April 2024 | Issue 184

CEO's Message

Council Meeting notes

At its Ordinary Meeting held on 28 March 2024, the Council endorsed the following:

- Approved the sponsorship of the Cyclassic Event to be held in June 2024
- Adopted the Chief Executive

Officer's performance criteria metrics for the 2023-2024 performance period.

Warm Welcome to New Staff Members

We are thrilled to announce the addition of two talented individuals to our team: Sue Herwig and Lucy Bates. Sue joins us as a skilled gardener, bringing with her a wealth of experience and a passion for enhancing our outdoor spaces. Lucy, on the other hand, assumes the role of Caravan Park Caretaker, where she will oversee the maintenance and operations of our caravan park facilities.

President's Message

The greening of our area has been a welcome sight. However, along with the rain, we have also experienced some challenges, particularly in the form of damage to our roads.

During a recent visit to Niagara Dam, while it looked fantastic, I was deeply concerned about the water leakage through the dam wall. Niagara Dam stands as an iconic symbol of our region. It will be on my list of high priority work to get completed as we cannot lose such an icon for our area.

I have engaged with relevant ministers at both the state and federal levels to advocate for funding to improve Oak Valley road on behalf of the Tjuntjuntjara community.

On 8 March, I attended the Northern Goldfields Working Group (NGWG) meeting in Leonora. The main points of discussion were on strategies to promote the sustainable growth and prosperity of our Northern Goldfields region.

On 18 March, I attended a Budget workshop at the Shire Council chambers. This workshop was instrumental in shaping our financial priorities and ensuring that our resources are allocated efficiently to meet the needs of our community.

On 22 March, I participated in the Goldfields Voluntary Regional Organisation of Councils (GVROC) meeting via Teams, which was hosted in Esperance.

While it is not far from Easter, please drive safe and have a very Happy Easter.

Paul Warner
Shire President

Works Report (to 22 March)

The past two months have seen extraordinary rainfall figures, particularly in the Kookynie region.

Mt Remarkable Road and Malcolm Road were the worst affected by the late January rain with high damage also on Kookynie Yarri Road.

To date Mt Remarkable Road and Kookynie Yarri Road from Cranky Jack Road to Yarri Road are not fit to travel and further report will be made. Kookynie Road itself was covered by silt in 18 places.

Our contract grader has been working on Kookynie Yarri Road to Cranky Jack intersection, then Cranky Jack Road, then Yarri Road. The Western side of the Highway did not experience anywhere near as bad damage and our grader operator has recently completed Evanston Road up to Bullfinch Road,. My thanks go to David McQuie who repaired washouts near Cashmere Downs and to Aurenne Mining who repaired a section of Mt Ida Road.

In town we have been experiencing delays in garbage collection as we await delivery of a new hydraulic pump. This has been dispatched from Perth and should arrive shortly. In the meantime staff have been using both our waste truck and utilities to collect garbage.

The wet weather has also resulted in heavy weed and grass growth around town and crews are not keeping up with the growth. Hopefully this will be helped by the fact that we have employed a gardener to work on gardens and lawns. The gardener is also working on improving the look of the town by improving garden beds.

We are waiting on priced prior to ordering a hard cover for the water park and a new sail for the playground area.

We have also been carrying out improvements, including fencing, to various council properties. Our Building Maintenance Officer has also been heavily involved with restoration of the Town Hall and CRC building.

Raubex/Roads2000 are currently carrying out road widening to Goldfields Highway between Menzies and Cane Grass Swamp and, at the request of Main Roads, are using Depot grounds for their own office buildings. They have their own padlock access to the Depot yard.

