THE SHIRE PRESIDENT'S REPORT

On the Monday morning of the 15th August 2022, the Acting Chief Executive Officer and myself, along with President Malcolm Cullen, Shire of Coolgardie staff and the City of Kalgoorlie Boulder Chief Executive Officer and staff met with the Federal Assistant Minister for Senior Citizens for Social Services, Justine Elliot MP. The Assistant Minister is in the Goldfields for a week meeting with the Local Government and discussing the cessation of the Cashless Debit Card following the last Federal Election. It is anticipated there will be few problems transitioning out of the CDC card for those recipients on the benefits concerned as the numbers are very low in relation to the adjoining Local Governments.

On the morning of Thursday 18 August, Councillors attended a Risk Workshop with the Acting CEO. Following lunch the Briefing session was then held with those Councillors that were available.

As a follow up to preceding in person at Kalgoorlie on the Friday 19 August 2022, I joined a video conference hosted by Rick Wilson MLA, Federal Member for O'Connor. Those also participating were from the Local Governments of Leonora, Laverton, Coolgardie and Kalgoorlie who are all keen to keep the gains that have been made since the introduction of the trial of the CDC and the Federal Opposition plans to pursue the matter in Parliament.

Shire President

NATIVE TITLE RULING JOY

MADELEINE CLARK

There was a strong display of emotion outside Leonora on Tuesday morning as Judge of the Federal Court of Australia Mordecai Bromberg declared the Darlot Mob the rightful holders of the native title determination over a huge area of land in the northern Goldfields.

A makeshift courtroom was assembled on country near the Goldfields town, where 200 people travelled to witness the determination judgment of a native title agreement in favour of the Darlot Mob.

The application was made to the court by June Harrington-Smith, Verna Vos, Pearl Scott, Wayne Smith, Murray Harris, Maria Meredith, James Calyon, Dorothy Cooper and Joan Tucker.

Judge Bromberg said it was particularly momentous for the court to pronounce the application successful given the region's context.

Darlot Mob's emotional day

of "upheaval and untold misery inflicted upon its Aboriginal inhabitants".

He told the court the group had been working towards the agreement since 2018, with the final successful submission

stating the Darlot Mob had "multiple pathways" and connection to the land and water in the determination area.

Claim member Verna Vos said the momentous judgment was "huge" for her family, with the emotions she felt too strong for words to sum up.

"(This is) something that is going to strengthen our identity for the future generations," she said.

"I couldn't wait until this (the formal proceedings) is over because then I can breathe.

"It has been about being focused and ensuring I don't lose

sight of why this is important."

The determination area will encompass all lands and waters covering about 22,000km of land north of Menzies, inclusive of Leonora, and Lake Darlot to the east of Leinster.

The Darlot Mob take their name from the ephemeral Lake

Darlot and the abandoned town of Darlot, also known as Woodarra, in the central-northern part of the determination area.

The Watarra Aboriginal Corporation is the prescribed body corporate and trustee of the native title on behalf of the claimants.

Waalitj

FOUNDATION

Celebrating CDP remote based participants Gaining Skills and Qualifications

The Waalitj Foundation recently celebrated 14 Community Development Program (CDP) participants and 3 staff members from Laverton, Mount Margaret, and Leonora Communities (Yaaliku Region WA) through a Certificate Ceremony held at the Laverton Training Centre (An Initiative of Australian Potash). WA Regional Development Minister Alannah MacTiernan presented all students with Certificates on the day, acknowledging the training provided solid career pathways.

Nationally Accredited Vocational Training units in Senior First Aid, Basic Machinery and Ranger Training delivered by Central Regional TAFE formed part of a Certificate II in Rural Operations, tailored to align with genuine on-country Northern Goldfields employment opportunities. This targeted approach allows locally accessible training with flexibility for students along with a culturally supportive learning environment.

Coordinated efforts commenced earlier this year (March 2022) as a broader partnership between the Waalitj Foundation CDP Program Manager Bianca Corclulo, Mac Jensen (Laverton Training Centre Manager) and Sarah Sullivan (Australian Potash) working closely with lead Activity Supervisors Garry Adams and Chris Hedlam.

"Through consistent dedication in engaging with students and their families, both Chris and Garry as lead Activity Supervisors have been able to retain 100% of attendance. Their work as leaders and mentors to students across local communities is commendable on every level" Bianca Corclulo, Waalitj Foundation.

From March this year, a number of Waalitj students have secured employment as a direct result of training, whilst other local businesses employing Waalitj participants are looking to increase capacity of their current employees.

Further planning and consultation continue into 2023 across the Region with additional partnerships formed supporting pre-employability including support securing identification and driver training programs delivered through a partnership with the Department of Justice and Department of Transport and local Shire Councils. Aboriginal Open Days have been well attended by staff and local participants. In-house support across Waalitj offices Regionally will also support regularity of these services with a person-centred approach.

FOUNDATION

Successful Partnerships to bring additional wrap around support to the Region

A successful round of Aboriginal Open Days were held this month across Laverton and Leonora Communities in partnership with Department of Justice and Department of Transport Waalitj providing Community Services support.

Partnerships are being strengthened with local providers leveraging pre-employability support with assistance from Births, Deaths & Marriages, Obtaining ID, Fines Assistance/Sheriff Services and Centrelink advice as a 'one-stop shop' which were welcomed with steady numbers in attendance.

Waalitj will be measuring the success of these ventures, with efforts to bring regularity and additional in-house agency support to CDP participants with a person-centred approach.

Discussions are also underway around Driver Training Programs with program partners with more information to follow. Enquiries via: blancac@wf.org.au

SEVEN GOLDEN RULES FOR PROSPECTING

1.

Put safety first

- Make sure you have enough water, fuel, maps and first aid supplies.
- Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.

2.

Obtain a Miner's Right permit

when prospecting on vacant Crown land (\$25 from any Mining Registrar's office).

3.

Obtain a 40E permit

prior to prospecting within an exploration tenement (if you don't have written permission from the tenement holder).

4.

Get written permission

from the tenement holder when prospecting on:

- a mining lease
- an exploration licence (if you don't have a 40E permit)
- a prospecting licence

5.

Comply with all legal requirements

when prospecting on a pastoral lease. You cannot prospect within 100 metres of any occupied building or within 400 metres of any livestock watering point without the consent of the pastoralist.

6.

Show respect when on Crown land

because it is used by other people or set aside for many purposes.

7.

Fill any holes

that you dug and repair ground that has been disturbed.
