**SHIRE OF MENZIES**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31st Aug 2015**

**1. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies which have been adopted in the preparation of this statement of financial activity are:

**(a) Basis of Accounting**

This statement is a special purpose financial report, prepared in accordance with applicable Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

**(b) The Local Government Reporting Entity**

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

**(c) Rounding Off Figures**

All figures shown in this statement are rounded to the nearest dollar.

**(d) Rates, Grants, Donations and Other Contributions**

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(e) Goods and Services Tax**

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

**(f) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

**(g) Trade and Other Receivables**

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**SHIRE OF MENZIES**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31st Aug 2015**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(h) Inventories**

***General***

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs of necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

***Land Held for Resale***

Land purchased for development and/or resale is valued at the lower of the cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**(i) Fixed Assets**

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

**(j) Depreciation of Non-Current Assets**

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	5.00%
Furniture and Equipment	10.00%
Plant and Equipment - Heavy	15.00%
Plant and Equipment - Sundry	25.00%
Electronic Equipment	25.00%
Tools	20.00%
Infrastructure - Grids	4.00%
Infrastructure - Floodways	6.00%
Pavement	2.50%
Seal	6.67%
Curbing	2.00%
Other Infrastructure	2.00%

**SHIRE OF MENZIES**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31st Aug 2015**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(k) Trade and Other Payables**

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the local government prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

**(l) Employee Benefits**

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

**(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)**

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

**(ii) Annual Leave and Long Service Leave (Long-term Benefits)**

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

**(m) Interest-bearing Loans and Borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

***Borrowing Costs***

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

**(n) Provisions**

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

**(o) Current and Non-Current Classification**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

**Comments - Rating Information**

All land except exempt land in the Shire of Menzies is rated according to its Gross Rental Value (GRV) in town sites or Unimproved Value (UV) in the remainder of the Shire.

The differential rates detailed above for the 2014/15 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

William Buck	10%	2%	15%	9%	24.5%	60.5%

#### SUMMARY:

Currently Council does not have a policy in place in regards to service levies for kerbside waste collection. This report recommends that the draft policy attached be adopted.

#### BACKGROUND:

A kerbside waste collection service is currently provided to the townsites of Menzies and Kookynie on a weekly basis. The majority of households use the service and a minority elect not to.

Those households that choose not to have waste collected by the Council service are not charged for the service.

Many local governments charge an annual fee, in residential areas if the service passes a property, irrespective of whether bins are collected or not.

Generally commercial kerbside waste collection is optional and if the service is not utilised a fee is not charged. In most situations the reason for the non-compulsory service fee is that commercial areas generate considerably more waste and property owners make their own arrangements for the removal of the waste.

#### COMMENT:

As indicated above the current practice in the Shire of Menzies is to charge an annual waste collection fee only if the service is utilised.

Administration believes a "compulsory" charge should apply irrespective if a household is utilising the service or not, the reason being that landfill sites in the Shire are open at all times but not manned, therefore a fee is not paid for the disposal of waste at these landfills.

It may be that those households not currently utilising the kerbside collection service are disposing waste into landfill at no charge. In addition to this there is no reliable method to determine if all kerbside bins collected are subject to a paid service.

Whether Council chooses to impose a "compulsory" service charge or not a policy reflecting Council's decision should be in place.

**STATUTORY ENVIRONMENT:**

Previously the Health Act 1911 provided Council the power to set waste collection fees for the purpose of providing for the proper performance of all or any of the waste services it provides. In 2007 the Waste Avoidance and Resource Recovery Act was implemented by the WA Government which now provides the power for Council to impose a waste collection rate across the Shire and/or townsites.

The WARR Act 2007 allows Council to impose a waste collection rate as follows:

- 1) A local government may impose on rateable land within its district, and cause to be collected, an annual rate for the purpose of providing for the proper performance of all or any of the waste services it provides.

**POLICY IMPLICATIONS:**

Council currently has no policy in relation to this matter.

**FINANCIAL IMPLICATIONS:**

The current budget includes income of \$6,350 from kerbside waste collection and expenditure of \$30,736.

**STRATEGIC IMPLICATIONS:**

Nil

**VOTING REQUIREMENTS:**

Simple majority

**OFFICER'S RECOMMENDATION:**

**That Council:**

1. **Impose a waste collection charge against all properties in the Menzies and Kookynie townsites, used for residential purposes, commencing 1 July 2016; and**
2. **Adopt the attached draft policy – 8.1 Compulsory Waste Collection Service.**

### **8.1 Compulsory Waste Collection Service**

#### **Introduction**

**Objective** To provide an equitable and financially sustainable waste collection service

**History** New Policy 24 September 2015

#### **Policy Statement**

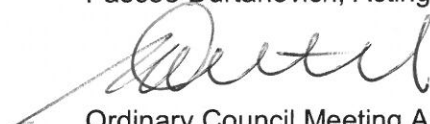

1. In accordance with the Waste Avoidance and Resource Recovery Act 2007, Section 66(1), Council will impose a compulsory annual waste collection charge for all properties used for residential purposes in the Menzies and Kookynie townsites.

### 12.4.1 MENZIES MATTERS – COST OF PRODUCTION

#### ATTACHMENTS:

A copy of the Menzies Matters will be tabled.

#### SUMMARY:

Council has previously resolved to review the cost of printing the Menzies Matters. This report recommends the production of the Menzies Matters continue and be printed in colour, as required.

#### BACKGROUND:

This matter was first raised with Council in August 2014 regarding the actual cost of producing the Menzies Matters (MM) in full colour.

Actual costs per copy to produce were estimated to be in the vicinity of \$5.00-\$6.00 each.

A decision was made by Council in August 2014 to begin a three month trial period during which the MM would be produced in black and white as a free copy but all coloured copies would be charged for at a cost of \$1.00 each.