Garth Marland
Works Manager

Ordinary Meetings of the Council 2024

The public is advised that pursuant to Regulation 12(1)(a) of the *Local Government (Administration) Regulations 1996*, the following dates, times, and locations have been approved by the Council for Ordinary Council Meetings for the period ending 31 December 2024.

| Date | Time | Location |
|-----------------------|------|---------------|
| Wednesday 24 April | 1 pm | Menzies |
| Thursday 30 May | 1 pm | Menzies |
| Thursday 27 June | 1 pm | Menzies |
| Thursday 25 July | 1 pm | Menzies |
| Thursday 29 August | 1 pm | Menzies |
| Thursday 26 September | 1 pm | Tjuntjuntjara |
| Thursday 31 October | 1 pm | Menzies |
| Thursday 28 November | 1 pm | Menzies |
| Thursday 19 December | 1 pm | Menzies |

Published Council meetings are open to the public, except when stated, and prior notice will be given of any Special Meetings that are called,.

Glenda Teede
Chief Executive Officer

Menzies Skatepark

Consultants will be coming to Menzies in April to confirm the location of the new Menzies Skatepark and work on a Public Tender.

Shire of Menzies hopes to have chosen the contractor by August, with works to begin by the end of 2024

Community Bus

The Community Bus will be leaving from the Shire of Menzies office every Thursday at 7am.

Stops will include Kalgoorlie Regional Hospital, Coles and Woolworths. Departing from Kalgoorlie at 12pm.
The cost is free.

Please reserve your tickets at the Menzies CRC or by phone: 9024 2702

Anzac Day

THURSDAY APRIL 25

**The Dawn Service will be held
at 6:00AM at the
War Memorial & Menzies Town Hall**

We remember heroes and what
they gave for our tomorrow.

Followed by tea & coffee

Australians recognise 25 April as a day of national remembrance, which takes two forms. Commemorative services are held across the nation at dawn – the time of the original landing, while later in the day, former servicemen and servicewomen meet to take part in marches through the country's major cities and in many smaller centres. Commemorative ceremonies are more formal, and are held at war memorials around the country. In these ways, Anzac Day is a time at which Australians reflect on the many different meanings of war.

THE LUCKY COUNTRY

AMAZING AUSTRALIAN TALES OF PURE DUMB LUCK
EAMON EVANS

The happy accident that created wi-fi. The well-placed piece of coral that saved the Endeavour from sinking. The stroke of luck that made Hugh Jackman Wolverine.

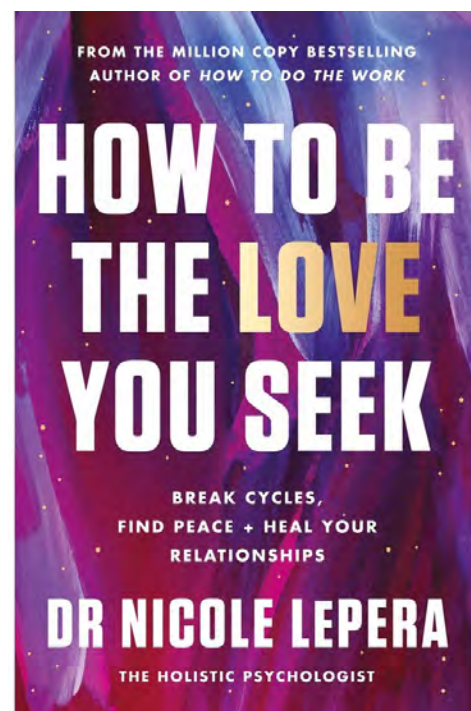

Australia may be known as 'the lucky country', but just how accurate is that description? Turns out, very. From the Gold Rush to Stephen Bradbury, our history is full of times when lady luck made a spectacular appearance. Now, Eamon Evans dives deep to deliver the most hilarious, fascinating tales of the Australians who were almost too lucky to be believed.

