Christmas at the Youth Centre

To help get into the holiday spirit, we've redecorated the Ngalipaku Building Youth Centre in Christmas theme this month. Throughout December participant will also partake in a number of Christmas craft activities. Many of our participants are hugely excited for the Christmas holiday break and the new year.

The Best Christmas Movies

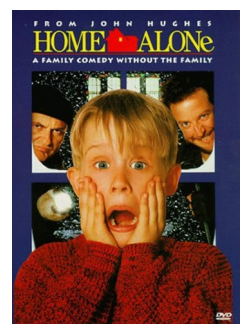

As nominated by the Nglipaku Building Youth Centre

One of our participants nominated *Let It Snow* as their favourite Christmas movie as they described as the most wholesome festive film they've ever watched.

Despite it being over thirty years old many Youth Centre participants still regard Home Alone as a classic Christmas movie full of laughs.

The animated remake of The Grinch is also a massive hit amongst the Youth Centre's regular attendees. The updated sound track was a particular point of interest, creating an tasteful modernization of a classic Christmas film.

Christmas Fun Facts

Rudolph's red nose is probably the result of a parasitic infection of his respiratory system.

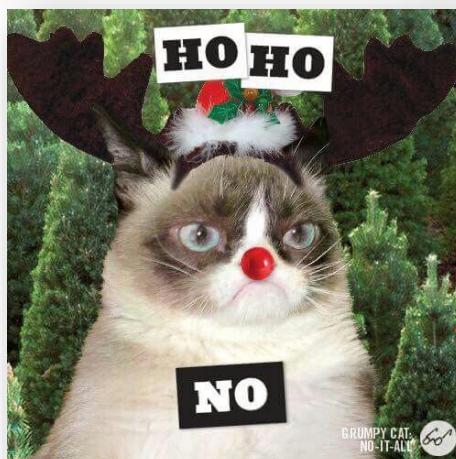

Two weeks before Christmas is the one of the two most popular times for couples to break up.

It is believed Germany began the tradition of the Christmas tree. Additionally, tinsel, which was once made of actual silver, is traced to 1610 in Germany.

All of the items in the song "The Twelve Days of Christmas" total 354 gifts.

Ukrainian Christmas tree decorations often include an artificial spider and web because they believe a spider web found on Christmas morning brings good luck.

Denny's restaurants in the United States originally stayed open all day and night, so their buildings were built without locks. In 1988, they decided to close on Christmas Day, but they could not lock the doors!

PEPPARKAKOR (SWEDISH GINGERSNAP BISCUITS)

Ingredients

250 g Butter room temperature
1 Tbsp Cinnamon
1 Tsp Ground Cloves
½ Tbsp Ground Ginger
½ Tbsp Freshly Ground Cardamom
180 g Caster Sugar
40 g Golden Syrup
60 g Molasses
75 mls Water
500 g Plain Flour
1 Tsp Bicarbonate of soda

Instructions

Blend the butter and all the spices in a large bowl.

Heat the sugar, molasses, golden syrup and water until the sugar has dissolved. Leave to cool for 10-15 minutes and pour over the butter mixture. Cool to room temperature.

Blend the flour and bicarbonate and the stir into the butter and sugar mixture. The mixture is fairly loose but it's now going to be refrigerated for roughly 8 hours, divide into 4 and wrap in clingfilm. This dough can be kept in the fridge for several days or indeed frozen for up to a 3 months.

Oven 190C fan. Take only a small amount of the dough from the fridge and lightly flour your surface and roll out the dough 2mm thick. Stamp out your shapes with your chosen cookie cutters. With the help of a thin bladed knife, transfer them carefully to lined baking trays. Bake once you've filled a tray. Bake the biscuits for 5-6 minutes. They should start to feel hard around the edges as they cool and eventually become really crisp – they need to have a nice 'snap'. Store in an airtight container for several weeks.

Notes

*If you are making Christmas decorations remember to make a hole for the ribbon or string to go through. Do this as soon as they come out of the oven, I use the tip of a very small piping nozzle.

Christmas Around the World

We had a spin around the globe to look at how Christmas is celebrated in different places all around the World.

Christmas has only been widely celebrated in **Japan** for the last few decades. Christmas is known as more of a time to spread happiness rather than a religious celebration. Christmas Eve is thought of as a romantic day, in which couples spend together and exchange presents. Fried chicken is often eaten on Christmas day. It is the busiest time of year for restaurants such as KFC so people often place orders at their local fast food restaurant in advance. The traditional Japanese Christmas food is Christmas cake, but it's not a rich fruit cake, is usually a sponge cake decorated with strawberries and whipped cream. While most businesses will treat the 25th as a 'normal' working day schools are usually closed on Christmas Day. This is majorly due to the fact that the Emperor's birthday (a national holiday) is on the 23rd December and there's also a school break for New Years.