When the matter came up for consideration again in December 2014, Council extended the trial period until April 2015 to further evaluate the trial.

The charge of \$1.00 per copy did not meet with the public's approval and as a result, very few coloured copies sold. The black and white copies also received some disparaging remarks regarding its appearance and appeal.

Attempts to direct the public to the Shire website or email list to obtain a coloured copy were not successful.

In essence, the public would read the MM if it is in colour but do not like it in black and white and do not want to pay for a copy.

The matter was again considered at the 30 April 2015 Council Meeting and it was resolved that the matter be deferred until the May 2015 Ordinary Council Meeting for further consideration of the trial.

#### COMMENT:

For the last few months the Community Resource Centre has been producing the MM in black and white apart from the front and back cover plus the pages with photos. Over 100 copies are printed. These are distributed to the Menzies Hotel, the Outback Café, Grant Hotel Kookynie and the rest are available on the counter at the CRC. They are received very well and go very quickly. Usually more are printed during the month. At present the CRC produces the MM with funding from the Department of Regional Development.

At approximately 30 to 40 pages per edition the printing costs are in the vicinity of \$6.00 per copy or up to \$600.00 per 100 copies.

Given the popularity of the publication it is recommended that it continue.

It is more cost effective to print it all in colour when the time taken to sort black and white and colour is taken into account. If Council wishes to reduce the printing costs, this can be achieved by reducing the content, particularly the number of photographs and some of the unnecessary information.

#### **4.5 Ms Carey Hobson Livestock Biosecurity Network Regional Officer (10.45am)**

The Livestock Biosecurity Network (LBN) is a national independent industry initiative established by the Cattle Council of Australia, Sheepmeat Council of Australia and Wool Producers Australia. There is one LBN Officer in each State and Territory. LBN's purpose is to provide livestock producers with the necessary tools and useful information to manage disease (endemic and exotic), pest and weed events on their farms.

The pilot project commenced in 2013 and will be reviewed in February 2016, to identify if further funding will be provided after June 2016.

Although the LBN's charter is directly to livestock producers, pests, disease and weeds have no boundaries and effect all land users and the environment as a whole.

The LBN has requested an opportunity to meet with Member Councils to connect with the local governments and to identify resources available in relation to biosecurity, to work with these resources and to value add or plug gaps as and if necessary.

Member Councils will talk via videoconference with Mr Fabian Vleer from go2 GUIDES on the benefits of using mobile phone apps to improve local government operations and communications with their residents.

Of interest to the discussion is that through go2 GUIDES the Local Government Association of Queensland has recently launched the LG App store. It works by curating a catalogue of apps that can be useful to local authorities, apps that, for example, help them communicate better with the public. The new store is essentially a way to assist councils to sift more effectively through the millions of apps available.

## **6. GVROC BUSINESS**

### **6.1 Goldfields Esperance Regional Blueprint**

**Reporting Officer:** Don Burnett, CEO City of Kalgoorlie-Boulder  
Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 7 July 2015

**Attachments:** Nil

**Background:**

In early July the Goldfields Esperance Development Commission (GEDC) requested time to meet with GVROC's Member Councils to discuss priorities for the region and the draft regional blueprint.

An invitation has been extended to both the Chair and CEO of the GEDC to meet with Member Councils at the GVROC Council Meeting to be held in Perth on Wednesday 5 August 2015. The GEDC's CEO will be attending but as yet the GEDC has yet to confirm whether its Chair is available to attend.

**Executive Officer Comment:**

Whilst the draft of the regional blueprint has yet to be released for public comment, Don Burnett, CEO City of Kalgoorlie-Boulder, has requested the matter be listed for discussion at the GVROC Technical Officers Working Group Meeting.

**Consultation:** Nil

**Voting Requirement:** Simple majority

The matter is presented for consideration by Member Councils.

**RESOLUTION:**                      **Moved: Ian Fitzgerald**                      **Seconded: Steve Deckert**

## **6.2 Regional Road Group Funding**

**Reporting Officer:** Don Burnett, CEO City of Kalgoorlie-Boulder  
Darren Wallace, Manager Engineering City of Kalgoorlie-Boulder  
Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 10 July 2015

**Attachments:** Nil

### **Background:**

At the GVROC Technical Officers Working Group Meeting held Friday 6 March 2015 Member Councils considered the problems associated with the pending cuts to regional road group funding. At this time there was general agreement that the figures provided by Main Roads WA were incorrect and required further investigation, with the matter being resolved as follows:

**RESOLUTION:** *Moved: Peter Crawford* *Seconded: Jim Epis*

*That GVROC write to the State Advisory Committee to:*

- 1. Advise that the figures used to calculate cuts to the Goldfield Esperance Region's regional road group funding were inaccurate and request their urgent review; and*
- 2. Request that a review of and improvement to the process for showing actual expenditure for road works be undertaken.*

**CARRIED**

### **Executive Officer Comment:**

In liaising with Darren Wallace, Manager Engineering City of Kalgoorlie-Boulder, the Executive Officer has been advised that a request to the review the data used to calculate regional road group funding would not be agreed to as all funding allocations have been determined and there will be no changes.

Darren Wallace also advised that there has been a remarkable improvement in the regions completion rate this year as evidenced figures provided by Main Roads WA. Below is the final breakdown of the outstanding funds breakdown from the Goldfields Esperance Regional Road Group 2014/2015 Report.

<i>13/14 Outstanding</i>	<i>233,767</i>
<i>Direct Grant Outstanding</i>	<i>0</i>
<i>RRG Projects</i>	<i>106,346</i>
<i>Remote Projects</i>	<i>23,100</i>
<i>Major Projects</i>	<i>200,000</i>
<i>State Black Spot Projects</i>	<i><u>28,110</u></i>
	<i><b>591,323</b></i>

This is considered the region's best completion rate for a number of years.

