments and any changes recommended by the departments to Council for decision regarding those comments, and consideration of any changes to the draft local law
- final adoption of the amendment local law by Council
- publication in the Government Gazette
- local public notice to be given of the adoption, publication and commencement date of the local law
- submission all necessary documents to Parliamentary Joint Standing Committee on Delegated Legislation for its review.

The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed. The JSCDL will not review the draft until after it has been formally adopted, Gazetted etc.

Cr Sudhir Sudhir disclosed a financial interest as he will benefit as the Councillor attending, should the request be approved.

Cr S Sudhir left the meeting at 2.52pm.

SUMMARY:

To consider a request by Cr Sudhir Sudhir to participate in the Elected Member professional development course Professionally Speaking, through WALGA on 13 July 2022.

BACKGROUND:

Elected Members are encouraged to take part in professional development and training to assist them in their role as community leaders and community representatives.

Cr Sudhir has indicated an interest in attending WALGA's next Professionally Speaking course. The course aims to help Elected Members when they are representing Council in the media, representing their community at Council meetings, or conveying important information, values, and objectives in any public speaking forum: from meetings to radio interviews to video conferences. As a result of completing this program, participants will emerge with the essential skills, knowledge and attitude to handle public speaking opportunities in a calm, prepared and professional way.

Professionally Speaking is a one-day course delivered through face-to-face training, in Perth. The course fees are \$525 inc GST and Cr Sudhir has advised he will not require travel or accommodation.

COMMENT:

Council's Policy 1.12 Elected Members Ongoing Professional Development was developed in recognition of the complexity and demands on Elected Members in undertaking their role. It states the Shire is committed to resourcing Elected Members to support them in performing their duties of office and to enable attendance at conferences or to undertake professional development training relevant to their role and as required by legislation.

To ensure Elected Members are provided reasonable opportunity to participate in required, as well as ongoing, professional development, a budget provision is included annually to meet the costs of registration, travel and accommodation. There are funds available in the 2021/22 allocation to meet the costs of the requested training.

In accordance with the policy, if attendance by Elected Member/s for professional development is considered in the best interest of the Shire, and where appropriate budget provision remains to facilitate attendance, the CEO is to prepare an agenda item for Council to consider.

Upon return from any professional development event as detailed within the policy, where registration and other associated costs are met by the Shire, the attending Elected Member is required to provide a written report on their attendance and the benefits to them and the Shire, to the CEO. The CEO is to record these reports in a register to support required annual reporting required by legislation.

ATTACHMENT	1. Compliance Calendar - March 2022 [14.2.1 - 2 pages]

SUMMARY:

The Compliance Calendar has been created to track and centralise important dates and deadlines associated with the *Local Government Act 1995* and various other legislation and reporting obligations the Shire is required to undertake.

BACKGROUND:

The Shire is committed to maintaining its governance and compliance obligations under its 'Leadership Strategy: Responsible management and good governance, leading an empowered community'.

To assist the Shire in meeting its obligations the Compliance Calendar, a dynamic document, has been introduced for reporting to Council on a monthly basis.

Senior staff update the Compliance Calendar which outlines the status and progress of tasks, providing Council with a clear and concise snapshot of the Shire's current position on its obligatory regulatory requirements.

COMMENT:

All items on the Compliance Calendar for March 2022 have been met.

SUMMARY:

This report provides a summary of works conducted by the Shire of Menzies in the month of March 2022.

BACKGROUND:

The Shire's works crew conducts and supervises a range of works. This report provides visibility in regard to the works program and issues arising through the works section.

COMMENT:

Maintenance Grading

Grading continued from Bulga Downs back along Menzies NW Road.

The section of road from SLK 43 to Lake Ballard was in poor condition and the grader, roller and water cart were sent out to repair this section.

Gravel was dumped on reservoir hill, both up and down roads and the grader, roller and water cart were used to upgrade the roads.

Grading recommenced on Menzies NW Road above Lake Ballard.

Gravel has been stockpiled at Rodeo grounds for future use.

Further grading will be required near Lake Ballard when roads dry out sufficiently.

Contract Work

Sealing was carried out on Menzies Evanston Road and at Marmion Village. One Council-owned house driveway was also sealed.

Grate components taken to Mt Celia Road for installation.

Airstrips

Windsock still not available for Kookynie. Airstrip in good condition apart from minor damage by cattle.

Menzies strip suffered damage by motorist on strip. Partially repaired.

Work Health and Safety

There were no incidents reported involving safety.

Covid remains a problem with staff affected.

Fire extinguisher and fire blanket training was carried out with all available staff involved.

Heavy rain resulted in Menzies NW Road and Menzies Evanston Road being closed for a short time.

Depot

New depot offices arrived and have been assembled. Power has been laid to new offices, with water and sewer booked for first week of April.