In **Sweden**, Christmas begins with Saint Lucia Day on December 13. The date commemorates Saint Lucy (or Lucia in Scandinavian countries). Usually, the eldest daughter in the family portrays St. Lucia. They put on a white robe in the morning, wear a crown full of candles and personifying St. Lucia, she serves their parents buns, cookies and coffee. Christmas Eve, is known as Julafton in Swedish and it's the main day that Swedes celebrate Christmas. A traditional Christmas Eve dinner usually includes a smorgasbord, with ham, pork, or fish, as well as a variety of sweets. After the festive Christmas Eve dinner, someone dresses up as Tomte (a Christmas gnome) and hands out gifts to family and guests. The date of the Epiphany on January 6 is recognized as a religious holiday in Sweden and rounding out the end of the Christmas season is Hilarymas, also called Knut's Day or Tjugondag jul on January 13.

SEVEN GOLDEN RULES FOR PROSPECTING

1.

Put safety first

- Make sure you have enough water, fuel, maps and first aid supplies.
- Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.

2.

Obtain a Miner's Right permit

when prospecting on vacant Crown land
(\$25 from any Mining Registrar's office).

3.

Obtain a 40E permit

prior to prospecting within an exploration tenement
(if you don't have written permission from the tenement holder).

4.

Get written permission

from the tenement holder when prospecting on:

- a mining lease
- an exploration licence (if you don't have a 40E permit)
- a prospecting licence

5.

Comply with all legal requirements

when prospecting on a pastoral lease. You cannot
prospect within 100 metres of any occupied building
or within 400 metres of any livestock watering point
without the consent of the pastoralist.

6.

Show respect when on Crown land

because it is used by other people or set aside for
many purposes.

7.

Fill any holes

that you dug and repair ground that has been disturbed.

1080 BAITING IN THIS AREA IS A RISK TO DOMESTIC PETS

Please be advised that baiting programs using 1080 poison are carried out across Western Australia, including this area, and are aimed at controlling wild dogs, feral cats, feral pigs, foxes and rabbits. The poison baits remain toxic for many months. You need to exercise caution. Domestic pets should be kept close and under control at all times. Owners may consider the use of leads and muzzles for their domestic pets.

DO NOT RELY ON WARNING SIGNS

WARNING SIGNS ARE PLACED WHERE APPLICABLE,
HOWEVER THEY MAY BE DAMAGED, REMOVED,
VANDALISED OR DESTROYED

1080 baiting is part of an integrated pest management program protecting livestock from death and injury; reducing the impact on pastoral and agricultural production; and helping to preserve the unique flora and fauna of WA. Baits are not intentionally laid in public areas such as road reserves, parking bays, rest stops or roadhouses however can be inadvertently moved into these areas by animals and birds.

A Visit from St Nicholas

The children were nestled all snug in their beds,
While visions of sugar-plums danced in their heads.
And mamma in her 'kerchief, and I in my cap,
Had just settled our brains for a long winter's nap.

When out on the lawn there arose such a clatter,
I sprang from the bed to see what was the matter.
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.

The moon on the breast of the new-fallen snow
Gave the lustre of mid-day to objects below.
When, what to my wondering eyes should appear,
But a miniature sleigh, and eight tinny reindeer.

With a little old driver, so lively and quick,
I knew in a moment it must be St Nick.
More rapid than eagles his courses they com,
And he whistled, and shouted, and called them by name!

"Now Dasher! Now, Dancer! Now, Prancer and Vixen!
On, Comet! On Cupid! On, on Donner and Blitzen!
To the top of the porch! To the top of the wall!
Now dash away! Dash away! Dash away all!"

As dry leaves that before the wild hurricane fly
When they meet with an obstacle, mount to the sky.
So up to the house-top the coursers they fly,
With the sleigh full of Toys, and St Nicholas too.

And then, in a twinkling, I heard on the roof
The prancing and pawing of each little hoof.
As I drew in my head, and was turning around,
Down the chimney St Nicholas came with a bound.

He was dressed all in fur, from his head to his foot,
And his clothes were all tarnished with ashes and soot.
A bundle of Toys he had flung on his back,
And he looked like a peddler, just opening his pack.