Given the above information the Executive Officer believes that no further action be taken on this matter.

**Consultation:** Nil

**Voting Requirement:** Simple majority

### **RECOMMENDATION:**

That no further action be taken by GVROC with respect to its request to the State Advisory Council to review the data used to calculate regional road group funding for the Goldfields Esperance Regional Road Group.

**RESOLUTION:**                      **Moved: Matthew Scott**                      **Seconded: Paul Webb**

### **6.3 Country Local Government Fund – 2012/2013 Regional Group Projects Applications – GVROC Solar PV Project and the GVROC LED Streetlight Project**

**Reporting Officer:** Don Burnett, CEO City of Kalgoorlie-Boulder  
Ryan Wilson, Sustainability Officer City of Kalgoorlie-Boulder  
Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 17 July 2015

**Attachments:** GVROC Regional Energy Project Update

**Background:**

The need to develop renewable energy and energy efficient projects was recognised by Member Councils as early as 2012. At the GVROC Council Meeting held on Wednesday 1 August 2012 Member Councils resolved as follows:

**RESOLUTION:** *Moved: Cr Cullen Seconded: Cr Petz*  
*That for the 2012/2013 round of regional CLGF funding, the Goldfields Voluntary Regional Organisation of Councils:*

**CARRIED**

Since that time GVROC has worked on finalising its applications for funding for what has become known as GVROC's "renewable energy and energy efficient projects".

The City of Kalgoorlie-Boulder has been the Lead Council for the various projects developed.

**Executive Officer Comment:**

The City of Kalgoorlie-Boulder's Sustainability Officer, Ryan Wilson has provided a report which provided project updates. This report forms an attachment to the meeting agenda.

Don Burnett, the City of Kalgoorlie-Boulder's CEO will also present a report on financial modelling undertaken for both the LED Streetlights and Solar PV projects.

**Executive Officer Additional Comment:**

Ryan Wilson provided Member Councils with an update on both the GVROC Solar PV Project and the GVROC LED Streetlight Project.

He also provided an overview of a project being undertaken by the not-for-profit group Goldfields Environmental Management Group (GEMG).

GEMG have engaged Talis Consultants to complete a regional waste data study for the Goldfields region with the purpose of identifying opportunities for improving waste management practices. The area covered by the study is basically the same as that covered by GVROC.

Talis Consultants would like an opportunity to brief GVROC's Member Councils on the project. This would come at no direct cost to GVROC councils. GEMG hopes that Member Councils would be willing to participate in the study and do their best to provide the data that the consultants will be seeking over the coming months. The GVROC logo would appear on any communications to stakeholders involved in the study.

**Consultation:** Nil

**Voting Requirement:** Simple majority

**RECOMMENDATION:**

That the GVROC Regional Energy Project update be noted.

**RESOLUTION:** Moved: Richard Brookes Seconded: Ian Fitzgerald

That the GVROC Technical Officers Working Group recommend to the GVROC Council that:

1. GVROC write to the Economic Regulation Authority to request more information on the latest LED lighting tariffs;
2. The Project's media consultants, Mango Leadership, be asked to undertake a broader range of media coverage for the LED lighting project;
3. Further financial modelling be undertaken in order that GVROC can look at expanding the Solar PV project; and
4. That GVROC write to the Treasurer and Minister for Energy, Hon Mike Nahan MLA, seeking resolution to the issue of the imposition of a "gift tax" on the City of Kalgoorlie-Boulder and the Shire of Ravensthorpe on the installation of LED lighting within their communities by Western Power, requesting that the "gift tax" be waived as was done for the installation of LED lighting in Member Councils where Horizon Power is the electricity service provider.

**CARRIED**

It was also agreed that Talis Consultants would brief the GVROC Technical Officers Working Group on the project to complete a regional waste data study for the Goldfields region at the meeting to be held on Friday 4 September 2015.

## **6.5 Wild Dog Control across the GVROC Region**

**Reporting Officer:** Matthew Scott, CEO Shire of Esperance  
Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 13 July 2015

**Attachments:** Media Release from Hon Mark Lewis

### **Background:**

Councils across the GVROC region are all, though to varying degrees, impacted by the problem of wild dogs.

Following discussion on the issue at the GVROC Council Meeting held Friday 19 June 2015, Member Councils resolved as follows:

**RESOLUTION:** *Moved: Cr Cullen* *Seconded: Cr Goldfinch*

*That an invitation be extended to Hon Liz Behjat MLC, Chair Standing Committee on Public Administration, to meet with GVROC at its August Meeting to discuss the Committee's report into recreational hunting in Western Australia.*

**CARRIED**

**RESOLUTION:** *Moved: Cr Goldfinch* *Seconded: Cr Hill*

- 1. That GVROC call on the State Government to establish a management authority, funded through Royalties for Regions, to oversee the control and management of feral animals and declared plants outside the agricultural regions thereby preventing them from becoming established within the agricultural regions.*
- 2. Request that WALGA look to establishing a policy forum to investigate the problems being faced by local governments across the State with respect to the management and control feral animals and declared plants.*

**CARRIED**

### **Executive Officer Comment:**

An invitation has been extended to Hon Liz Behjat MLC, Chair Standing Committee on Public Administration, to meet with GVROC Council on Wednesday 5 August 2015. At the time of compiling this agenda item for the GVROC Technical Officers Working Group Meeting a response had not been received from Ms Behjat's office.

Work on the second resolution has commenced.

Following the GVROC Council Meeting in June, Matthew Scott, CEO Shire of Esperance, drew the Executive Officer's attention to a recent press release by Hon Mark Lewis MLC, Member for Mining and Pastoral Region, on the establishment of a working group to develop an action plan for wild dog control in Western Australia.

The Shire of Esperance has requested that discussion be had as to whether it would be appropriate for GVROC to make a submission to this new working group.