The Home Herbal: Restorative Herbal Remedies for the Mind, Body, and Soul

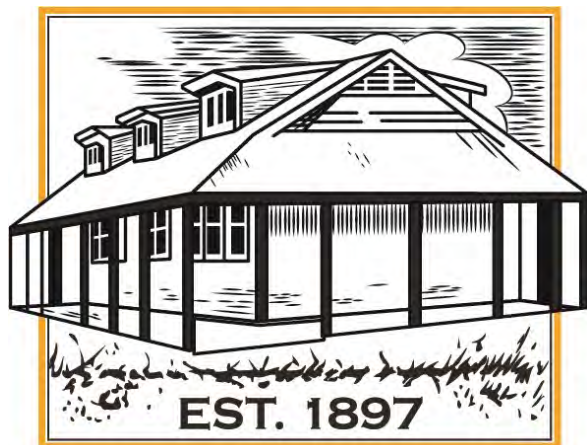

The Home Herbal: Restorative Herbal Remedies for the Mind, Body, and Soul

This book is your indispensable companion to self-healing with herbal

Relationships have always been essential to human survival. Our bodies and brains are programmed to seek out connection, whether familial, romantic, or platonic.

And yet these vital bonds are often at the root of our deepest suffering. While our hearts are primed for compassionate connection, our nervous systems – which store all our past hurts and disappointments – are wired for threat and negativity.

MENZIES COMMUNITY SCHOOL

Pukulpa Nintirrinkula
Happy Learning

From the principal:

What a term we have had. Here are some of the highlights:

- Staff and students learning Key Word Sign and Auslan
- Ms Gregory and Mr Pinker getting married.
- Being accepted into the Scaling up Success program for the students in Years K-2
- Having the high schoolers attend a camp to S.I.D.E to meet their teachers.
- Having school photos
- Celebrating Harmony Day
- Being part of the Stephan Michaels Foundation interschool carnival

I can't wait to see what next term brings. On that note, I would like to say a big thank you to Miss P for coming to Menzies for Term One. She has brought so much enthusiasm to the school. Next term, we welcome Ms Ford to the Wanampi class. Ms Ford has been teaching in the Goldfields for many years and we are lucky to have her knowable and experience here next term.

Also – next term there will be a meeting regarding camp in Term Four and the criteria for being invited.

From the Yilpa Classroom:

It has been a busy and fun term in the Yilpa classroom! Mrs Morgan has thoroughly enjoyed getting to know the amazing students, staff and families of Menzies Community School!

In Science, the students have enjoyed learning about reptiles, with lots of hands on experiences. The bush day was a lot of fun and a great way to finish off our learning about this topic.

In Humanities and Social Science (HaSS), the children have been sharing lots of fun facts about themselves and how they like to celebrate special events with their families. The students have even made their own chocolate Easter eggs and Easter cards to give to their family.

The students have engaged with lots of hands on learning experiences in Maths. They are now super talented at writing numerals from 0 to 10. They are learning the days of the week in order, and are just starting to learn that their eyes have super powers and can see how many of a collection, without having to count! This is called subitising and the students will continue to learn and practice this skill in Term 2.

The highlight of the term has been our morning mat sessions where we sing songs (sometimes even with a microphone!) and continue to build strong and respectful relationships.

It has been a fantastic term and we are very excited to see what Term 2 will bring us!

The students and staff in Yilpa hope everyone has a safe and relaxing Easter.

From the Wanampi Classroom:

Term 1 has been busy and exciting in Wanampi! Science saw us exploring into reptiles and had a few amphibian guests (Desert Tree Frogs) join our room. Our bush day was a success, with students finding lizards, goanna burrows, kangaroo tracks, dingo tracks, snake tracks and completed a real life cow parts jigsaw puzzle

Place value was the maths focus for the term. Lots of fun activities, but the classroom shop and bank session was our favourite. Wanampi now know how to trade money and complete purchases.

In English we had a turn at writing our own story books to have our very own Wanampi library. We also started looking into persuasive texts, writing a letter to convince Mrs Irving on an activity on camp we MUST do.

In HASS, students learnt about the different levels of government and can now provide examples of what each government (local, state and federal) are responsible for.

From the Marlu Classroom:

Marlu students recently had the opportunity to visit their teachers at the School of Isolated and Distance Education (SIDE).

We travelled to Perth on the Monday. On Tuesday morning students went to school. After school, we played mini golf and laser tag. On Wednesday, we had our lessons, and were meant to ride go karts after school. That activity was cancelled. (A bush fire close to the track led to evacuation.) We took a train to the city and wandered about for the afternoon. After school on Thursday, we went shopping at the Carousel, before dinner at Kings Park.