His eyes-how they twinkled! His dimples how merry!
His cheeks were like roses, his nose like a cherry!
His droll little mouth was drawn up like a bow,
And the beard of his chin was a white as the snow.

The stump of a pipe he held tight in his teeth,
And the smoke it encircled his head like a wreath.
He had a broad face and a little round belly,
That shook when he laughed, like a bowlful of jelly!

He was chubby and plump, a right jolly old elf,
And I laugh when I saw him, in spite of myself!
A wink of his eye and a twist of his head,
Soon gave me to know I had nothing to dread."

He spoke not a word, but went straight to his work,
And filled all the stocking, then turned with a jerk.
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose!
He sprang to his sleigh, to his team gave a whistle,
And away they flew like the down of a thistle.
But I heard him exclaim, ere he drove out of sight,
"Happy Christmas to all, and to all a good-night!"

Tips For An Eco Friendly Christmas

Choose a gift that lasts— Avoid buying too much stuff that will end up being thrown out or unused. Instead, make every gift count by purchasing things with value, purpose and meaning.

Switch to eco-friendly wrapping paper— Switching to brown eco-friendly paper instead will help to minimize the high levels of waste produced at this time of year.

Re-use Christmas tree decorations or go second-hand— Unless your baubles are damaged or broken, do your best to reuse them each year.

Cut food waste— When you're food shopping, try plan ahead and avoid unnecessarily overbuying food. Instead of throwing out unused food see what you can freeze, donate to your local food bank or compost any other waste.

Consider buying gifts second hand— It's not the cost of the present that shows how special someone is, it's the thought that's behind it. Some people sell brand new items which were unwanted gifts or used only a couple of times and still look new.

ST JOHN AMBULANCE WA - SERVICE MEDAL AWARD

St John Ambulance Volunteer, Deb Pianto, last Thursday, November 5, received the Service Medal which is awarded for 10 years of volunteering service with St John.

Deb started her volunteering in Menzies on November 30, 2009, and after completing her Volunteer Ambulance Officer course with St John, Deb has continued her training to achieve the scope of practice of Emergency Medical Technician.

Since that time Deb has volunteered an average of 100 hours of ambulance call outs per year except for 2020 where circumstances meant that the Menzies Sub Centre had reduced in volunteer numbers.

As a thank you to Deb and all of our Goldfields Volunteers a Virtual Awards Ceremony was held at our Kalgoorlie Regional Office last Thursday. The medals were presented by Community Paramedic, Lauren Steels.

We were able to watch a TV presentation from our St John Belmont Head Office with special thanks being sent to all from St John Ambulance WA CEO, Michelle Fyfe and Premier, Mark McGowan as well as other special guests.

We had a fantastic night celebrating the great work our volunteers do for their communities.

Congratulations again to Deb for all that she does for the Menzies community.

Help drive Menzies forward

Emergencies don't have working hours, that's why we need more volunteer Drivers. If you're looking for a way to help, and love getting behind the wheel, this is the role for you.

You'll help with patient transfers, inter-hospital moves and RFDS transfers. And while this is mainly a driver-only role, you will still receive the training you need to assist an Ambulance Officer in an emergency.

We always need help, so to see how people exactly like you can contribute head to stjohnchangelives.com.au or give our Regional Training & Development Coordinator Claire Moyle a call on 9026 2003, or email claire.moyle@stjohnwa.com.au

Help keep your ambulance service strong in Menzies.

Life goes on.
Volunteer with St John.

Calling 000

Police, Fire or Ambulance

When you are transferred to the correct service you may be asked the following questions:
What is the address of the emergency? Street, cross reference or landmark will be required.

What is the telephone number you are calling from? This is in case your call is terminated or further information is required.

Tell me exactly what has happened? Provide a brief description of the problem.

How old is s/he? If unknown then approximate age.

Is s/he awake (conscious)? Yes or no answer required.

Is s/he breathing? Yes or no answer required.

The Communications Officer will then ask a series of further questions more specific to the problem identified. Answering these questions will ensure the most appropriate ambulance response is provided.

The Communications Officer will give you advice over the phone to assist the patient prior to the arrival of an ambulance. They may also ask you to turn on front lights if it is dark; if possible have someone wait out the front; and make sure the door is unlocked and open so the paramedics can enter.

Please remember to try and stay calm and speak slowly to the Communications Officer. Often an ambulance will be dispatched while you are still on the phone.

If in doubt you should always call triple zero (000). Sadly many people do not call for an ambulance as they are unsure of whether the situation is an emergency or they are concerned about the cost.

By calling triple zero (000), you may save someone's life.