The Executive Officer believes given the increasing concern around the control and/or eradication of feral animals, such as wild dogs, and declared weed species, such as "prickly pear", there may be value in making a submission to the working group as it looks to develop an action plan for wild dog control.

**Consultation:** Nil

**Voting Requirement:** Simple majority

**RECOMMENDATION:**

That the GVROC Technical Officers Working Group recommend to GVROC Council that a submission be made to the working group working on the development of an action plan for wild dog control in Western Australia.

**RESOLUTION:**                      **Moved: Matthew Scott**                      **Seconded: Paul Webb**

**That the GVROC Technical Officers Working Group recommend to the GVROC Council that WALGA be requested to hold a State-wide forum on issues around biosecurity and its likely impact on local governments across the State.**

GEMG have engaged Talis Consultants to complete a regional waste data study for the Goldfields region with the purpose of identifying opportunities for improving waste management practices. The objectives of the Study are to provide:

- A foundation for the collection of waste data; and
- Data that will assist waste infrastructure planning, policy development and improvement of waste management systems in the region.

It is considered critical to the study that Councils within the region are consulted, as it is common for them to be the largest managers and handlers of waste. A workshop on the project will take place in Kalgoorlie on the Friday 16 October 2015. Whilst GVROC's Member Councils will be invited to the workshop, Talis Consulting believe there is value in presenting to the GVROC prior to this workshop.

### **6.3 Controls over second hand transportable dwellings in town planning schemes**

**Reporting Officer:** Matthew Scott, CEO Shire of Esperance  
Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 1 September 2015

**Attachments:** Email from Gray and Lewis Land Use Planners to the Shire of Esperance and others

**Background:**

As can be seen in the email that forms an attachment to the meeting agenda, there is concern that the soon to be gazetted Town Planning Regulations 2015 will adversely impact upon a number of Councils throughout the State. This concern arises from verbal advice provided that a transportable dwelling is now included in the definition of a single house.

WALGA is aware of the concern that Councils have and is seeking comment from the Department of Planning (the Department).

Whilst there was consultation in the development of the new planning regulations, WALGA's advice is that there was consultation but was not as much as they would have liked. In terms of obtaining comment from individual local governments the Department only contacted the Cities of Perth, Rockingham and Wanneroo.

WALGA has also advised that the new regulations will result in many questions being raised. As such, the training sessions the Department are running will be important to go to or to email through specific queries to the Department, otherwise it will be unclear how the changes will affect each local governments local planning scheme.

**Executive Officer Comment:**

Member Councils might wish to discuss whether any further action on this matter is required.

**Consultation:** Nil

**Voting Requirement:** Simple majority

**It was as agreed that the Executive Officer would circulate the new planning regulations, with Member Councils to provide feedback on how their Councils might be impacted by the new regulations to her no later than Monday 14 September 2015.**

**Disclosure of Interest:** Nil

**Date:** 1 September 2015

**Attachments:** Nil

**Background:**

Over the past 6-12 months GVROC has invited a number of its parliamentary representatives and department heads to its meetings. - Hon Mark Lewis MLC, Member for Pastoral Mining Region;
- Ms Gail McGowan, Director General Department of Planning; and
- Mr Richard Sellers, Director General Department of Mines and Petroleum.

In preparing for the meeting and ensuing discussions with each of those listed above, Member Councils need to consider the topics for discussion as each will require briefing notes on issues to be discussed prior to the GVROC Meeting on 8 October.

**Executive Officer Comment:**

Topics that could be listed for discussion include:

- Town Planning Regulations 2015;
- The Goldfields Esperance Economic Blueprint;
- The Goldfields Esperance Revitalisation Fund; and
- The inability of agencies such as the Department of Environment to provide advice as they have done in the past.

The matter is presented for discussion.

**Date:** 1 September 2015

The increase was noted on the WALGA President's June Report as follows;

#### ***Increase to the Emergency Services Levy***

*The State budget has authorised an increase in the Emergency Services Levy (ESL) in the order of 10.8%. The Association is concerned that this represents an extraordinarily large increase when compared to rises in previous years.*

*WALGA understands that this substantial increase in the ESL is to offset a significant reduction in funding of the Department of Fire and Emergency Services (DFES) from consolidated revenue. This increase will see an additional \$31.3 million injected into the DFES budget via ESL funds, whilst the budget papers reflect a \$15.6 million reduction from consolidated revenue.*

*The Association has written to the Minister for Emergency Services, seeking clarification on the funding allocation via ESL as we understand the ESL budget increase is primarily due to an extension of activities funded by the ESL. The Association has requested a meeting with the Minister and the Fire Services Commissioner to clarify the additional activities and the impact these will have on funding for Local Governments in 2015/16.*

Whilst the above comment was made no outcome of the correspondence and/or meeting with the Minister for Emergency Services has been provided to Member Councils.

In a recent article in the West Australian Newspaper (30 July 2015) it was commented that the ESL has increased by 81% in seven years but "that hadn't resulted in the same increase in funding for the frontline because the Government quietly halved its allocations".

The article also commented "Last financial year 78.6 per cent of DFES's total cost of services was met by property owners through the ESL. The Government is budgeting for that proportion to reach 91.2 percent by 2018/2019."

It would seem that the average household's ESL has risen from \$144 to \$266 since the Barnett Government came to office and based on forward estimates will increase further over the next several years.

Given the ongoing increases that are likely to occur the ESL should be an issue that is pursued by WALGA to ensure that future increases are limited to CPI and that the State Government does not continue to reduce the appropriation from consolidated revenue.