Tourist Sites and Truck Bay

Lake Ballard, Niagara Dam, Truck Bay and Caravan Park have all been well maintained and will be further improved ready for Easter Weekend.

Town Works and General Maintenance.

Town has generally been kept in a tidy state, though some weed and grass growth needs attention.

SUMMARY:

To advise the council of the activities of the Environmental Health Officer / Building Surveyor for the month of March 2022.

BACKGROUND:

The Environmental Health Officer / Building Surveyor undertakes inspections in the Shire of Menzies in relation to legislative requirements as set out in the *Public Health Act 2016*, *Building Act 2011* and associated regulations.

COMMENT:

The following is a report of the monthly activities extracted from the report to the Chief Executive Officer from David Hadden, Environmental Health Officer / Building Surveyor.

Building

A building application from Instant Trans portables was processed in early March for the new Shire Depot Office.

Expecting a building application for a new village camp in the Mt Ida locality as a number of enquiries have been dealt with.

Dealt with many various enquiries relating to building services.

Health

Continuing to monitor the Premier's media releases and Emergency Management Directions in an effort to determine how they affect local authorities in the Goldfields to enable Council to provide advice to local business proprietors to ensure they comply with the changing controls around Covid-19 and Omicron.

The owner of a Reid Street property in Menzies has made contact regarding correspondence sent requesting waste soil and rubbish removal from the two properties. It is expected that the materials will be removed in the near future as requested.

Processed a plumbing application for the new septic system that will service the new Shire Depot office.

There is evidence of waste oil and bitumen waste being dumped at the shire refuse site. Windblown waste is blowing around the site and outside the fenced area which is required to be collected weekly and buried. Putrescible (household) waste is not being covered in accordance with licence conditions which is allowing waste to blow away when windy conditions are experienced. The putrescible cell appears to be full requiring covering while a new cell will be required to be excavated to receive further townsite waste.

Dealt with many various enquiries relating to health services.

- 6 unpowered sites
- A Block – 3 male, 3 female & 1 disabled toilet/shower
- B Block – 3 male, 3 female & 1 disabled toilet/shower
- 2 washing machines & dryers

Youth Centre and General Community Services

After school, youth engagement activities were held once at the beginning of March 2022, and 6 youth attended the arts and craft activities. More youth activities were planned; however, swimming classes were also held that month, and the turnout for after-school activities is usually extremely low. Therefore, youth activities during the school swimming classes were held off, then the COVID-19 outbreak hit towards the end of the month which postponed all activities.

Community Catch-Up and Activities

There was no community catch-up held in March, as it was decided that it would be held every 2 to 3 months. The Menzies Community Resource Centre (CRC) organised an International Women's Day High Tea on 8 March 2022 and invited Nurse Joy Oliver to speak. Harmony Day celebration was postponed due to the COVID-19 outbreak within the community around late-March. The Shire is following the Department of Health instruction and will reassess the situation in the month of April-May on when it is appropriate to restart community activities.

The meeting commenced at 10.32am.

Brian Joiner assumed the position of Acting Chair with agreement of the meeting.

2. RECORD OF ATTENDANCE

Brian Joiner (A/Chair)
Gaye Money
Simon Poole
Cheryl Poole

3. APOLOGIES

Nil.

4. TERMS OF REFERENCE

A draft Terms of Reference (ToR) was provided to the group. The ToR was amended to reflect that a Council Member would not be sitting on the group. The selection process for Chair was included to read 'the Chair is nominated from within the group and will hold the position for twelve (12) months'.

The group agreed to the ToR: 4/0.

5. NOMINATION AND ELECTION OF CHAIR

The Acting Chair asked for nominations for the position of Chair. Gaye Money was nominated unopposed and will take up the Chair from the next meeting.

6. DRAFT MENZIES ARTS STRATEGY

The formulation of a Shire of Menzies Arts Strategy was discussed. The Strategy would consist of an overarching framework and then sub-sections relating to Menzies, Kookynie and Tjuntjuntjara. Brian Joiner will seek Council approval for funding to develop the strategy.

Development of a strategy could be conducted by locals and there are advantages to that occurring. The group would be consulted as part of the development and with the production of draft documentation.

7. GENERAL BUSINESS

Kookynie Head Frame: Brian Joiner to investigate where it is located and how this could be incorporated into an entry statement.

Tourism Signage Review: Brian Joiner was asked about this project and discussed the LRCI funded project.

Tourism Strategy: Brian Joiner gave an update on this and the Destination Marketing Plan. An undertaking was given to discuss with the group when consultation went out to the community.

Land next to the pub: A question was asked about the land next to the pub as per a Council report from the March OCM. It was not expected that any land transfer would occur within the next eighteen (18) months.