In The Garden — Warren

In The Garden April.

Did you hear it ?

Did you smell it ?

Did you dance to it ?

Did your driveway flood ?

All in all the rain gave us something to smile about and made for a welcome change in conversation across the neighbourhood. The plants in our gardens are still singing away happily after the long awaited rainfall and of course growing like weeds. Indeed some are weeds. When you arrive into our township it is now a field of green that welcomes you, not just the red dirt, and it continues all throughout our Shire.

A Wonderful way to start Autumn .

This month we feature a most adaptive, resourceful and innovative gardener. Warren took on the challenge of saving some already established trees on his block that through years of neglect looked likely to remain stunted, or worse. However, with daily watering and the addition of some soil conditioning and TLC his trees have resurrected themselves, rewarding him with new foliage, flowers and developing fruit.

The standout would have to be the Fiddlewood trees, after months of watering they now shade the new Pot garden beautifully. As you can see by the photo we have a recycling guru showcasing some of his ideas of what makes garden beds or planters boxes. Old baths have now become wicking beds. Tyres are 'in' again, just like the old days... painted and then filled to the brim with plants...although he hasn't made any swans! Old poly pipe cut and painted with some artistic flair now displays a wonderful feature at the front of the garden, planted out with a mix of herbs and flowers and the bird bath completes the idyllic scene.

In The Garden — Warren

At his recycling best is Warren's awesome shade house constructed from poly pipe, tin and covered in shade cloth (90% blackout). This houses a raised garden bed, again all constructed from found objects and growing inside an abundance of thriving Snow peas, cucumbers, tomatoes, basil, Vietnamese mint, radishes and also a strawberry plant (that still is fruiting even though we had all those 40c days)! Naturally this shade house also houses his seedling trays to which will be invaluable when we finally get the cold frosty days ahead.

Amazingly all of Warren's garden and its features are above ground, using recycled containers of many and varied types, all put to good use as a plant holder of some sort.

In The Garden — Warren

What about the Avocado tree also in a pot, Warren germinated this himself from a seed and it now looks in great health. So does the mandarin tree.

However there is one mystery plant that is in the ground and that has really benefited from the care and regular watering and that is this amazing little succulent. It has been divided and replanted wherever Warren has found space, under trees and in pots, even in a crack in the concrete paving. What a survivor. On one plant alone there are now 18 blooms that basically open daily to reveal this wildly pretty, 5 petaled, deep burgundy flower. It has been blooming continuously for the past 4 months. What a legend.....just like its Gardener.

Till next month. May the grass always be greener on YOUR side of the fence.

**A COMMUNITY IS ONLY
AS STRONG AS ITS PEOPLE.**

HELP YOURS BY BECOMING A ST JOHN AMBULANCE WA VOLUNTEER TODAY.

What's involved? Driving ambulances, transporting patients, providing first aid or helping out with administration are just a few of the roles when you volunteer with St John Ambulance WA. As a Volunteer you will be supported every step of the way and given all the training necessary to fulfill your role. Training is conducted to a level at which you feel comfortable, confident and ready to assist.

Why volunteer? By donating your time you can make a real difference and give something back to your community. Not only do you get the satisfaction of helping others, but you also gain important skills and experience. No matter what your motivation, being a St John Ambulance WA Volunteer is a great way to get involved in your community and help change lives.

To find out more about making a real difference in your community visit www.stjohnchangelives.com.au or call **1800 069 393**.

- Public Library
- Community Postal Agency
- StarTrack Courier

1080 BAITING in this area is a risk to domestic pets

Using 1080 poison are carried out across Western Australian, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

DO NOT RELY ON WARNING SIGNS
WARNING SIGNS ARE PLACED WHERE
APPLICABLE HOWEVER THEY MAY BE
DAMAGED, REMOVED, VANDALISED OR
DESTROYED.

1080 baiting is part of an integrated pest management program protecting livestock from death and injury reducing the impact on pastoral and agricultural production, and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.