Both the Central and Great Eastern Country Zones considered the impact of the ongoing increase in the ESL at their recent round of meetings. The Great Eastern Country Zone resolved as follows when it met on Friday 28 August 2015:

**RESOLUTION:** *Moved: Cr Hooper* *Seconded: Cr Strange*

- 1. That the Great Eastern Country Zone note the continuing disproportionate increases in the Emergency Services Levy and request that WALGA develop a strategy to advocate to the*

*State Government for a return to the original intent of the funding arrangements including an increased allocation from consolidated revenue.*

- 2. That the Great Eastern Country Zone through its Member Councils prepares a petition to the President and Members of the Legislative Council of the Parliament of Western Australia seeking to have an inquiry into the disproportionate increases in the Emergency Services Levy and the decline in the proportion of funding from consolidated revenue.*

## **6.6 Review of Local Government Water Services Licensing**

**Reporting Officer:** Helen Westcott, Executive Officer

**Disclosure of Interest:** Nil

**Date:** 1 September 2015

**Attachments:** Nil

### **Background:**

Currently the Department of Water (DoW) is undertaking a review of Local Government Water Services Licensing. The aim of the review is to:

- Identify the extent and nature of any compliance issues in Local Government water services,
- Assess options for reducing the regulatory burden on Local Government, and
- Identify options for increasing the capacity of Local Government to provide the water services.

Twenty Councils across the State, including the Shire of Ravensthorpe, are currently licenced for water service provision, predominately the provision of waste water treatment (sewerage) and non-potable (re-use) water services. All of these have been contacted by the DoW and have had their issues and concerns noted as part of the review.

A major concern for some of these Councils is that the current levels of water licence and asset management systems compliance is disproportionate to the number of services that are provided with no consideration given to the administration burden it places on small local governments. The water licensing framework applies equally to all licence holders, regardless of the size and complexity of their water service.

The State Government determined in 2010 that small local government water service providers (with fewer than 1 000 connections) would not be required to pay the license fees. Instead, it was decided that these fees would be funded by the State Government. The Department of Treasury wrote to local governments on 11 July 2013 to confirm this arrangement.

The Executive Officer understands that affected Councils recognise they are exempt from the payment of fees but are more concerned at the cost of ensuring compliance with the water licensing framework being applied equally to all licence holders, regardless of the size and complexity of their water service.

WALGA Officers will be making a submission to the review and would appreciate the support of the Zones in bringing this issue to the notice of WALGA State Council before a recommendation is made to the Minister for Water.

### **Executive Officer Comment:**

This matter was brought to the attention of the Central Country Zone by the Shire of Brookton when it met on Friday 28 August 2015, with the Central Country Zone resolving as follows:

**RESOLUTION:** *Moved: Cr Crute*

*Seconded: Cr Lange*

*That the Central Country Zone advises WALGA State Council of its concerns and issues with the current regulatory and compliance burden imposed on Local Governments by the Economic Regulation Authority under the Water Services Act (2012) and seek for WALGA to advocate for a full exemption for non-metropolitan local governments with less than 1,000 connections.*

**CARRIED**

WALGA Officers will be making a submission to the review and would appreciate the support of the Zones in bringing this issue to the notice of WALGA State Council before a recommendation is made to the Minister for Water.

Whilst too late for the September WALGA State Council Meeting if Member Councils were interested to contribute to the debate information could be sent directly through to WALGA or correspondence prepared and forwarded directly to the Minister for Water.

The matter is presented for decision.

**RESOLUTION: Moved: Ian Fitzgerald**

**Seconded: Paul Webb**

**That the GVROC Technical Officers Working Group recommend to GVROC Council that GVROC advise WALGA State Council of its concerns and issues with the current regulatory and compliance burden imposed on Local Governments by the Economic Regulation Authority under the Water Services Act (2012) and seek for WALGA to advocate for a full exemption for non-metropolitan local governments with less than 1,000 connections.**

#### SUMMARY:

Council is requested to adopt additional policies to enable effective and efficient management of Council resources and to assist staff in decision making.

#### BACKGROUND:

Nil

#### COMMENT:

Council has a number of Policies in place which give guidance to Administration in the management of Shire activities. Policy statements enable the day to day management of Council affairs to be undertaken by Administration, allowing Elected Members to concentrate on major strategic issues.

The three additional policies proposed are:

#### 1. Staff Recruitment – Permanent, Part and Full Time

The policy statement is basically the procedure currently followed by administration. Adopting as policy for this purpose will ensure an ongoing, consistent approach to staff recruitment when senior management changes.

#### 2. Investments

The Council does not have a policy on investments, however, the process is outlined in the delegation to the Chief Executive Officer.

The purpose of this policy is to clarify the process, with in affect only one significant change, that is, to ensure funds are only invested in the four major banks.

#### 3. Financial Management – Payment of Accounts and Purchasing Authority

This policy provides a clearer direction on officer responsibilities and authority. It also gives tighter control of budget expenditure to the Chief Executive Officer.

**CONSULTATION:**

Public consultation is not required in respect to the policies proposed.

**STATUTORY ENVIRONMENT:**

There are no statutory obligations.

**POLICY IMPLICATIONS:**

If the proposed policies are adopted by Council the policies will be included in the Policy Manual.

**FINANCIAL IMPLICATIONS:**

There are no known financial implications.

**STRATEGIC IMPLICATIONS:**

**OFFICER'S RECOMMENDATION:**

**3.7 Staff Recruitment – Permanent, Part and Full Time**

**4.9 Investments; and**

**4.10 Financial Management – Payment of Accounts and Purchasing Authority Limits**

Identified as attachments 12.5.2 Attachments 1, 2 and 3 be adopted.

### **3.7 Staff Recruitment – Permanent, Part and Full Time**

#### **Introduction**

##### **Objective**

The Recruitment Policy has the following aims and objectives:

- To ensure all recruitment procedures comply with Council's equal opportunity policies and legislation;
- To ensure that all appointments are made on merit;
- To attract sufficient applicants, experience and qualifications deemed as being necessary for the job;
- To develop and maintain procedures which will assist in ensuring the appointment of the most suitable candidate;
- To ensure the recruitment procedures are clear, valid and consistently applied by those involved in recruitment and that they provide for fair and equitable treatment for those who apply for employment;
- To base selection decisions and criteria directly to the demands and requirements for the job and the competencies identified as necessary for satisfactory performance;
- To ensure that all employees involved in the recruitment and selection process are properly trained in order that the objectives of the policy are met; and
- To observe any legal requirements which apply to the recruitment and selection process.

History                      New Policy      24 September 2015

- The creation of a new position through organisational expansion or restructure.

##### **Recruitment Sources**

All positions created or becoming vacant shall be advertised, advertising will be internal and external.

12.5.3 Attachment #2 Delegation 2.5 – Investment of Surplus Funds

#### SUMMARY:

The purpose of this item is to consider minor amendments to a number of delegations granted to the Chief Executive Officer.

#### BACKGROUND:

Nil

#### COMMENT:

It is assumed that Councillors have a copy of the Delegation Register, however, for the purpose of this exercise a copy of the affected delegations of authority are attached.

The Chief Executive Officer is not seeking additional delegation of authority, the purpose of this report is to seek amendments to existing delegations to clarify the extent of delegated authority.

It is proposed that Delegation 2.5 Investment of Surplus Funds be deleted and replaced with the following:

#### DELEGATION NUMBER 2.5

##### INVESTMENTS

The Chief Executive Officer is delegated authority to invest money held in the municipal, trust or reserves funds that are not required for the time being for any other purpose. The Chief Executive Officer, when exercising this delegation, shall do so in accordance with Shire of Menzies Investment Policy 4.9.

**Investment Register maintained by the Manager Finance and Administration  
– End of Delegation**

**SEEKING EXPRESSIONS OF INTEREST**

**DELEGATION**

Tender Register

It is proposed that Delegation No. 2.2 Acquisition of Assets and Goods/Services – Tender for Supply be amended by including the following under the Delegation Statement:

6. Determine, in writing, the criteria for deciding which tenders should be accepted and give Statewide public notice in accordance with Regulation 14.
7. Unless otherwise specified by a Resolution of Council, the Chief Executive officer is delegated authority to accept a tender when the consideration involved does not exceed \$100,000 provided that appropriate provision is made in Council's Budget.

The purpose of Delegation 2.2 is to enable the Chief Executive Officer to invite tenders without having to first obtain Council approval to do so. Because Regulation 14 states the Council must determine the criteria for deciding which tender should be accepted the existing delegation is pointless unless the proposed delegation (6) above is granted.

**SUMMARY:**

Advice has been received from the Department of Lands that it is proposed to revoke the existing Management Order for Reserve 49153, issued to the Lake Ballard Association Inc and issue a new Management Order to the Shire of Menzies, subject to a Committee of Council being established for the management of the reserve.

This report recommends that an Advisory Committee be established in accordance with the Department's request.

**BACKGROUND:**

Reserve 39153 is vested in the Lake Ballard Association (Inc). For a number of years the reserve has been managed jointly by State and Local government through the Lake Ballard Association.

Over the past two years Council has pursued a change in the Management Order for Reserve 49153 to enable the Shire of Menzies to have more direct management control.

The most recent Council decision on this matter was on 25 September 2014, wherein it was resolved as follows:

That Council Resolve:

1. To write to the Minister for Lands seeking his approval to grant the Shire of Menzies a Management Order for the Lake Ballard site, with the following conditions being a commitment by the Shire of Menzies to that Management Order,
2. Should the Minister make a Management Order for the Lake Ballard site in the name of the Shire of Menzies, Council would establish a Committee of Council to make recommendations to Council regarding the Lake Ballard site;
3. The Committee would be known as the Lake Ballard Committee;
4. That the makeup of the Lake Ballard Committee would be as follows:

- a. Four members to be as determined by the Traditional Owners (in consultation with the Menzies Aboriginal Corporation);
  - b. Four current serving Members of the Shire of Menzies;
  - c. The Shire of Menzies Chief Executive Officer be appointed as support to that Committee; and
5. That other parties be permitted to attend the Lake Ballard Committee Meetings in the role of observers only, without voting rights.

**COMMENT:**

The issuing of a Management Order in favour of the Shire of Menzies is subject to the following:

- (i) The term of the Management Order to be ten (10) years
- (ii) A Committee of Council to be established to make recommendations to Council regarding the Lake Ballard site
- (iii) The Committee to be known as the Lake Ballard Committee; and
- (iv) The Lake Ballard Committee to be made up of the following:
  - a) Four members to be as determined by the Traditional Owners
  - b) Four current serving Members of the Shire of Menzies
  - c) One representative from the Goldfields Esperance Development Commission
  - d) One representative from Tourism Australia; and
  - e) One representative from the Art Gallery of Western Australia

Given Council initiated the request for a change in the Management Order it is appropriate that Council accept the conditions set by the Department of Lands despite the fact that composition of the proposed Committee does not totally reflect the Council decision of 25 September 2014.

The Committee proposed is in fact an Advisory Committee which can be established under Section 5.9 of the *Local Government Act, 1995*.

The following operational guidelines are recommended for the new Committee:

1. **Name**  
Shire of Menzies Lake Ballard Management Advisory Committee.
2. **Governing Legislation**  
The Committee is established under Section 5.9 of the Local Government Act, 1995.
3. **Membership**

  - Four current serving Members of the Shire of Menzies
  - One representative from the Goldfields Esperance Development Commission
  - One representative from Tourism Australia
  - One representative from the Art Gallery of Western Australia
4. **Objective**  
The objective is to maintain the sculptures and the landscape "canvas" in an environmentally, culturally, socially and economically sustainable manner.
5. **Terms of Reference**  
To advise the Shire of Menzies on the management of Reserve 49153 and the assets thereon, in accordance with the Lake Ballard Management Plan.

#### SUMMARY:

The purpose of this report is for Council to consider additional information in respect to the outsourcing of the CRC and Caravan Park operations.

#### BACKGROUND:

The operation of the CRC has been considered by Council on a number of occasions in the past twelve months. At the meeting on 26 March 2015 Council resolved as follows:

*That Council:*

- 1. Receive the report on the Review of Services for the Lady Shenton and Community Resource Centre; and*
- 2. Form a Committee of Council including interested community members to review the operation of the Community Resource Centre and set strategic direction for events, culture and tourism.*

It is understood that this decision was not acted on.

At the 25 June 2015 Ordinary Council Meeting Item 12.5.7 it was resolved as follows:

*That:*

- 1. Council seek expressions of interest for a contractor to be granted a lease of the Lady Shenton/CRC and caravan park;*
- 2. The lessee be provided opportunity to conduct a private business from the premises; and*
- 3. The lessee be required to operate the Freight Service, the Post Office, the CRC and Library as a part time contracted employee of the Shire, and the part time employment contract be subject to receipt of grant funding for the CRC.*

At the Ordinary Council Meeting held 27 August, 2015 Council resolved as follows:

*That:*

1. *The Expression of Interest for the operation of the Lady Shenton CRC and the Menzies Caravan Park, from Ms Laura Dwyer, be received; and*
2. *Prior to further consideration of invitation to tender the Acting Chief Executive Officer prepare a report on the operation / accountability of the CRC aspect of any contract arrangement, costs associated with any building upgrading requirements and Caravan park leasing arrangements.*

As further background the following information is noted. The content was provided to McLeods Barristers and Solicitors for advice on legal ramifications. McLeods have documented the information as the basis for their advice.

- (a) the Shire is vested with care, control and management of Crown land Reserve 32312 (Lot 555 on Deposited Plan 63650 being the whole of the land in Qualified Certificate of Title Volume LR 3156 Folio 761) for the purpose of Caravan Park (Reserve 32312).
- (b) the Menzies Caravan Park is located on Reserve 32312;
- (c) the Menzies Visitor Centre and the Community Resource Centre are situated together in the CRC building which is located next to the Menzies Caravan Park, on land owned in fee simple by the Shire known as Lot 41 on Deposited Plan 222795 being the whole of the land comprised in Certificate of Title Volume 599 Folio 198;
- (d) Council currently operates the Menzies Caravan Park, the Visitor Centre and the Community Resource Centre;
- (e) the Menzies Community Resource Centre delivers a number of community activities including providing postal and freight services;
- (e) the Shire receives a grant of \$100,000 per annum from the State Government for the operation of the Community Resource Centre;
- (f) to improve and increase the ongoing service delivery of the Menzies Caravan Park, Visitor Centre and Community Resource Centre, Council invited expressions of interest for the operation of the Menzies Caravan Park, Menzies Visitor Centre and the Menzies Community Resource Centre;
- (g) one expression of interest has been received, which proposes:
  - (h) the expansion of the Menzies Caravan Park, Visitor Centre and Community Resource Centre to include a commercial café to enhance the business and create a profitable venture that attracts people to the town and provides further services to the local community;

- (ii) the implementation of a healthy school lunch program; and
- (iii) an upgrade of the Community Resource Centre website and organisation of training courses to enhance the services offered;

**COMMENT:**

When considering this matter Council needs to be aware of additional information that was not available at the August 2015 Council Meeting.

Firstly, Council can contract out the CRC operation, the operator of the CRC does not have to be an employee of Council. This has been confirmed by the Department of Regional Development.

Secondly, the State Government grant for the operation of the CRC was not mentioned in the Expression of Interest, therefore if the operation of the CRC is undertaken by contract a new tender would be required because the contract would exceed \$100,000.

After considering the nature of the facilities and the issue of the grant funding for the CRC, McLeods have provided the following advice and recommendations.

“The most appropriate option to achieve the Shire's objectives will depend on the level of involvement the Shire and the parties wish to have in the day to day operations of the site and services. The Shire has indicated that Council wishes to outsource the management of the site and functions.

Given the nature of cafes and Caravan Parks as commercial businesses, the operations can differ quite significantly from the operation of a visitor centre and community resource centre. It might be more appropriate to consider splitting the functions, with a Lease provided to the operator of the Caravan Park and Café contained in the CRC building, with the Shire engaging a third party operator to act as the Manager for the Visitor Centre and Community Resource Centre.

Under such an approach, the Shire could retain greater control over the Visitor Centre and Community Resource Centre whilst outsourcing the day-to-day management of the facilities. Ultimately, by entering into a Management Contract with the third party, the Shire will be able to set greater requirements for the operator to ensure that the grant conditions are met. If the Shire preferred for the site to be operated by one operator, this could still be achieved with the Shire entering into separate agreements with the same operator in respect of the different functional areas and services.

After considering the nature of the facilities and the provision of grant funding for the Community Resource Centre, we have set out our recommendations to achieve your stated key objectives for each facility below.

Visitor Centre and Community Resource Centre

The most appropriate agreement to achieve the Shire's objectives in outsourcing the management of the site whilst ensuring the ongoing satisfaction of the grant conditions and requirements would be for the Shire to engage an operator to act as the Manager and enter into a management contract with the provider.

Under this arrangement the Shire would have the care, control and management of the Visitor Centre and Community Resource Centre, however appoint a Contractor to manage the premises for the Contract Term, on the terms and conditions set out in a management contract.

This agreement will enable the precinct to be operated in accordance with strategic plans and the objectives set by Council and as determined by the State Government in the provision of funding.

The Shire will be able to set the customer service requirements, as well as ensuring that any planning, business management and financial reporting requirements include requirements for annual business plans to be developed for the Shire's approval, benchmarking and key performance indicators.

The Shire could also include terms relating to corporate identity, advertising and promotion to ensure that the precinct is operated in accordance with any strategic plans set by Council or upon the yearly objectives set as a requirement of the grant.

#### Cafe/Caravan Park

A lease may be a more appropriate form of agreement for commercial businesses such as a café and Caravan Park. As discussed above, a lease would enable the occupier to hold an exclusive right of continuous possession and the absolute right of control and occupancy during the term of the lease.

Although the Café is proposed to be contained in the CRC Building along with the Community Resource Centre and Visitor Centre, a Lease could be granted over a portion of the CRC Building.

The terms of any upgrade of the existing kitchen or refurbishment can be set out within the Lease along with the provision of accommodation for the caretaker of the Caravan Park.

As the Caravan Park is located on Crown Land, additional issues may arise if the Shire anticipates receiving a commercial return for the Lease of the Caravan Park. Where management bodies of Crown Land are leasing land to commercial operators on commercial terms and returns, the Department of Lands is increasingly requiring that land to be excised from the reserve and made the subject of a head lease from the State to the local government. The purpose of such an arrangement is to enable the State to charge a rent from the Local Government and thereby obtain a portion of the commercial return from the land. This may not be applicable depending on the proposed terms of the Lease, however is something which needs to be considered.

#### **4. Benefits of implementing proposed option**

The proposed agreement options can provide a contractual base to achieve an increase in service delivery and key objectives of the Shire. We have set out the benefits of implementing the proposed options below:

- (a) day to day management at the Community Resource Centre and Visitor Centre will be the responsibility of a third party provider;
- (b) the terms of all agreements will be set out in legally binding contracts;
- (c) clear requirements and objectives can be set for all stakeholders;
- (d) entry into a management contract can provide for performance standards and set KPIs to ensure that operations of the Community Resource Centre and Visitor Centre are run in accordance with precinct's strategic plans and grant conditions;
- (e) entry into a management contract can assist the Shire and operator to fairly and reasonably manage a change in scope, such as a change in business plan, strategy or grant requirements annually upon review and approval by both parties; and

- (f) the Caravan Park and proposed Café can be leased on commercial terms.

#### **5. Commercial Tenancy Act**

It is also important to note that the granting of a lease to the Café will be subject to the Commercial Tenancy Act and the following requirements should be noted:

- (a) if the term (plus) option is less than five years then the lessee automatically has an option to renew the lease for a term of up to five years;
- (b) Disclosure Statement and a tenant guide must be provided to the lessee prior to entry into the lease;
- (c) it is not possible to prescribe opening hours or minimum opening hours;
- (d) it is not possible to have an absolute prohibition on assignment;
- (e) any refurbishment or refit the leased premises will be void unless the clause provides sufficient detail of the refurbishment or refit to indicate its nature, extent and the timing; and
- (f) any contribution towards the cost of any of the landlord's finishes, fixtures, fittings, equipment or services is void unless the tenant is notified of these costs in the Disclosure Statement given to the tenant.

#### **6. Caravan Parks and Camping Grounds Act 1995**

If the Caravan Park is to be operated by an individual or a company, other than the Shire, the operator will be required to apply for and maintain a licence under the Caravan Parks and Camping Grounds Act 1995. Under section 13 of the Caravan Parks and Camping Grounds Act, a person licensed to operate a facility must ensure, amongst other things that —

- (a) *a manager or other responsible person —*
  - (i) *resides in or near the facility;*
  - (ii) *is responsible for the supervision of the facility;*
  - (iii) *is accessible at all times in case of an emergency; and*
  - (iv) *where the facility is a caravan park, is available at the office of the caravan park during normal office hours.'*

#### **7. Actions required to implement new structure**

It is also important to note the actions that will be required to implement the proposed new agreements.

##### **7.1 Local Government Act 1995**

###### Lease over CRC Building

The Shire will also need to comply with section 3.58(3) of the Local Government Act 1995 (dealing with disposal of local government property) prior to entry into any lease.

We note that the Shire has advertised for expressions of interest. However as the terms of the disposal of the site have not been agreed or the form of agreement, the Shire would still need to comply with section 3.58(3) of the Local Government Act, prior to entry into any lease for the CRC Building.

###### Management Contract

Pursuant to section 3.57 of the Local Government Act 1995 (Tenders for providing goods or services), the Shire may be required to tender for the

management contract unless the Shire can satisfy one of exemption requirements in part 4 of Local Government (Functions and General) Regulations 1996.

If the Management fee is to be the same as the current funds provided for the grant from the State government (\$100,000 per annum) and if the contract term is longer than 1 year, this amount will exceed \$100,000 and under Clause 11 of the regulations the Shire will be required to publicly invite tenders for the management services.

## **7.2 Commercial Tenancy Act (Retail Shops) Agreements Act 1985**

The café will need to comply with the Commercial Tenancy Act. This means that the Shire will be required to provide a disclosure statement to the Lessee at least 7 days prior to entry into the lease."

### **Building Upgrade**

The issue of building upgrade mainly relates to the existing kitchen area, insofar as it would have to be upgraded to comply with Health Regulations and to provide a suitable work space for a café / restaurant.

A detailed quote can be obtained when the extent of the café / restaurant is known, however, based on industry standards the cost is likely to be in the vicinity of \$30,000.

In summary, based on the legal advice received the best way forward is for the Caravan Park and café / restaurant area in the CRC building to be under separate lease with the proponent, under private treaty arrangements and either tenders be invited for the operation of the CRC, under a separate contract or the proponent be engaged as an employee.

Disposing of property by private treaty will involve advertising costs, valuation expenses (current values would have to be obtained from a qualified Valuer for the Caravan Park and café / restaurant lease and staff time – cost estimate \$2,000.

Documentation preparation, contracts, leases etc would cost in the vicinity of \$5,000.

The kitchen upgrade costs would be subject to negotiations with the proponent.
